

Public Works & Emergency Management: Restoring Life Line Services

Philip R. Mann

Public Works Director,
City of Gainesville, Florida

Philip Mann has been with the City of Gainesville since 1987, currently as the Public Works Director. He started his career with the City as an entry level engineer. He is a 1987 graduate from North Carolina State University with a Bachelor of Science in Civil

Engineering. He is a registered Professional Engineer in the State of Florida. Mann is the Chair of the American Public Works Association's (APWA) Emergency Management Team and is APWA's Representative to the Department of Homeland Security's SAFECOM Committee and to the Public Safety Advisory Committee (PSAC) working on the FirstNet project.

As a member of the City of Gainesville's Public Works Department, he is the Incident Commander for Public Works and member of the City's Unified Command Team with the Fire-Rescue and Police Departments on all hazards. He co-authored a paper entitled "Public Works and Terrorism Response—Black Sunday" that was published by the APWA as a Best Practice for Public Works Agencies and their role in planned special events at high capacity venues.
