

Thirty-Second Live-Read Radio Public Service Announcement (PSA) Script

Flood risk can change over time and a community's flood insurance rate map shows how those risks have changed, helping to protect lives and property. [County name]'s preliminary flood insurance rate maps reflect how *your* risk may have changed. Learn more about [County name]'s preliminary flood insurance rate maps at [\[enter MSC website address\]](#).

Community members should know that FEMA provides an appeals process for those who have information that may change their preliminary flood hazard determination. For details on the appeals process and map revisions, visit [\[enter website address\]](#).

Again, learn more about [County name]'s preliminary flood insurance rate maps at [\[enter MSC website address\]](#). A message from [County name].
