Frequently Asked Questions

1. What is the Fiscal Year 2023 Regional Catastrophic Preparedness Grant Program?

The Fiscal Year (FY) 2023 Regional Catastrophic Preparedness Grant Program (RCPGP), as authorized and appropriated by the [Consolidated Appropriations Act, 2023 \(Pub. L. No. 117-328\)](#), provides funding to close known preparedness capability gaps, encourage innovative regional solutions to issues related to catastrophic incidents, and build on existing regional preparedness efforts.

2. What is the purpose of the FY 2023 RCPGP?

The purpose of the FY 2023 RCPGP is to build regional capacity to manage catastrophic incidents by improving and expanding collaboration for catastrophic incident preparedness. In support of the [2022-2026 FEMA Strategic Plan](#), the strategic priorities for the FY 2023 RCPGP are **housing, equity, climate resilience, and readiness**.

Recognizing the value of all-hazards emergency preparedness planning and consistent with the strategic priorities, FY 2023 RCPGP applicants are expected to focus their project proposals on the [Core Capabilities of Housing, Community Resilience, and Long-Term Vulnerability Reduction](#) based on need identified through the [Threat and Hazard Identification and Risk Assessment \(THIRA\)/Stakeholder Preparedness](#)

FEMA

[Review \(SPR\)](#) process. Additionally, applicants should consider the specific needs of disadvantaged communities and involve representatives from the affected communities in the development and execution of proposed projects to ensure their needs are sufficiently addressed.

In FY 2023, the RCPGP will competitively award \$12 million, which is consistent with FY 2022.

11. How will applications be evaluated?

Applications must conform to the guidance provided in the FY 2023 RCPGP NOFO. Applications that do not meet eligibility and submission requirements will not be evaluated. Accepted applications will be evaluated by a review panel comprised of FEMA subject matter experts using a scoring rubric. Below is a summary of the evaluation criteria. **The needs of disadvantaged communities are factored into the scoring criteria.** The full criteria can be found in Appendix C of the NOFO, which details the specific criteria aligned to each of the project narrative requirements and the maximum number of points an application can receive for each criterion. The four (4) base criteria earn up to 100 total possible points. The bonus criterion brings the total to 130 possible points.

2) **Project Design:** The applicant demonstrates an effective and sustainable project approach for building their current capability within the 36-month period of performance, including the specific project implementation, project management, and regional collaboration approaches. (Possible Points: 0 – 35 maximum)

3) **Impact:** The applicant demonstrates the proposed project's regional impact, including how the project will build the applicant's capability, performance measures the project is expected to achieve, and how the project can be scaled or replicated to benefit national preparedness. (Possible Points: 0 – 25 maximum)

4) **Budget:** The applicant demonstrates a reasonable and cost-effective budget (based on the budget detail worksheet and project narrative), including explanation of reasonable project costs across the requested categories, the project's relative cost effectiveness and sustainability, and the applicant's ability to manage federal grants. (Possible Points: 0 – 20 maximum)
