

What to Expect After You Register with FEMA

Release Date: July 11, 2022

OKLAHOMA CITY – Oklahoma homeowners and renters in the seven counties who sustained damage from the severe storms, tornadoes and flooding May 2-8 may call or go online to register for disaster assistance from FEMA.

The seven counties include Adair, Cherokee, Muskogee, Okmulgee, Pottawatomie, Seminole and Tulsa.

Residents can apply with FEMA by visiting disasterassistance.gov, downloading the [FEMA app](#) or by calling the FEMA Helpline at 800-621-3362 (TTY 800-462-7585). Helpline hours are 6 a.m. to 10 p.m. CDT seven days a week. If you use a relay service, such as video relay service (VRS), captioned telephone service or others, give FEMA the number for that service.

If you report your home is not livable, sanitary and safe when you register, FEMA may perform an inspection of the damaged property, including the interior of your home. FEMA inspectors will contact you to meet at the address where the damage was reported. The inspector's phone number may be from out of state, or show up on your caller ID as unavailable, so be sure to answer the phone. If the call goes to voicemail, the inspector will leave a call-back number, or you may receive a text message if no other contact is able to be made.

You will need to show the inspector your photo ID. You will *not* be asked to provide your social security number or bank account information. **There is no cost for a FEMA inspection.**

After your home inspection is completed, a record of the disaster-caused damage is given to FEMA. You may also receive a follow-up call for a quality control inspection. From that record your eligibility for disaster assistance will be determined. If you qualify for a grant, the funds will be issued 7 to 10 days after your application. A letter will also be sent explaining the assistance you qualified for.
