# Record of Environmental Consideration REVISED FOR FEMA ENVIRONMENTAL -- LOUISIANA -- April 2007 See 44 Code of Federal Regulation Part 10

Algiers Courthouse/PW 7561 V1

Project Name/Number:

Applicant Name:	City of New Orleans			
Project Location:	255 Morgan Street, New Orleans, LA, Orleans Parish, Latitude: 29.95392, Longitude: -90.05412			
Project Description: The Algiers Courthouse was damaged due to Hurricane Katrina on August 29, 2005. It was constructed in 1896 and is located in both the Algiers Point National Historic District and the City of New Orleans Historic District. The structure experienced roof and window damage with water intrusion throughout the structure.				
Hazard mitigation includes adding bracing to the Algiers Courthouse sign. The sign was attached to the parapet and was blown down damaging the parapet.

## I. Compliance Review for Environmental Laws (other than NEPA)

A. National Historic Preservation Act (NHPA)
Not type of activity with potential to affect historic structures or archaeological resources (Review Concluded)
Activity meets Programmatic Agreement, December 3, 2004. Appendix A: Allowance No. 1-E, 11-
A1,A2,A3,C1,C2,D2,D3,E1,H and IX-D.
Are project conditions required?
Programmatic Agreement not applicable for historic structures or archeological sites, must conduct standard Section 106
Review (see below).
Other Programmatic Agreement dated insert date of PA applies
HISTORIC BUILDINGS AND STRUCTURES
No historic properties that are listed or 45/50 years or older in project area. (Review Concluded)
Building or structure listed or 45/50 years or older in project area and activity not exempt from review.
Determination of No Historic Properties Affected (FEMA finding/SHPO/THPO concurrence on file)
Are project conditions required? Yes (see Section V) No (Review Concluded)
Determination of Historic Properties Affected (FEMA finding/SHPO/THPO concurrence on file)
Property a National Historic Landmark and National Park Service was provided early notification
during the consultation process. If not, explain in comments
No Adverse Effect Determination (FEMA finding/SHPO/THPO concurrence on file)
Are project conditions required? Yes (see Section V) No (Review Concluded)
Adverse Effect Determination (FEMA finding/SHPO/THPO concurrence on file)
Resolution of Adverse Effect completed (MOA on file)
Are project conditions required Yes (see Section V) No (Review Concluded)
A DOUBOL OCICAL DECOUDODS
ARCHEOLOGICAL RESOURCES
Project scope of work has no potential to affect archeological resources (Review Concluded)
Project affects only previously disturbed ground. (Review Concluded)
Project affects undisturbed ground or grounds associated with an historic structure
Project area has no potential for presence of archeological resources
Determination of no historic properties affected (FEMA finding/SHPO/THPO concurrence on file)
(Review Concluded)  Project area has potential for presence of archeological resources
Determination of no historic properties affected (FEMA finding/SHPO/THPO concurrence on file)
Are project conditions required Yes (see Section V) No (Review Concluded)
Determination of historic properties affected
☐ NR eligible resources not present (FEMA finding/SHPO/THPO concurrence on file)
Are project conditions required Yes (see Section V) No (Review Concluded)
NR eligible resources present in project area (FEMA finding/SHPO/THPO concurrence on file)
No Adverse Effect Determination (FEMA finding/ SHPO/THPO concurrence on file)
Are project conditions required? Yes (see Section V) No (Review Concluded)  Adverse Effect Determination (FEMA finding/SHPO/THPO concurrence on file)
Resolution of Adverse Effect completed (MOA on file)
Are project conditions required? \( \subseteq \text{Yes (see Section V)} \) \( \subseteq \text{No} \)
(Review Concluded)
(Review Concluded)
Comments: - FEMA's Programmatic Agreement (PA), dated December 3, 2004, provides for expedited project review
under Section 106 of the National Historic Preservation Act (NHPA). The scope of work as submitted in this PW has been
reviewed and meets the criteria outlined in Appendix A, Programmatic Allowances, Sections II, items; {A.1} preservation
of interior materials; {A.2} R&R interior floors/walls/ceilings; {A.3} R&R specialized finishes/plaster; {C.1} R&R
windowpanes; {D.2} R&R cornices/trim; {D.3} R&R signs/awnings; {E.1} R&R roofing; {H} R&R contents; and Section
IX, Item {D} architectural fees, of the document. In accordance with the PA, FEMA is not required to submit projects to
the State Historic Preservation Officer (SHPO) for review where the work performed meets the allowances. In keeping with
the stipulations of the PA< all proposed repair activities should be done in-kind to match materials and form.
Work on interior plaster cornices shall follow guidelines in Preservation Brief 23: Preserving historic plaster
HTTP://www.cr.nps.gov/hps/tps/briefs/brief23.htm Work on roofs shall follow Preservation Brief 29: the repair,
replacement and maintenance of historic slate roofs, 1-ITTP://www.cr.nns.vov/hns/tns/briefs/hrief29 htm Work on the

Record of Environmental Consideration (Version April 2007)

windows shall follow Preservation Brief 9: repair of historic wooden windows,  HTTP://www.cr.nps.gov/hps/tps/briefs/brief09.htm Work on the sign shall follow Preservation Brief 25: preservation of historic signs, HTTP://www.cr.nps.gov/hps/tps/briefs/brief25.htm Interior painting shall follow Preservation Brief 28: painting historic interiors, HTTP://www.cr.nps.gov/hps/tps/briefs/brief28.htm
Any change to the approved scope of work will require resubmission for re-evaluation under Section 106 amd consultation with the SHPO. Non-compliance may jeopardize the receipt of federal funding. This concludes the Section 106 review for this project.
Correspondence/Consultation/References: NHPA effect determinations made by Amber Martinez, FEMA Historic Preservation Specialist.
B. Endangered Species Act
No listed species and/or designated critical habitat present in areas affected directly or indirectly by the Federal action.  (Review Concluded)
<ul> <li>□ Listed species and/or designated critical habitat present in the areas affected directly or indirectly by the Federal action.</li> <li>□ No effect to species or designated critical habitat. (See comments for justification)</li> <li>Are project conditions required? □ Yes (see Section V) □ No (Review Concluded)</li> </ul>
May affect, but not likely to adversely affect species or designated critical habitat (FEMA determination/USFWS/NMFS concurrence on file) (Review Concluded)
Are project conditions required? Yes (see Section V) No (Review Concluded)  Likely to adversely affect species or designated critical habitat
Formal consultation concluded. (Biological Assessment and Biological Opinion on file)  Are project conditions required?  YES (see Section V)  NO (Review Concluded)
Comments: Project is located in an urban or previously developed area. Neither listed species nor their habitat occur in or near this site, thus FEMA finds there will be no effect to threatened or endangered species.  Correspondence/Consultation/References: USFWS emergency consultation provisions determined in letters dated September 15, 2005.
C. Coastal Barrier Resources Act
<ul> <li>☑ Project is not on or connected to CBRA Unit or Otherwise Protected Area (Review Concluded).</li> <li>☐ Project is on or connected to CBRA Unit or Otherwise Protected Area. (FEMA determination/USFWS consultation on file)</li> </ul>
Proposed action an exception under Section 3505.a.6 (Review Concluded)  Proposed action not excepted under Section 3505.a.6.
Are project conditions required?   YES (see Section V)   NO (Review Concluded)
Comments: Project is not within a CBRA zone.  Correspondence/Consultation/References: Louisiana Coastal Barrier Resource System Maps referenced 04/23/2007.
D. Clean Water Act  Project would not affect any waters of the U.S. (Review Concluded)
<ul> <li>□ Project would affect waters, including wetlands, of the U.S.</li> <li>□ Project exempted as in kind replacement or other exemption. (Review Concluded)</li> <li>□ Project requires Section 404/401 of Clean Water Act or Section 9/10 of Rivers and Harbors Act permit,</li> </ul>
including qualification under Nationwide Permits.  Are project conditions required? YES (see Section V) NO (Review Concluded)  Project would affect waters of the U.S. by discharging to a surface water body.

## **II. Compliance Review for Executive Orders**

A. E.O. 11988 - Floodplains
No Effect on Floodplains/Flood levels and project outside Floodplain - (Review Concluded)
☐ Located in Floodplain or Effects on Floodplains/Flood levels
No adverse effect on floodplain and not adversely affected by the floodplain. (Review Concluded),
Are project conditions required? Yes (see Section V) No (Review Concluded)
Beneficial Effect on Floodplain Occupancy/Values (Review Concluded).
Possible adverse effects associated with investment in floodplain, occupancy or modification of floodplain
environment
8 Step Process Complete - documentation on file
Are project conditions required? YES (see Section V) NO (Review Concluded)
A Final Public Notice is required
Comments: The site is located in Zone B.

#### IV. Extraordinary Circumstances

Yes	
	(i) Greater scope or size than normally experienced for a particular category of action
	(ii) Actions with a high level of public controversy
	(iii) Potential for degradation, even though slight, of already existing poor environmental conditions;
	(iv) Employment of unproven technology with potential adverse effects or actions involving unique or unknown environmental risks;
	(v) Presence of endangered or threatened species or their critical habitat, or archaeological, cultural, historical or other protected resources;
	(vi) Presence of hazardous or toxic substances at levels which exceed Federal, state or local regulations or standards requiring action or attention;
	(vii) Actions with the potential to affect special status areas adversely or other critical resources such as wetlands, coastal zones, wildlife refuge and wilderness areas, wild and scenic rivers,
П	sole or principal drinking water aquifers; (viii) Potential for adverse effects on health or safety; and
	(ix) Potential to violate a federal, state, local or tribal law or requirement imposed for the protection of the environment.
	(x) Potential for significant cumulative impact when the proposed action is combined with
	other past, present and reasonably foreseeable future actions, even though the impacts of the proposed action may not be significant by themselves.
Comments:	None

#### V. Environmental Review Project Conditions

**Project Conditions:** 

This project must comply with all conditions of the attached Programmatic Categorical Exclusion. In addition, the following conditions apply as a condition of FEMA funding reimbursement:

- o This site is located in the floodplain and must accordingly comply with the minimum requirements of the National Flood Insurance Program as outlined in 44 CFR Part 60. Coordination must be done with the parish floodplain administrator to ensure compliance with the NFIP as administered in the local floodplain ordinance, which may be more stringent than the NFIP's minimum requirements, including issuance of appropriate permitting.
- o This project is located within the Louisiana Coastal Management Zone. LA DNR has determined that receipt of federal assistance is consistent with the Louisiana Coastal Resource Program. Projects within the Coastal Zone may still require a coastal permit or other authorization from DNR. Projects may be coordinated by contacting LA DNR at 1-800-276-4019.
- O Unusable equipment, debris and material shall be disposed of in an approved manner and location. In the event significant items (or evidence thereof) are discovered during implementation of the project applicant shall handle, manage, and dispose of the petroleum products, hazardous materials and/or toxic waste in accordance to the requirements and to the satisfaction of the governing local, state and federal agencies. Documentation should be forwarded to LOHSEP or The Louisiana Office

FEMA-1603/1607-DR-LA Parish: Orleans

of Homeland Security Emergency Preparedness and Federal Emergency Management Agency for inclusion in the permanent project files.

- The demolition of the Algiers Courthouse building may involve the removal and disposal of wood or cellulose materials. Orleans Parish is one of 12 parishes in Louisiana under quarantine for infestation of the Formosan termite. In accordance with the Formosan termite initiative act (Louisiana revised statutes 3:3391.1 thru 3391.13), wood or cellulose material, temporary housing or architectural components (e.g. beams, doors and other wood salvaged from a structure) may not be moved from, buried in, or used as landfill in a quarantined parish without written authorization from the Louisiana Department of Agriculture and Forestry.
- o Although this project meets the criteria for Alternative Arrangements for NEPA compliance, no public involvement plan is necessary.
