

President Donald J. Trump Approves Major Disaster Declaration for Missouri

Release Date: Mai 21, 2019

WASHINGTON – FEMA announced that federal disaster assistance has been made available to the state of Missouri to supplement state and local recovery efforts in the areas affected by severe storms, straight-line winds, and flooding on March 11 to April 16, 2019.

The President's action makes federal funding available to state, eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and repair or replacement of facilities damaged by severe storms, straight-line winds, and flooding in Andrew, Atchison, Buchanan, Carroll, Chariton, Holt, Mississippi, New Madrid, Pemiscot, Perry, Platte, Ray, and Ste. Genevieve counties.

Federal funding is also available on a cost-sharing basis for hazard mitigation measures statewide.

Seamus K. Leary has been named as the Federal Coordinating Officer for federal recovery operations in the affected area. Leary said additional designations may be made at a later date if warranted by the results of further damage assessments.
