

Fire Management Assistance Grant Program

The Federal Emergency Management Agency's (FEMA) Fire Management Assistance Grant Program (FMAGP) is a disaster assistance grant program available to States, territories, local governments, and Indian tribal governments intended to aid States and their communities with the mitigation, management, and control of fires burning on publicly or privately owned forests or grasslands.

FMAGP is authorized under the Robert T. Stafford Disaster Relief Act, P.L. 93-288 as amended, and 44 CFR § 204.

FEMA

APPLYING FOR ASSISTANCE UNDER FMAGP

For eligible grant applicants to receive assistance under FMAGP, the Governor or the Governor's Authorized Representative must request a fire management assistance declaration while the fire is burning out of control and threatens to become a major disaster. FEMA Regional Administrator makes declarations on a 24-hour real-time basis. Declaration eligibility determinations are based upon the following criteria:

- Threat to lives and improved property, including threats to critical infrastructure, and critical watershed areas;
- Availability of State and local firefighting resources;
- High fire danger conditions; and
- Potential for major economic impact.

FMAGP ASSISTANCE

FMAGP provides a 75% federal cost-share only reimbursement to Grantees for actual eligible costs. The State must meet or exceed the annually adjusted individual or cumulative fire cost thresholds prior to any funding being approved. Costs incurred for declared and undeclared fires can be used to meet these thresholds.

ELIGIBLE WORK

In order for work to be eligible for reimbursement, it must be associated with the declared fire and must have occurred within the approved incident period.

Eligible work may include:

- Labor costs for overtime of permanent or reassigned state and local employees; regular time and overtime for temporary and contract employees hired to perform fire-related activities;
- Operation and maintenance of equipment used in eligible firefighting activities;
- Equipment and supplies, including tools, materials, expended, or lost (less insurance proceeds);
- Personal comfort and safety items for firefighter health and safety;
- Travel and per diem;
- Field camps and meals in lieu of per diem.;
- Emergency work (evacuations and sheltering, police barricading, and traffic control);
- Evacuations and sheltering, search and rescue;
- State emergency operations center (when used as a Unified Command Center);
- Mobilization and demobilization;
- Mitigation, management, and control of declared fires burning on co-mingled Federal land, when such costs are not reimbursable by another Federal agency;
- Temporary repair of damage caused by firefighting activities; and
- Pre-positioning of Federal and out-of-State resources for up to 21 days when used in response to declared fire and approved by the Regional Director.

FMAGP FUNDING APPLICATION PROCESS

Once a fire management assistance declaration has been issued by FEMA, the following documents must be submitted to the FEMA Regional Office as part of the grant application process:

FEMA-State Agreement/Exhibit E and/or Tribal Agreement signed by the Governor/Indian tribal government and the Regional Director. The agreement defines necessary terms and conditions consistent with the provisions of applicable laws and Executive Orders. The agreement is amended via an Exhibit E for each fire declaration.

Standard State Mitigation Plan that addresses wildfire risks and mitigation measures.

State Administrative Plan that describes the Grantee's procedures for administering FMAGP.

Request for Federal Assistance form (SF 424), the formal request by the State or Indian tribal government for FMAGP funding assistance.

Assurances and Certifications (FF 20-16) is submitted along with the SF 424.

Request for Fire Management Assistance Subgrant (RFMAS) (FF 089-0-24) identifies applicants requesting sub-grant FMAGP assistance.

Project Worksheet (PW) (FF 009-0-0-7) describes the scope of work eligible for reimbursement.

Federal Financial Report (FFR) (SF 425) reports all costs incurred within the incident period and all administrative costs incurred within the performance period.
