

COMMUNITY LIFELINES IMPLEMENTATION TOOLKIT

Comprehensive information and resources for implementing lifelines during incident response

This **Community Lifelines Toolkit** was created to provide unified guidance and information on what the lifelines are and how they can be implemented within response operations.

It serves as a resource for partners to implement lifelines and gain a better understanding of them. The toolkit contains **fact sheets**, **templates**, and a **presenter guide** along with a set of **presentation slides** for both FEMA employees and external partners.

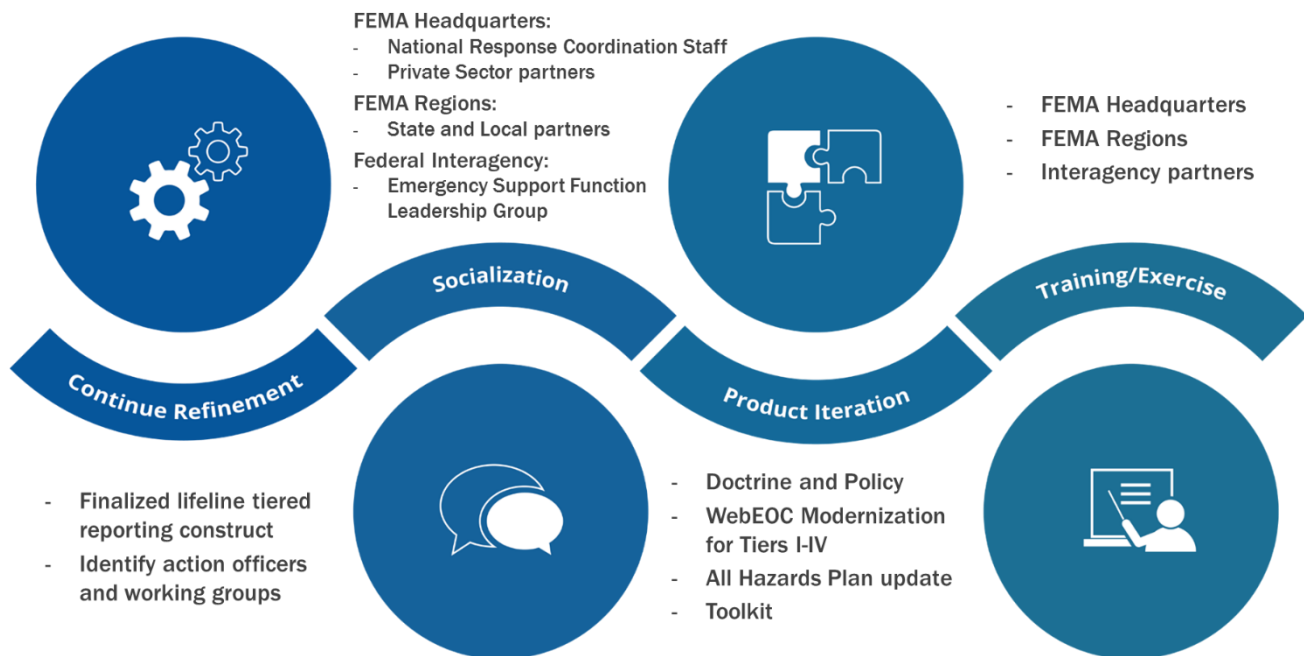

The “What, So What, and Now What”?

- This toolkit is a comprehensive lifelines training product
- It is Intended to inform any interested party on the construct and implementation of lifelines
- The toolkit will continue to be updated as lifeline implementation matures

The way forward

The Agency’s lifeline implementation plan identifies four main objectives:

- Continued Refinement of the lifeline construct
- Socialization of lifelines with key partners
- Development of lifeline Implementation Products; and
- Training and Exercise opportunities
