

Use Documentation Checklists to Help You Complete Your Proof of Loss Form

When filing a claim, documentation is one of the most important steps to completing your Proof of Loss form. To simplify and expedite the process, the Claims Office created checklists for the most common types of loss. The checklists are available to view or download from our website at fema.gov/hermits-peak. Copies will be available at our Mora, Las Vegas, and Santa Fe Claims Offices, Advocate Connects sessions and upcoming events.

Each type of loss or damage listed below may be eligible for compensation but must be a result of the Hermit's Peak/Calf Canyon Fire and flooding. Each list provides documentation options to submit with your Proof of Loss form. If you have questions about other losses or are having trouble finding what you need, speak with your Claims Navigator.

Vehicle Losses Checklist

Vehicle damage may include vehicle repairs or replacement if your vehicle is a total loss. View or download the Vehicle Losses Checklist here:
