

Public Invited to Appeal or Comment on Flood Maps in Craighead County, Arkansas

Release Date: Mars 1, 2021

DENTON, Texas – New preliminary flood risk information and updated Flood Insurance Rate Maps (FIRMs) are available for review by residents and business owners in Craighead County, Arkansas. Property owners are encouraged to review the latest information to learn about local flood risks and potential future flood insurance requirements. Community stakeholders can identify any concerns or questions about the information provided and participate in the 90-day appeal and comment period.

The new flood hazard information from FEMA has been generated in coordination with local community, state and FEMA officials. Significant community review has already taken place.

The **90-day appeal period** began on **Feb. 26, 2021**. Residents and business owners are also encouraged to review the updated maps to learn about local flood risks and potential future flood insurance requirements.

Appeals/comments may be submitted through May 27, 2021, for:

- Cities of Bay, Bono, Brookland, Caraway, Cash, Jonesboro, Lake City, Monette; Town of Egypt, and the unincorporated areas of Craighead County.

Residents may submit an appeal if they consider modeling or data used to create the map is technically or scientifically incorrect.

- An appeal must include technical information, such as hydraulic or hydrologic data, to support the claim.
- Appeals cannot be based on the effects of proposed projects or projects started after the study is in progress.

- If property owners see incorrect information that does not change the flood hazard information—such as a missing or misspelled road name in the Special Flood Hazard Area or an incorrect corporate boundary—they can submit a written comment.

The next step in the mapping process is the resolution of all comments and appeals. Once they are resolved, FEMA will notify communities of the effective date of the final maps.

To review the preliminary maps or submit appeals and comments, visit your local floodplain administrator (FPA). A FEMA Map Specialist can identify your community FPA. Specialists are available by telephone at 1-877-FEMA-MAP (1-877-336-2627) or by email at FEMAMapSpecialist@riskmapcds.com.

The preliminary maps may also be viewed online:

- The Flood Map Change Viewer at <http://msc.fema.gov/fmcfv>
- FEMA Map Service Center at <http://msc.fema.gov/portal>

For more information about the flood maps:
