RE: Resolution regarding Lexington County Floodway

Dear Mr. Buckley:

The City of Cayce joins the Lexington County Council in requesting that FEMA use the Lexington BFE HEC 2 Model to reflect the floodway configuration in its Notice of Final Determination.

It is hope that the attached resolution will assist or expedite FEMA's ability to render a Notice of Final Determination that satisfies property owners along the Congaree River.

Sincerely,

Avery B. Wilkerson, Jr.
Mayor

CITY OF CAYCE)

WHEREAS, the City of Cayce has considered the long range economic implications of the floodway elevations and the models prepared by FEMA configuring the proposed floodway as it affects the City of Cayce and the economic development opportunities available on both sides of the Congaree River, and

WHEREAS, the City of Cayce has considered the critical impact, both commercially and residentially, of these elevations and floodways and desires that the remapping process by FEMA be completed.

NOW, THEREFORE, with the stipulation that the base flood elevations (BFE's) and the configuration for the floodway will not change in Lexington County from those shown in the September 26, 2000 study The City of Cayce requests that FEMA's Notice of Determination reflect a floodway for property in and on the Lexington County side of the Congaree River that is determined using the Lexington BFE HEC 2 model

Adopted this 5th day of December, 2000.

Avery B. Wilkerson, Jr., Mayor
