

Resources to Assist your Recovery

Release Date: Jan 19, 2022

It's easy to be confused by the many disaster recovery resources available to survivors of the recent tornadoes in Kentucky, so here is a breakdown of agencies, programs, phone numbers and website links that may help clarify the options.

Insurance

- If you have insurance, contact your homeowner's or renter's insurance provider to file a claim. If you have not filed a claim with your insurance company or provided a copy of your insurance settlement approval or denial to FEMA, you will likely receive a notification that there is "no decision." This means FEMA may need additional information from you to continue processing your application.
- For National Flood Insurance Program questions, send an email to floodsmart@fema.dhs.gov or call 877-336- 2627.

For FEMA Assistance

- Individual Assistance is available for survivors who live in one of the 16 designated counties: Barren, Caldwell, Christian, Fulton, Graves, Hart, Hickman, Hopkins, Logan, Lyon, Marion, Marshall, Muhlenberg, Ohio, Taylor and Warren.
- FEMA disaster assistance may be available to help pay uninsured or underinsured losses such as home repair for disaster-related damage, rental assistance, reimbursement for lodging expenses for individuals whose home was inaccessible or uninhabitable during the disaster, medical expenses incurred from this disaster or other disaster-related needs.
 - Renters who live in one of the 16 designated counties and whose homes and property were damaged by the disaster can apply for federal assistance. FEMA grants can help pay for temporary housing. Renters may also qualify for grants for replacement or repair of necessary personal property, such as
