Comments: 8.8.06 – FEMA’s Programmatic Agreement (PA), dated December 3, 2004, provides for expedited project review under Section 106 of the National Historic Preservation Act (NHPA). The scope of work as submitted in this PW has been reviewed and meets the criteria outlined in Appendix A, Programmatic Allowances, Sections II.A.1; II.A.2; II.A.4; II.A.6; II.B.1; II.D.1; II.D.2; II.E.1 AND II.F.1 of the document. In accordance with the PA, FEMA is not required to determine the National Register eligibility of properties or to submit projects to the State Historic Preservation Officer (SHPO) for review where the work performed meets these allowances. In keeping with the stipulations of the PA, all proposed repair activities should be done in-kind to match existing materials and form. Any change to the approved scope of work will require resubmission for re-evaluation under Section 106 and consultation with the SHPO. Non-compliance may jeopardize the receipt of federal funding. This concludes the Section 106 review for this project. James Crouch, Historic Preservation Specialist
