

Assistance to Firefighters Grant Program (AFG)

FEMA

Economic Hardship Supplemental Information Hiring of Firefighters Activity

If you are planning to apply under the Hiring of Firefighters Activity, new questions have been added to the application to assist with understanding the economic condition of fire departments across the United States. Collecting this information beforehand will reduce the time and energy needed to complete your application when the next grant cycle opens.

The purpose of these questions is to gather information on the economic condition of fire departments applying for these grants. These responses will assist the SAFER Program with establishing an economic hardship waiver for future years of this program. When you provide the information to the questions below, it serves as useful indicators of a department's economic stability and we will better understand what data is available. We strongly encourage you to submit as much information as possible.* If you are unable to supply the information for any of the questions, please indicate as appropriate.

**This information will be removed from the application when printed and will not be seen or evaluated by the peer reviewers.*

<p>1. What is the rate of unemployment of the community, within the department's first due response geographical area, over the last three (3) years? Please indicate using a percentage and in the text box next to each of the rate percentages, indicate the year to which that figure pertains.</p>	<p>Rate: _____ % Year: _____ Rate: _____ % Year: _____ Rate: _____ % Year: _____ <input type="checkbox"/> I am unable to provide this information.</p>
