

# Beware of Fraudulent Contractors

---

Release Date: avr 22, 2021

**FEMA and the Louisiana Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) caution disaster survivors to be aware of post-disaster fraud and scams. Attempts to scam residents can be made over the phone, by mail or email, through the internet or in person. It is important to remain alert. Con artists are creative and resourceful. If an offer sounds too good to be true, it should be questioned.**

Demand for contractors to repair or replace damaged homes in Louisiana is high. Fake or unlicensed contractors may try to take advantage of the situation to scam disaster survivors. As insurance settlements, grants and loans put homeowners in a position to pay for work on their homes, survivors need to be sure the people they hire are authorized to do the work, will complete it and will do a good job.

Out-of-town scam artists may be the first to arrive at your front door after a disaster. Do your research. To find out if a potential contractor is licensed to work in Louisiana, contact the Louisiana State Licensing Board for Contractors at [Louisiana State Licensing Board for Contractors](https://www.lslbc.com) or call them at (225) 765-2301 or use Text-To-Verify at (855) 999-7896. See more at [Online Contractor Search - LSLBC \(louisiana.gov\)](https://www.lslbc.com). FEMA does not license or certify contractors.
