The application deadline is Tuesday, March 2, 2022.

FEMA Public Assistance

FEMA's Public Assistance Program (PA) is a grant program which provides funding for rebuilding necessary infrastructure to state and local governments and certain types of private nonprofit organizations following a presidential disaster declaration. Assistance is available for debris removal and emergency protective measures taken to promote public safety. The federal cost share for eligible work is no less than 75 percent. The state is conducting informational briefings for potential applicants on how to apply for this assistance.

Mitigation Community Education & Outreach

FEMA's Mitigation Community Education & Outreach team provides mitigation advice to community members affected by the Marshall Fire and straight-line wind event. Topics include home repair, ignition resistant construction, wind resistant construction, putting together supply kits, and hiring a contractor.
