Applicant Name: Recovery School District

Project Locations: John W. Hoffman Elementary School - Location: 29.94531, -90.09492
2622 S. Prieur Street, New Orleans, LA 70114

Project Description:

On August 29, 2005, Hurricane Katrina and its aftermath caused wind and flood damages to facilities at the Recovery School District John W. Hoffman Elementary School. The Orleans Parish School Board and the Recovery School District prepared a Schools Facilities Master Plan for Orleans Parish for renovations and rebuilding of schools following Katrina. The Applicant plans to complete demolition of the John W. Hoffman Elementary School Buildings.

Building H on the John W. Hoffman Elementary School campus is a two story brick classroom building and was not eligible for replacement. The hazardous material abatement and demolition of the campus included Building H, a two-story brick slab-on-grade building totaling 11,550 square feet. The project includes removal of the foundations and site elements, as well as site grading and hydro-seeding. A site security fence will be installed at the end of the demolition activities.
