Dear Sir:

This letter is in response to your correspondence dated December 23, 2015 to William Clarke, Regional Permit Administrator, NYSDEC. Department staff have reviewed the Environmental Assessment you provided for the above referenced project and have no comments.

As discussed in the Assessment, an Article 15 Protection of Waters permit will be required from this agency to conduct the proposed work. The application forms are available online at <http://www.dec.ny.gov/permits/6222.html> and should be submitted to me at this office along with a Short Environmental Assessment Form, plans, map and photos.

Thank you for the opportunity to review this project at this time.

Sincerely,

Martha A. Bellinger
Dep.Reg.Permit Administrator
