No appointment is necessary to visit a Disaster Recovery Center. Residents are welcome to visit any open DRC and do not have to reside in that county.

FEMA

Disaster Recovery Centers provide disaster survivors with information from Florida state agencies, FEMA and the U.S. Small Business Administration. Survivors can get help applying for federal assistance, learn about the types of assistance available, learn about the appeals process and get updates on applications.

Disaster Recovery Centers are accessible to people with disabilities and have assistive technology equipment that allows disaster survivors to interact with staff. Video Remote Interpreting is available and in-person sign language is available by request. The centers also have accessible parking, ramps and restrooms.

It is not necessary to visit a center. Survivors can apply by calling 800-621-3362, going online at disasterassistance.gov, or using the [FEMA mobile app](#). The line is open every day from 7 a.m. to 10 p.m. ET. Help is available in most languages. If you use a relay service, such as video relay (VRS), captioned telephone or other service, give FEMA your number for that service. To view an accessible video about how to apply visit: [Three Ways to Register for FEMA Disaster Assistance - YouTube](#).

Deadline to apply is November 29, 2023.

FEMA Individual Assistance can help with temporary lodging expenses, basic home repairs and other essential disaster-related needs.
