

## **Webinar: Citizen Corps and CERT Showcase**

How does your Citizen Corps or CERT program compare with others around the country? The National Citizen Corps and CERT Program Office will host a webinar on October 15, 2014 from 1:00 – 2:00 p.m. (Eastern Time) to showcase registration data collected from local Citizen Corps and CERT programs last year and discuss updates to the registration system.

This webinar will highlight strengths, document national trends, and also identify needs and potential areas of growth for Citizen Corps Councils and CERT Programs. We will also clarify how the National Program Office uses your registration data to demonstrate how your programs contribute to resilience at the local, county, tribal, and state levels, and to make the case for continued support for Citizen Corps and CERT.

In addition, the webinar will present recent enhancements to the registration website, as well as anticipated new features, such as a future capability allowing state and local programs to generate their own individual reports based on the data they've entered. This is intended to make it easier for programs to use their data to demonstrate the value they bring to their communities, justify continued support, highlight areas of growth, identify needs for new resources, and set strategic direction.

We hope to see you on the webinar! Additional details are below.

### **Date/Time**

- Wednesday October 15, 2014
- 1:00 p.m. Eastern Time /10:00 a.m. Pacific Time

### **Join the Webinar**

- Adobe Connect Registration Web
