D.4 Coastal Flooding Analyses and Mapping: Pacific Coast.....	D.4.1-1
D.4.1 Pacific Coast Guidelines Overview .....	D.4.1-2
D.4.1.1 Pacific Coast Setting and Characteristics .....	D.4.1-4
D.4.1.2 Pacific Coast Flood Insurance Studies.....	D.4.1-7
D.4.1.2.1 Study Scoping .....	D.4.1-7
D.4.1.2.2 Regional vs. Local Studies.....	D.4.1-9
D.4.1.2.3 Sheltered Waters .....	D.4.1-10
D.4.1.2.4 Tsunami Hazards .....	D.4.1-12
D.4.1.2.5 Debris.....	D.4.1-12
D.4.1.2.6 Beach Nourishment and Constructed Dunes .....	D.4.1-13
D.4.1.2.7 Hazard Zone Definitions and Use by FEMA.....	D.4.1-13
D.4.1.2.8 Reporting Requirements .....	D.4.1-15
D.4.2 Study Methodology.....	D.4.2-1
D.4.2.1 Overview.....	D.4.2-1
D.4.2.2 Setting .....	D.4.2-2
D.4.2.2.1 Open Coast and Sheltered Water .....	D.4.2-3
D.4.2.2.2 Shoreline Profile Settings .....	D.4.2-3
D.4.2.3 Coastal Zones.....	D.4.2-5
D.4.2.4 Event and Response Analysis Considerations .....	D.4.2-8
D.4.2.5 Selection of Events .....	D.4.2-10
D.4.2.5.1 Open Coast.....	D.4.2-10
D.4.2.5.2 Sheltered Waters .....	D.4.2-10
D.4.2.5.3 1% Annual Chance Conditions.....	D.4.2-10
D.4.2.5.4 0.2% Annual Chance Conditions.....	D.4.2-16
D.4.2.6 Summary of Methods.....	D.4.2-16
D.4.2.7 Examples.....	D.4.2-18
D.4.2.7.1 Open Coast, Dune Backed Beach Scenario Using <i>Parametric</i> DIM Model for Setup/Runup ....	D.4.2-20
D.4.2.7.2 Open Coast, Dune Backed Beach Scenario Using <i>Numerical</i> DIM Model for Setup/Runup ....	D.4.2-24
D.4.2.7.3 Sheltered Water, Seawall Backed Beach Scenario Using Parametric DIM for Setup/Runup .....	D.4.2-27
D.4.3 Flood Frequency Analysis Methods .....	D.4.3-1
D.4.3.1 The 1% Annual Chance Flood.....	D.4.3-1
D.4.3.2 Event vs. Response Statistics .....	D.4.3-2
D.4.3.2.1 Event-Selection Method.....	D.4.3-2
D.4.3.2.2 Response-based Approach .....	D.4.3-3
D.4.3.2.3 Hybrid Method.....	D.4.3-4
D.4.3.3 General Statistical Methods .....	D.4.3-4
D.4.3.3.1 Overview.....	D.4.3-4
D.4.3.3.2 Elementary Probability Theory.....	D.4.3-5

## Table of Contents (cont.)

<b>Section</b>		<b>Page</b>
D.4.3.3.3	Distributions of Continuous Random Variables .....	D.4.3-6
D.4.3.3.4	Stationarity .....	D.4.3-8
D.4.3.3.5	Correlation Between Series.....	D.4.3-9
D.4.3.3.6	Convolution of Two Distributions.....	D.4.3-9
D.4.3.3.7	Important Distributions .....	D.4.3-9
D.4.3.4	Data Sample and Estimation of Parameters.....	D.4.3-12
D.4.3.4.1	Plotting Positions .....	D.4.3-13
D.4.3.4.2	Method of Moments: Conventional Moments .....	D.4.3-14
D.4.3.4.3	Method of Moments: Probability-weighted Moments and Linear Moments .....	D.4.3-14
D.4.3.4.4	Maximum Likelihood Method.....	D.4.3-14
D.4.3.5	Extreme Value Analysis in an FIS.....	D.4.3-15
D.4.3.6	Simulation Methods.....	D.4.3-17
D.4.3.6.1	JPM .....	D.4.3-17
D.4.3.6.2	EST .....	D.4.3-18
D.4.3.6.3	Monte Carlo Method.....	D.4.3-18
D.4.3.7	Additional Resources .....	D.4.3-19
D.4.4	Waves and Water Levels .....	D.4.4-1
D.4.4.1	Waves.....	D.4.4-1
D.4.4.1.1	Wave Spectra .....	D.4.4-2
D.4.4.1.2	Measured Deepwater Wave Data.....	D.4.4-4
D.4.4.1.3	Hindcast Wave Data .....	D.4.4-6
D.4.4.1.4	Wave Transformations.....	D.4.4-11
D.4.4.1.5	Waves in Sheltered Waters .....	D.4.4-22
D.4.4.1.6	Data Requirements.....	D.4.4-25
D.4.4.1.7	Documentation.....	D.4.4-25
D.4.4.2	Water Levels .....	D.4.4-26
D.4.4.2.1	Overview .....	D.4.4-26
D.4.4.2.2	Astronomic Tide .....	D.4.4-26
D.4.4.2.3	Surge .....	D.4.4-31
D.4.4.2.4	Water Levels in Sheltered Waters.....	D.4.4-34
D.4.4.2.5	Water Levels During El Niños.....	D.4.4-38
D.4.4.2.6	1% Annual Chance Still Water Levels .....	D.4.4-39
D.4.4.2.7	Non-Stationary Processes .....	D.4.4-44
D.4.5	Wave Setup, Runup, and Overtopping .....	D.4.5-1
D.4.5.1	Wave Setup and Runup.....	D.4.5-1
D.4.5.1.1	Introduction.....	D.4.5-1
D.4.5.1.2	Background, Definitions, and Approaches .....	D.4.5-1
D.4.5.1.3	General Input Requirements .....	D.4.5-6
D.4.5.1.4	Setup and Runup on Beaches: Descriptions and Recommendations.....	D.4.5-7
D.4.5.1.5	Runup on Barriers .....	D.4.5-10

## Table of Contents (cont.)

<b>Section</b>		<b>Page</b>
D.4.5.2	D.4.5.1.6 Example Computations of Total Runup .....	D.4.5-18
	D.4.5.1.7 Documentation.....	D.4.5-20
	Overtopping .....	D.4.5-20
	D.4.5.2.1 Overview.....	D.4.5-20
	D.4.5.2.2 Background.....	D.4.5-23
	D.4.5.2.3 Data Requirements.....	D.4.5-27
	D.4.5.2.4 Mean Overtopping Rate at the Crest.....	D.4.5-27
	D.4.5.2.5 Limits of Overtopping and Hazard Zones Landward of the Barrier Crest .....	D.4.5-28
D.4.5.3	D.4.5.2.6 Documentation.....	D.4.5-32
	Wave Dissipation and Overland Wave Propagation.....	D.4.5-32
	D.4.5.3.1 Assessment of Enhanced Wave Dissipation.....	D.4.5-33
	D.4.5.3.2 Wave Attenuation by Bottom and Vegetation Interactions.....	D.4.5-34
	D.4.5.3.3 Overland Wave Propagation (WHAFIS) .....	D.4.5-38
	D.4.5.3.4 Documentation .....	D.4.5-39
D.4.6	Coastal Erosion .....	D.4.6-1
	D.4.6.1 Overview.....	D.4.6-1
	D.4.6.2 Pacific Coast Characteristics Related to Storm-induced Erosion .....	D.4.6-1
	D.4.6.3 Background and Definitions .....	D.4.6-2
	D.4.6.3.1 Coastal Exposure .....	D.4.6-2
	D.4.6.3.2 Beach Setting .....	D.4.6-3
	D.4.6.3.3 Data Sources .....	D.4.6-9
	D.4.6.4 Estimating Eroded Beach Profiles .....	D.4.6-12
	D.4.6.4.1 The Concept of the Most Likely Winter Profile .....	D.4.6-12
	D.4.6.4.2 General Approach for Estimating Eroded Beach Profiles from Single Storms.....	D.4.6-12
	D.4.6.5 Estimating Profile Changes for Sand Beaches Backed by Low Sand Berms or High Dunes (Beach Setting No. 1) .....	D.4.6-14
	D.4.6.5.1 General K&D and MK&A Model Characteristics and Applicability.....	D.4.6-16
	D.4.6.5.2 MK&A and Its Application to Beach Setting No. 1 .....	D.4.6-17
	D.4.6.5.3 Time Dependency of Profile Response (Within the MK&A and K&D Models) .....	D.4.6-23
	D.4.6.5.4 Summary of the MK&A Geometric Modeling Approach for Sand Beaches Backed by Sand Berms and Dunes (Beach Setting No. 1) .....	D.4.6-26
	D.4.6.5.5 K&D Geometric Modeling Approach for Sand Beaches Backed by Sand Berms and Dunes (Beach Setting No. 1).....	D.4.6-28
	D.4.6.5.6 Potential Future Use of Process-based Models.....	D.4.6-33

## Table of Contents (cont.)

<b>Section</b>		<b>Page</b>
D.4.6.6	Estimating Profile Changes for Sandy Beaches Backed by Protective Structures (Beach Setting No. 2) .....	D.4.6-34
D.4.6.7	Estimating Profile Changes for Gravel and Cobble Beaches (Beach Setting No. 3).....	D.4.6-36
D.4.6.8	Estimating Profiles for Beaches Backed by Erodible Bluffs or Cliffs (Beach Setting No. 4) .....	D.4.6-40
	D.4.6.8.1 General Approach for Beach Setting No. 4 .....	D.4.6-42
	D.4.6.8.2 Detailed Bluff Erosion Analyses .....	D.4.6-44
D.4.6.9	Estimating Beach Profiles for Beaches Backed by Erosion-Resistant Bluffs or Cliffs (Beach Setting No. 5).....	D.4.6-48
D.4.6.10	Profiles in Tidal Flats and Wetlands (Beach Setting No. 6) ....	D.4.6-48
D.4.7	Coastal Structures .....	D.4.7-1
D.4.7.1	Purpose and Overview .....	D.4.7-1
D.4.7.2	Evaluation Criteria.....	D.4.7-2
	D.4.7.2.1 Detailed Engineering Evaluation of Coastal Armoring Structures.....	D.4.7-2
	D.4.7.2.2 Coastal Armoring Structure Evaluation Based on Limited Data and Engineering Judgment .....	D.4.7-3
	D.4.7.2.3 Evaluation of Beach Stabilization Structures .....	D.4.7-3
D.4.7.3	FIS Treatment of Coastal Armoring Structures .....	D.4.7-4
	D.4.7.3.1 Failure and Removal of Coastal Armoring Structures .....	D.4.7-4
	D.4.7.3.2 Partial Failure of Coastal Armoring Structures .....	D.4.7-4
	D.4.7.3.3 Buried Coastal Structures .....	D.4.7-9
	D.4.7.3.4 Coastal Levees .....	D.4.7-9
	D.4.7.3.5 Operation and Maintenance .....	D.4.7-16
D.4.7.4	FIS Treatment of Beach Stabilization Structures.....	D.4.7-16
D.4.7.5	FIS Treatment of Miscellaneous Structures.....	D.4.7-17
	D.4.7.5.1 Piers, Navigation Structures, and Port Facilities ....	D.4.7-17
	D.4.7.5.2 Bridges, Culverts, and Tide Gates .....	D.4.7-18
D.4.7.6	Data Requirements.....	D.4.7-18
D.4.7.7	Study Documentation.....	D.4.7-19
D.4.8	Tsunamis (Future Section).....	D.4.8-1
D.4.9	Mapping of Flood Hazard Zones and Base Flood Elevations .....	D.4.9-1
D.4.9.1	Review and Evaluation of Basic Results .....	D.4.9-1
D.4.9.2	Identification of Flood Insurance Risk Zones.....	D.4.9-2
	D.4.9.2.1 VE Zone .....	D.4.9-2
	D.4.9.2.2 AE Zone .....	D.4.9-5
	D.4.9.2.3 AH Zone.....	D.4.9-5
	D.4.9.2.4 AO Zone.....	D.4.9-5
	D.4.9.2.5 X Zone .....	D.4.9-5

## **Table of Contents (cont.)**
