# **Record of Environmental Consideration**

REVISED FOR FEMA ENVIRONMENTAL -- LOUISIANA -- 2006 See 44 Code of Federal Regulation Part 10

Project Name/Number:	School Board Administration Building Grounds / PW#13260 FIPS#087-04449-00	
Project Location:	200 E. St. Bernard Highway, Chalmette, LA. 70043 Latitude: 29.93646, Longitude: -89.96465	

**Project Description:** Heavy rains and high winds from Hurricane Katrina (DR-1603) caused significant damage to School Board Administration Building Grounds of the St. Bernard Parish School Board. This pw reimburses the eligible applicant for landscape repairs which include the replacement of 25,000 SF of sod, a 25 CY road shoulder, 180 LF of asphalt paving, and 4,000 SF of sidewalk. Mitigation will be achieved through codes and standard upgrades for the new material. All work will be performed in a previously disturbed area with no indication of nearby waterways or other bodies of water.

# **Documentation Requirements**

- (Short version) All consultation and agreements implemented to comply with the National Historic Preservation Act, Endangered Species Act, and Executive Orders 11988, 11990 and 12898 are completed and no other laws apply. (Review Concluded)
- (Long version) All applicable laws and executive orders were reviewed. Additional information for compliance is attached to this REC and/or included in project files, as applicable.

# National Environmental Policy Act (NEPA) Determination

	Statutorily excluded from NEPA review. (Review Concluded)
Н	Programmatic Categorical Exclusion - Category (Reference PCE in comments) (Review Concluded)
	Categorical Exclusion - Category
	No Extraordinary Circumstances exist.
	Are project conditions required? Yes (see section V) No (Review Concluded)
	Extraordinary Circumstances exist (See Section IV).
	Extraordinary Circumstances mitigated. (See Section IV comments)
2.	Are project conditions required? Yes (see section V) No (Review Concluded)
	Environmental Assessment
	Supplemental Environmental Assessment (Reference EA or PEA in comments)
$\boxtimes$	Environmental Impact Statement

*Comments:* This project meets the criteria for the alternative arrangement, permanent school, type of project. This project has conditions and requires mitigation under the other EHP laws.

# **Reviewer and Approvals**

Project is Non-Compliant (See attached documentation justifying selection).

#### FEMA Environmental Reviewer:

	onnental Specialis		0

# I. Compliance Review for Environmental Laws (other than NEPA)

#### A. National Historic Preservation Act (NHPA)

Not type of activity with potential to affect historic properties.

- Activity meets Programmatic Agreement, December 3, 2004. Appendix A: Section I, D and I and K and Section III Are project conditions required? Yes (see Section V) No
- Programmatic Agreement not applicable, must conduct standard Section 106 Review.

#### HISTORIC BUILDINGS AND STRUCTURES

No historic properties that are listed or 45/50 years or older in project area. (Review Concluded)

- Building or structure listed or 45/50 years or older in project area and activity not exempt from review.
  - ☐ Determination of No Historic Properties Affected (FEMA finding/SHPO/THPO concurrence on file) Are project conditions required? ☐ Yes (see Section V) ☐ No (Review Concluded)
  - Determination of Historic Properties Affected (FEMA finding/SHPO/THPO concurrence on file)
    - Property a National Historic Landmark and National Park Service was provided early notification during the consultation process. If not, explain in comments
    - No Adverse Effect Determination (FEMA finding/SHPO/THPO concurrence on file).

Are project conditions required? Yes (see Section V) No (Review Concluded)

Adverse Effect Determination (FEMA finding/SHPO/THPO concurrence on file) Resolution of Adverse Effect completed. (MOA on file)

Are project conditions required  $\Box$  Vec (see Section V)  $\Box$  No. (B

Are project conditions required Ves (see Section V) No (Review Concluded)

#### ARCHEOLOGICAL RESOURCES

Project affects only previously disturbed ground. (Review Concluded)

Project affects undisturbed ground.

Project area has no potential for presence of archeological resources

Determination of no historic properties affected (FEMA finding/SHPO/THPO concurrence or consultation on file). (Review Concluded)

Project area has potential for presence of archeological resources

Determination of no historic properties affected (FEMA finding/SHPO/THPO concurrence on file)

Are project conditions required Yes (see Section V) No (Review Concluded)

Determination of historic properties affected

NR eligible resources not present (FEMA finding/SHPO/THPO concurrence on file).

Are project conditions required Yes (see Section V) No (Review Concluded)

NR eligible resources present in project area. (FEMA finding/ SHPO/THPO concurrence on file)

□ No Adverse Effect Determination. (FEMA finding/ SHPO/THPO concurrence on file) Are project conditions required? □ Yes (see Section V) □ No (Review Concluded)

Adverse Effect Determination. (FEMA finding/ SHPO/THPO concurrence on file)
Resolution of Adverse Effect completed. (MOA on file)

Are project conditions required? Yes (see Section V) No

(Review Concluded)

**Comment:** Historic review complete: scope of work indicates ground disturbing activities associated with debris removal, regrading of lawn area to re-establish drainage, and repair of sidewalks and concrete flatwork. Upon consultation of SHPO data, there are known archaeological sites within .25 miles of the project area, however all work will occur within a previously disturbed footprint. Therefore scope of work meets programmatic agreement (12/3/2004) allowances, appendix

Record of Environmental Consideration (Version 08/16/06)

Reviewer Name: Adam Borden, Env. Specialist FEMA-1603/1607-DR-LA

A, Section I, D and I and K and Section III, A. If during the course of work, archaeological artifacts (prehistoric or historic) or human remains are discovered, the applicant shall stop work in the vicinity of the discovery and take all reasonable measures to avoid or minimize harm to the finds. The applicant shall inform their Public Assistance (PA) contacts at FEMA, who will in turn contact FEMA Historic Preservation staff. The applicant will not proceed with work until FEMA Historic Preservation staff have completed consultation with the Louisiana State Historic Preservation Officer (SHPO). In addition, if unmarked graves are present, compliance with the Louisiana Unmarked Human Burial Sites Preservation Act (R.S. 8:671 et seq.) is required. The applicant shall notify the law enforcement agency of the jurisdiction where the remains are located within twenty-four hours of the discovery. The applicant shall also notify FEMA and the Louisiana Unmarked Burial Sites Board (call the Louisiana Division of Archeology at 225-342-8170) within seventy-two hours of the discovery. Failure to comply with these stipulations may jeopardize receipt of FEMA funding. If this scope of work changes, this project will need to be resubmitted for further historic review.

Correspondence/Consultation/References: NHPA effect determinations made by Katherine Zeringue, FEMA Historic Preservation Specialist/Archaeologist

#### **B. Endangered Species Act**

No listed species and/or designated critical habitat present in areas affected directly or indirectly by the Federal action. (Review Concluded)

Listed species and/or designated critical habitat present in the areas affected directly o	or indirectly b	by the Federal action.
--	-----------------	------------------------

No effect to species or designated critical habitat. (See comments for justification)

Are project conditions required? Yes (see Section V) No (Review Concluded)

May affect, but not likely to adversely affect species or designated critical habitat (FEMA

determination/USFWS/NMFS concurrence on file) (Review Concluded)

Are project conditions required? Yes (see Section V) No (Review Concluded)

Likely to adversely affect species or designated critical habitat

Formal consultation concluded. (Biological Assessment and Biological Opinion on file)

Are project conditions required? YES (see Section V) NO (Review Concluded)

*Comments:* Project is located in an urban or previously developed area. Neither listed species nor their habitat occur in or near this site, thus FEMA finds there will be no effect to threatened or endangered species. *Correspondence/Consultation/References:* USFWS emergency consultation provisions determined in letters dated September 15, 2005 for Katrina.

## C. Coastal Barrier Resources Act

Project is not on or connected to CBRA Unit or Otherwise Protected Area (Review Concluded).

Project is on or connected to CBRA Unit or Otherwise Protected Area. (FEMA determination/USFWS consultation on file)

Proposed action an exception under Section 3505.a.6 (Review Concluded)

Proposed action not excepted under Section 3505.a.6.

Are project conditions required? YES (see Section V) NO (Review Concluded)

Comments: Project is not within a CBRA zone. Correspondence/Consultation/References: Louisiana Coastal Barrier Resource System Maps referenced 08/16/06.

#### D. Clean Water Act

Project would not affect any waters of the U.S. (Review Concluded)

Project would affect waters, including wetlands, of the U.S.

- Project exempted as in kind replacement or other exemption. (Review Concluded)
- Project requires Section 404/401/or Section 9/10 (Rivers and Harbors Act) permit, including qualification under Nationwide Permits.

Are project conditions required? YES (see Section V) NO (Review Concluded)

*Comments:* No jurisdictional waters of the U.S., including wetlands, occur in or near the project area. *Correspondence/Consultation/References:* USFWS National Wetlands Inventory map (http://www.fws.gov/nwi/) queried on 08/16/06.

FEMA-1603/160'	7-DR-L	A		

### E. Coastal Zone Management Act

Project is not located in a coastal zone area and does not affect a coastal zone area (Review concluded)

Project is located in a coastal zone area and/or affects the coastal zone

State administering agency does not require consistency review. (Review Concluded).

State administering agency requires consistency review.

Are project conditions required? YES (see Section V) NO (Review Concluded)

Comments: This project is located within the Louisiana Coastal Management Zone. LA Department of Natural Resources (DNR) has determined that receipt of federal assistance is consistent with the Louisiana Coastal Resource Program. Projects within the coastal zone may still require a coastal use permit or other authorization from DNR. Projects may be coordinated by contacting LA DNR at 1-800-276-4019.

Correspondence/Consultation/References: LDNR Louisiana Coastal Zone map 2002.

### F. Fish and Wildlife Coordination Act

Project does not affect, control, or modify a waterway/body of water. (Review Concluded)

Project affects controls or modifies a waterway/body of water.

Coordination with USFWS conducted

No Recommendations offered by USFWS. (Review Concluded)

Recommendations provided by USFWS.

Are project conditions required? YES (see Section V) NO (Review Concluded)

Comments: No streams or water bodies are located in or near the project area. Correspondence/Consultation/References: Louisiana Map (http://wwwlamap.doa.louisiana.gov/) gueried 08/16/06.

#### G. Clean Air Act

Project will not result in permanent air emissions. (Review Concluded)

Project is located in an attainment area. (Review Concluded)

Project is located in a non-attainment area.

Coordination required with applicable state administering agency.

Are project conditions required? YES (see section V) NO (Review Concluded)

Comments: The proposed project includes activities that would produce a minor, temporary, and localized impact on air quality. No long-term air quality impact is anticipated.

Correspondence/Consultation/References: EPA Region 6 Non-attainment Map.

## H. Farmland Protection Policy Act

Project does not affect designated prime or unique farmland. (Review Concluded)

Project causes unnecessary or irreversible conversion of designated prime or unique farmland.

Coordination with Natural Resource Conservation Commission required.

Farmland Conversion Impact Rating, Form AD-1006, completed.

Are project conditions required? VES (see section V) NO (Review Concluded)

Comments: The project site is in a developed urbanized area and Farmland Protection Policy Act (FPPA) is precluded. No prime or unique farmland present.

Correspondence/Consultation/References: National Resource Conservation Service, Web Soil Survey (http://websoilsurvey.nrcs.usda.gov/app/)referenced 08/11/06.

## I. Migratory Bird Treaty Act

Project not located within a flyway zone. (Review Concluded)

Project located within a flyway zone.

Project does not have potential to take migratory birds. (Review Concluded)

Are project conditions required? Ves (see section V) No (Review Concluded)

Project has potential to take migratory birds.

Contact made with USFWS

Are project conditions required? YES (see section V) NO (Review Concluded)

*Comments:* The site is an existing disturbed area with little value to migratory birds and would not be included in the USFWS migratory bird management program.

Correspondence/Consultation/References: USFWS guidance letter dated September 15, 2005 for Katrina

#### J. Magnuson-Stevens Fishery Conservation and Management Act

Project not located in or near Essential Fish Habitat. (Review Concluded)

Project located in or near Essential Fish Habitat.

Project does not adversely affect Essential Fish Habitat. (Review Concluded)

Are project conditions required? Yes (see Section V) No (Review Concluded)

Project adversely affects Essential Fish Habitat (FEMA determination/USFWS/NMFS concurrence on file)

NOAA Fisheries provided no recommendation(s) (Review Concluded).

Are project conditions required? 
Yes (see Section V) 
No (Review Concluded)

NOAA Fisheries provided recommendation(s)

Written reply to NOAA Fisheries recommendations completed.

Are project conditions required? YES (see Section V) NO (Review Concluded)

Comments: Project is not located in or near any surface waters with the potential to affect EFH species. Correspondence/Consultation/References: Louisiana Map (http://wwwlamap.doa.louisiana.gov/) referenced 08/11/06.

## K. Wild and Scenic Rivers Act

Project is not along and does not affect Wild or Scenic River (WSR) - (Review Concluded)

Project is along or affects WSR

Project adversely affects WSR as determined by NPS/USFS. <u>FEMA cannot fund the action</u>. (NPS/USFS/USFWS/BLM consultation on file) (Review Concluded)

Project does not adversely affect WSR. (NPS/USFS/USFWS/BLM consultation on file)

Are project conditions required? YES (see Section V) NO (Review Concluded)

#### Comments: None

Correspondence/Consultation/References: National Wild and Scenic Rivers <u>http://www.nps.gov/rivers/wildriverslist.html</u>, referenced 08/11/06.

## L. Other Relevant Laws and Environmental Regulations

State Hazardous Materials and Solid Waste Laws

*Comments:* Removal and disposal of debris containing household hazardous waste and certain categories of liquid wastes must be performed in accordance with all applicable federal and state laws, regulations, executive orders and guidelines. LAC title 33 part VII requires that specified items, including lead acid batteries, used oil filters, used motor oil, scrap tires, cfc's (refrigerants), radioactive waste or regulated infectious wastes must be segregated from and excluded from non-hazardous debris collection, staging, processing and disposal sites. Failure to comply with applicable legal requirements in debris collection and/or disposal operations will jeopardize federal funding. The clean-up or restoration/repair of sites damaged as a result of such operations are ineligible for federal funding. Previously obligated funding is subject to de-obligation if a determination of ineligibility is made.

# **II. Compliance Review for Executive Orders**

#### A. E.O. 11988 - Floodplains

No Effect on Floodplains/Flood levels and project outside Floodplain - (Review Concluded)

Located in Floodplain or Effects on Floodplains/Flood levels

No adverse effect on floodplain and not adversely affected by the floodplain. (Review Concluded),

Are project conditions required? Yes (see Section V) No (Review Concluded)

Beneficial Effect on Floodplain Occupancy/Values (Review Concluded).

## **IV. Extraordinary Circumstances**

# Based on the review of compliance with other environmental laws and Executive Orders, and in consideration of other environmental factors, review the project for extraordinary circumstances.

* A "Yes" under any circumstance may require an Environmental Assessment (EA) with the exception of (ii) which
should be applied in conjunction with controversy on an environmental issue. If the circumstance can be mitigated,
please explain in comments. If no, leave blank.

Yes	
R	(i) Greater scope or size than normally experienced for a particular category of action
H	(ii) Actions with a high level of public controversy
	<ul> <li>(iii) Potential for degradation, even though slight, of already existing poor environmental conditions;</li> </ul>
	(iv) Employment of unproven technology with potential adverse effects or actions involving unique or unknown environmental risks;
	(v) Presence of endangered or threatened species or their critical habitat, or archaeological, cultural, historical or other protected resources;
	(vi) Presence of hazardous or toxic substances at levels which exceed Federal, state or local regulations or standards requiring action or attention;
	(vii) Actions with the potential to affect special status areas adversely or other critical resources such as wetlands, coastal zones, wildlife refuge and wilderness areas, wild and scenic rivers, sole or principal drinking water aquifers;
	(viii) Potential for adverse effects on health or safety; and
	(ix) Potential to violate a federal, state, local or tribal law or requirement imposed for the protection of the environment.
	(x) Potential for significant cumulative impact when the proposed action is combined with other past, present and reasonably foreseeable future actions, even though the impacts of the proposed action may not be significant by themselves.

Comments: None

# V. Environmental Review Project Conditions

#### **Project Conditions:**

#### The following conditions apply as a condition of FEMA funding reimbursement:

- Removal and disposal of debris containing household hazardous waste and certain categories of liquid wastes must be performed in accordance with all applicable federal and state laws, regulations, executive orders and guidelines. LAC title 33 part VII requires that specified items, including lead acid batteries, used oil filters, used motor oil, scrap tires, cfc's (refrigerants), radioactive waste or regulated infectious wastes must be segregated from and excluded from non-hazardous debris collection, staging, processing and disposal sites. Failure to comply with applicable legal requirements in debris collection and/or disposal operations will jeopardize federal funding. The clean-up or restoration/repair of sites damaged as a result of such operations are ineligible for federal funding. Previously obligated funding is subject to de-obligation if a determination of ineligibility is made.
- If during the course of work, archaeological artifacts (prehistoric or historic) or human remains are discovered, the
  applicant shall stop work in the vicinity of the discovery and take all reasonable measures to avoid or minimize
  harm to the finds. The applicant shall inform their Public Assistance (PA) contacts at FEMA, who will in turn
  contact FEMA Historic Preservation staff. The applicant will not proceed with work until FEMA Historic
  Preservation staff have completed consultation with the Louisiana State Historic Preservation Officer (SHPO). In
  addition, if unmarked graves are present, compliance with the Louisiana Unmarked Human Burial Sites
  Preservation Act (R.S. 8:671 et seq.) is required. The applicant shall notify the law enforcement agency of the
  jurisdiction where the remains are located within twenty-four hours of the discovery. The applicant shall also notify

FEMA and the Louisiana Unmarked Burial Sites Board (call the Louisiana Division of Archeology at 225-342-8170) within seventy-two hours of the discovery. Failure to comply with these stipulations may jeopardize receipt of FEMA funding. If this scope of work changes, this project will need to be resubmitted for further historic review.
