Comments: 08/03/06 – FEMA’s Programmatic Agreement (PA), dated December 3, 2004, provides for expedited project review under Section 106 of the National Historic Preservation Act (NHPA). The scope of work as submitted in this PW has been reviewed and meets the criteria outlined in Appendix A, Programmatic Allowances, Section {I. H. and II.E.1}, of the document. In keeping with the stipulations of the PA, all proposed repair activities should be done in-kind to match existing materials and form. If during the course of work, archaeological artifacts (prehistoric or historic) or human remains are discovered, the applicant shall stop work in the vicinity of the discovery and take all reasonable measures to avoid or minimize harm to the finds. The applicant shall inform their Public Assistance (PA) contacts, who will in turn contact FEMA Historic Preservation staff. The applicant will not proceed with work until FEMA Historic Preservation staff has completed consultation with the Louisiana State Historic Preservation Officer (SHPO). In addition, if unmarked graves are present, compliance with the Louisiana Unmarked Human Burial Sites Preservation Act (R.S. 8:671 ET SEQ.) is required. The applicant shall notify the law enforcement agency of the jurisdiction where the remains are located within twenty-four hours of the discovery. The applicant shall also notify FEMA and the Louisiana Division of Archaeology by calling 225-342-8170 within seventy-two hours of the discovery. Failure to comply with these stipulations may jeopardize receipt of FEMA funding. Any change to the approved scope of work will require resubmission for re-evaluation under Section 106 and consultation with the SHPO. Non-compliance may jeopardize the receipt of federal funding. This concludes the Section 106 review for this project. Shirley Shirley, Archaeologist/Historic Preservation Specialist

2/9/07 - Scope of work indicates ground disturbing activities associated with replacing fencing recreational sports equipment and a dugout. Upon consultation of data provided by the State Historic Preservation Officer (SHPO), there are no known archaeological sites within .25 miles of the project area and all work will occur within a previously disturbed area. Therefore, the scope of work as submitted meets the criteria outlined in the Programmatic Agreement dated December 3, 2004, Appendix A, Section I E, F and I. In accordance with this document, FEMA is not required to submit projects to the SHPO for review where the work performed meets these allowances. If during the course of work, archaeological artifacts (prehistoric or historic) or human remains are discovered, the applicant shall stop work in the vicinity of the discovery and take all reasonable measures to avoid or minimize harm to the finds. The applicant shall inform their Public Assistance (PA) contacts at FEMA, who will in turn contact FEMA Historic Preservation staff. The applicant will not proceed with work until FEMA Historic Preservation staff complete consultation with the Louisiana SHPO. In addition, if unmarked graves are present, compliance with the Louisiana Unmarked Human Burial Sites Preservation Act (R.S. 8:671 ET SEQ.) is required. The applicant shall notify the law enforcement agency of the jurisdiction where the remains are located within twenty-four hours of the discovery. The applicant shall also notify FEMA and the Louisiana Division of Archaeology at 225-342-8170 within seventy-two hours of the discovery. Failure to comply with these Stipulations & Additional Protocols will Jeopardize receipt of FEMA funding. - Dana Linck, Historic Preservation Specialist/Archaeologist.
