I. Compliance Review for Environmental Laws (other than NEPA)
A. National Historic Preservation Act (NHPA) Not type of activity with potential to affect historic properties. Activity meets Programmatic Agreement, December 3, 2004. Appendix A: Are project conditions required? ☐ Yes (see Section V) ☐ No Programmatic Agreement not applicable, must conduct standard Section 106 Review.
HISTORIC BUILDINGS AND STRUCTURES No historic properties that are listed or 45/50 years or older in project area. (Review Concluded) Building or structure listed or 45/50 years or older in project area and activity not exempt from review. Determination of No Historic Properties Affected (FEMA finding/SHPO/THPO concurrence on file) Are project conditions required?
ARCHEOLOGICAL RESOURCES Project affects only previously disturbed ground. (Review Concluded) Project affects undisturbed ground. Project area has no potential for presence of archeological resources Determination of no historic properties affected (FEMA finding/SHPO/THPO concurrence or consultation on file). (Review Concluded) Project area has potential for presence of archeological resources Determination of no historic properties affected (FEMA finding/SHPO/THPO concurrence on file) Are project conditions required Yes (see Section V) No (Review Concluded) Determination of historic properties affected NR eligible resources not present (FEMA finding/SHPO/THPO concurrence on file). Are project conditions required Yes (see Section V) No (Review Concluded) NR eligible resources present in project area. (FEMA finding/ SHPO/THPO concurrence on file) Are project conditions required? Yes (see Section V) No (Review Concluded) Adverse Effect Determination. (FEMA finding/ SHPO/THPO concurrence on file) Adverse Effect Determination. (FEMA finding/ SHPO/THPO concurrence on file) Resolution of Adverse Effect completed. (MOA on file) Are project conditions required? Yes (see Section V) No (Review Concluded) Averse Effect Determination. (FEMA finding/ SHPO/THPO concurrence on file)
Comments: The property has been determined by FEMA to be not eligible for listing in the National Register or located

within the boundaries of a National Register district. Concurrance with this determination was received from the SHPO dated [8/1/2006]. In keeping with this determination, the proposed project (repairs to Hoffman school) will have no effect

on historic resources. This concludes the Section 106 review for this project.

Correspondence/Consultation/References: NHPA effect determinations made by A. Martinez, FEMA Historic Preservation Specialist		
B. Endangered Species Act		
No listed species and/or designated critical habitat present in areas affected directly or indirectly by the Federal action.		
(Review Concluded)		
Listed species and/or designated critical habitat present in the areas affected directly or indirectly by the Federal action.		
No effect to species or designated critical habitat. (See comments for justification)		
Are project conditions required?		
May affect, but not likely to adversely affect species or designated critical habitat (FEMA		
determination/USFWS/NMFS concurrence on file) (Review Concluded)		
Are project conditions required? Yes (see Section V) No (Review Concluded)		
☐ Likely to adversely affect species or designated critical habitat ☐ Formal consultation concluded. (Biological Assessment and Biological Opinion on file)		
Are project conditions required? YES (see Section V) NO (Review Concluded)		
Are project conditions required: 1 123 (see Section V) 1100 (Review Concluded)		
Comments: Project is located in an urban or previously developed area. Neither listed species nor their habitat occur in or		
near this site, thus FEMA finds there will be no effect to threatened or endangered species.		
Correspondence/Consultation/References: USFWS emergency consultation provisions determined in letters dated		
September 15, 2005 for Katrina.		
C. Coastal Barrier Resources Act		
Project is not on or connected to CBRA Unit or Otherwise Protected Area (Review Concluded).		
Project is on or connected to CBRA Unit or Otherwise Protected Area. (FEMA determination/USFWS consultation on		
file)		
Proposed action an exception under Section 3505.a.6 (Review Concluded)		
Proposed action not excepted under Section 3505.a.6.		
Are project conditions required? YES (see Section V) NO (Review Concluded)		
Comments: Project is not within a CBRA zone.		
Correspondence/Consultation/References: Louisiana Coastal Barrier Resource System Maps referenced 08/09/06.		
D. Clean Water Act		
Project would not affect any waters of the U.S. (Review Concluded)		
Project would affect waters, including wetlands, of the U.S.		
Project exempted as in kind replacement or other exemption. (Review Concluded)		
Project requires Section 404/401/or Section 9/10 (Rivers and Harbors Act) permit, including qualification		
under Nationwide Permits.		
Are project conditions required?		
Comments: No jurisdictional waters of the U.S., including wetlands, occur in or near the project area.		
Correspondence/Consultation/References: USFWS National Wetlands Inventory map (http://www.fws.gov/nwi/) queried		
on 08/10/06.		
E. Coastal Zone Management Act		
Project is not located in a coastal zone area and does not affect a coastal zone area (Review concluded)		
Project is located in a coastal zone area and/or affects the coastal zone		
State administering agency does not require consistency review. (Review Concluded).		
State administering agency requires consistency review.		
Are project conditions required? YES (see Section V) NO (Review Concluded)		
Comments: This project is located within the Louisiana Coastal Management Zone. LA Department of Natural Resources		
(DNR) has determined that receipt of federal assistance is consistent with the Louisiana Coastal Resource Program. Projects within the coastal zone may still require a coastal use permit or other authorization from DNR. Projects may be coordinated		
by contacting LA DNR at 1-800-276-4019.		

Correspondence/Consultation/References: LDNR Louisiana Coastal Zone map 2002.
F. Fish and Wildlife Coordination Act ☐ Project does not affect, control, or modify a waterway/body of water. (Review Concluded) ☐ Project affects controls or modifies a waterway/body of water. ☐ Coordination with USFWS conducted ☐ No Recommendations offered by USFWS. (Review Concluded) ☐ Recommendations provided by USFWS. Are project conditions required? ☐ YES (see Section V) ☐ NO (Review Concluded)
Comments: No streams or water bodies are located in or near the project area. Correspondence/Consultation/References: Louisiana Map (http://www.lamap.doa.louisiana.gov/) queried 08/10/06.
G. Clean Air Act □ Project will not result in permanent air emissions. (Review Concluded) □ Project is located in an attainment area. (Review Concluded) □ Project is located in a non-attainment area. □ Coordination required with applicable state administering agency. Are project conditions required? □ YES (see section V) □ NO (Review Concluded)
Comments: This project involves the demolition or renovation of a public structure. Regardless of the asbestos content, the applicant is responsible for ensuring that renovation or demolition activities are coordinated with the Louisiana Department of Environmental Quality (LDEQ) in accordance with the LDEQ "Sixth Amended Declaration of Emergency and Administrative Order" dated March 31, 2006, and the LESHAP protocol dated March 1, 2006, incorporating the provisions of EPA's National Emission Standards for Hazardous Air Pollutants (NESHAP) and the Louisiana Administrative Code (LAC) 33.III.5151 and Chapter 27. Should Asbestos Containing Materials (ACMs) be present at the project site, the applicant is also responsible for ensuring proper disposal in accordance with the previously referenced administrative orders. Correspondence/Consultation/References: EPA Region 6 Non-attainment Map.
H. Farmland Protection Policy Act ☐ Project does not affect designated prime or unique farmland. (Review Concluded) ☐ Project causes unnecessary or irreversible conversion of designated prime or unique farmland. ☐ Coordination with Natural Resource Conservation Commission required. ☐ Farmland Conversion Impact Rating, Form AD-1006, completed. ☐ Are project conditions required? ☐ YES (see section V) ☐ NO (Review Concluded) Comments: The project site is in a developed urbanized area and Farmland Protection Policy Act (FPPA) is precluded. No prime or unique farmland present
prime or unique farmland present. *Correspondence/Consultation/References:* National Resource Conservation Service, Web Soil Survey (http://websoilsurvey.nrcs.usda.gov/app/) referenced 08/10/06.
I. Migratory Bird Treaty Act □ Project not located within a flyway zone. (Review Concluded) □ Project located within a flyway zone. □ Project does not have potential to take migratory birds. (Review Concluded) Are project conditions required? □ Yes (see section V) □ No (Review Concluded) □ Project has potential to take migratory birds. □ Contact made with USFWS Are project conditions required? □ YES (see section V) □ NO (Review Concluded)
Comments: The site is an existing disturbed area with little value to migratory birds and would not be included in the USFWS migratory bird management program. Correspondence/Consultation/References: USFWS guidance letter dated September 15, 2005 for Katrina
Correspondence Communication Control Surface Control dated September 15, 2005 for Radina

L. Other Relevant Laws and Environmental Regulations
State Hazardous Materials and Solid Waste Laws Comments: - In accordance with the Formosan Termite Initiative Act, (LA R.S. 3:3391.1 thru 3391.13) the Louisiana
parishes of Calcasieu, Cameron, Jefferson Davis, Orleans, Jefferson, Plaquemines, St. Bernard, St. Charles, St. John the
Baptist, St. Tammany, Tangipahoa and Washington are under quarantine. The movement of wood or cellulose material,
temporary housing or architectural components (e.g. beams, doors and other wood salvaged from a structure) may not leave
the quarantined parishes without written authorization from the commissioner of the Louisiana Department of Agriculture
and forestry or his designee(s).
- Removal and disposal of debris containing household hazardous waste and certain categories of liquid wastes must be
performed in accordance with all applicable federal and state laws, regulations, executive orders and guidelines. LAC title 33 part VII requires that specified items, including lead acid batteries, used oil filters, used motor oil, scrap tires, cfc's
(refrigerants), radioactive waste or regulated infectious wastes must be segregated from and excluded from non-hazardous
debris collection, staging, processing and disposal sites. Failure to comply with applicable legal requirements in debris
collection and/or disposal operations will jeopardize federal funding. The clean-up or restoration/repair of sites damaged as
a result of such operations are ineligible for federal funding. Previously obligated funding is subject to de-obligation if a

IV. Extraordinary Circumstances

Based on the review of compliance with other environmental laws and Executive Orders, and in consideration of other environmental factors, review the project for extraordinary circumstances.

* A "Yes" under any circumstance may require an Environmental Assessment (EA) with the exception of (ii) which should be applied in conjunction with controversy on an environmental issue. If the circumstance can be mitigated, please explain in comments. If no, leave blank.

Y es	
· =	(i) Greater scope or size than normally experienced for a particular category of action
	(ii) Actions with a high level of public controversy
	(iii) Potential for degradation, even though slight, of already existing poor environmental
	conditions;
	(iv) Employment of unproven technology with potential adverse effects or actions involving
	unique or unknown environmental risks;
	(v) Presence of endangered or threatened species or their critical habitat, or archaeological,
	cultural, historical or other protected resources;
	(vi) Presence of hazardous or toxic substances at levels which exceed Federal, state or local
	regulations or standards requiring action or attention;
	(vii) Actions with the potential to affect special status areas adversely or other critical resources
	such as wetlands, coastal zones, wildlife refuge and wilderness areas, wild and scenic rivers,
	sole or principal drinking water aquifers;
	(viii) Potential for adverse effects on health or safety; and
	(ix) Potential to violate a federal, state, local or tribal law or requirement imposed for the
	protection of the environment.
	(x) Potential for significant cumulative impact when the proposed action is combined with
	other past, present and reasonably foreseeable future actions, even though the impacts of the
	proposed action may not be significant by themselves.
Comments	None

V. Environmental Review Project Conditions

Project Conditions:

The following conditions apply as a condition of FEMA funding reimbursement:

• This project involves the demolition or renovation of a public structure. Regardless of the asbestos content, the applicant is responsible for ensuring that renovation or demolition activities are coordinated with the Louisiana Department of Environmental Quality (LDEQ) in accordance with the LDEQ "Fifth Amended Declaration of Emergency and Administrative Order" dated March 31, 2006, and the LESHAP protocol dated March 1, 2006, incorporating the provisions of EPA's National Emission Standards for Hazardous Air Pollutants (NESHAP) and

Parish: Oricans

the Louisiana Administrative Code (LAC) 33.III.5151 and Chapter 27. Should Asbestos Containing Materials (ACMs) be present at the project site, the applicant is also responsible for ensuring proper disposal in accordance with the previously referenced administrative orders.

- In accordance with the Formosan Termite Initiative Act, (LA R.S. 3:3391.1 thru 3391.13) the Louisiana parishes of Calcasieu, Cameron, Jefferson Davis, Orleans, Jefferson, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany, Tangipahoa and Washington are under quarantine. The movement of wood or cellulose material, temporary housing or architectural components (e.g. beams, doors and other wood salvaged from a structure) may not leave the quarantined parishes without written authorization from the commissioner of the Louisiana Department of Agriculture and forestry or his designee(s).
- Removal and disposal of debris containing household hazardous waste and certain categories of liquid wastes must be performed in accordance with all applicable federal and state laws, regulations, executive orders and guidelines. LAC title 33 part VII requires that specified items, including lead acid batteries, used oil filters, used motor oil, scrap tires, cfc's (refrigerants), radioactive waste or regulated infectious wastes must be segregated from and excluded from non-hazardous debris collection, staging, processing and disposal sites. Failure to comply with applicable legal requirements in debris collection and/or disposal operations will jeopardize federal funding. The clean-up or restoration/repair of sites damaged as a result of such operations are ineligible for federal funding. Previously obligated funding is subject to de-obligation if a determination of ineligibility is made.
- As per 44 CFR 9.11, mitgation or minimization standards must be applied. Where possible, building contents, materials, and equipment (mechanical or electrical) must be elevated to or above advisory base flood elevations. Repair of the building should be coordinated and comply with the local floodplain ordinance.
