Re: FEMA 4020-DR-NY, Site name: Prattsville Fire District Facility Replacement Project

Dear Christine Piwonka-Bernstein,

Thank you for notifying the Delaware Tribe of the plans for the above referenced project and providing the Environmental Assessment. Our review indicates that there are no religious or culturally significant sites in this project area and we have no objection to the proposed project. We defer further comment to your office.

We wish to continue as a consulting party on this project. We ask that if any archaeological remains (artifacts, subsurface features, etc.) are discovered during the construction process that construction be halted until an archaeologist can view and assess the finds. Furthermore, we ask that if any human remains are accidentally unearthed during the course of the project that you cease development immediately and inform the Delaware Tribe of Indians of the inadvertent discovery.

If you have any questions, feel free to contact this office by phone at (609) 220-1047 or by e-mail at [temple@delawaretribe.org](mailto:temple@delawaretribe.org).

Sincerely,

Blair Fink
