

# Photos of Whole-of-America COVID-19 Response Volume 24

---

Release Date: 4? 22, 2020

WASHINGTON — The whole-of-America response to fighting the COVID-19 pandemic continued today, as FEMA reps visited a Battelle decontamination system site in Wisconsin, an alternate care facility was set up in Philadelphia and reusable face shields arrived in New Jersey.

FEMA continues to expedite movement of commercially pre-sourced and commercially procured critical supplies from the global market to medical distributors in various locations across the U.S. through Project Airbridge.

As of April 21, Project Airbridge has completed 70 flights with an additional 46 scheduled. Two flights landed in Chicago yesterday, with four flights scheduled to land today: two in Chicago, one at JFK (NY) and one at LAX.

Through Project Airbridge, the following supplies have been delivered from overseas manufacturers to the U.S. and into private sector supply chains from March 29 to April 19:

- More than 760,000 N95 masks.
- More than 608 million gloves.
- More than 52 million surgical masks.
- More than 7.4 million surgical gowns.
- Nearly 2.1 million thermometers.
- More than 562,000 face shields.

To date, FEMA has obligated \$5.7 billion in support of COVID-19 efforts. In the last 24 hours, that figure includes:

- \$30 million to California.
- \$2 million to Colorado.
- \$6.5 million to Louisiana.

**EAST RUTHERFORD, N.J. (April 20, 2020)** — Another wave of ambulances arrive to support local hospitals and New Jersey EMS personnel and relieve some units from the first wave. Crews were thanked for their COVID-19 response efforts. A moment of silence was held for New Jersey first responders who have lost their lives due to the pandemic. There are currently more than 600 responders assigned in New Jersey.
