DRCs are temporary facilities established in partnership between Maine and FEMA that helps survivors from the severe storm and flooding from Dec. 17-21, 2023. Disaster Recovery Centers provide disaster survivors with information from Maine state agencies, FEMA, and the U.S. Small Business Administration. Survivors can get help applying for federal assistance and disaster loans, update applications and learn about other resources available.

Disaster Recovery Centers are accessible to people with disabilities. The centers also have accessible parking, ramps and restrooms.

It is not necessary to visit a Disaster Recovery Center to apply. Survivors can go online to disasterassistance.gov, use the [FEMA mobile app](#) or call 800-621-3362. The line is open every day from 7 a.m. to 11 p.m. ET. Help is available in most languages. If you use a relay service, such as video relay (VRS), captioned telephone or other service, give FEMA the number for that service.
