

# FY 2024 Emergency Operations Center Grant Program Key Changes

---

Release Date: avr 25, 2024

[Download a PDF Copy of this web page.](#)

The [Emergency Operations Center \(EOC\) Grant Program](#) is intended to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable EOCs with a focus on addressing identified deficiencies and needs. This document outlines key changes for the Fiscal Year (FY) 2024 EOC Grant Program.

## FEMA Grants Outcomes (FEMA GO) System

Only State Administrative Agencies (SAAs) (on behalf of state and local units of government) and Federally Recognized Tribes with identified projects in Appendix A of the EOC Grant Program NOFO are eligible to apply. These eligible applicants must apply to the EOC Grant Program on the new FEMA GO platform. The previous Non-Disaster Grants (ND Grants) platform will become a legacy system for grant programs from FY 2023 and earlier. For more information about FEMA GO, please review Section D of the EOC Grant Program NOFO and [FEMA Grants Outcomes \(FEMA GO\) | FEMA.gov](#) for additional guidance and tools.

## Management and Administration (M&A) Costs Change

A maximum of up to five percent (5%) of awarded FY 2024 EOC Grant Program funds may be retained by the Tribal governments and subrecipients with identified projects in Appendix A of the NOFO for M&A purposes associated with the award. **SAAs are not allowed to retain any EOC Grant Program funding for M&A purposes.** Please see Section D.12.c for more information on M&A costs.
