

**Formal National Dam Safety Review Board (NDSRB) Request to Emergency Action
Planning Workgroup**

11/07/2016

Issue: In accordance with the recommendation of the NDSRB, FEMA is requesting the Emergency Action Planning workgroup to provide recommendations for the establishment of an Emergency Manager Liaison position for the NDSRB at the January meeting.

Action Required: In order for the NDSRB to recommend to FEMA on whether or not this position should be created as a non-voting member of the Board, it is requested of the EAP workgroup to determine the duties, goals and role of the position and report out to the Board during the January Meeting.

Deadline: January 25th, 2016

Discussion/Considerations: James Demby has already spoken to Mark Slauter about the position and his vision for it; however, the EAP workgroup should call on him if they require any further information.
