Preliminary Damage Assessment Report

Virginia – Tropical Storm Michael
FEMA-4411-DR

Declared December 18, 2018

On December 5, 2018, Governor Ralph S. Northam requested a major disaster declaration due to Tropical Storm Michael during the period of October 9-16, 2018. The Governor requested a declaration for Public Assistance for 25 counties and two independent cities and Hazard Mitigation for the entire commonwealth. Beginning on October 5, 2018, joint federal, commonwealth, and local government Preliminary Damage Assessments (PDAs) were conducted in the requested areas and are summarized below. PDAs estimate damages immediately after an event and are considered, along with several other factors, in determining whether a disaster is of such severity and magnitude that effective response is beyond the capabilities of the commonwealth and the affected local governments, and that Federal assistance is necessary.1

On December 18, 2018, President Trump declared that a major disaster exists in the Commonwealth of Virginia. This declaration made Public Assistance requested by the Governor available to commonwealth and eligible local governments and certain private nonprofit organizations on a cost-sharing basis for emergency work and the repair or replacement of facilities damaged by Tropical Storm Michael in the counties of Amelia, Appomattox, Brunswick, Campbell, Charlotte, Chesterfield, Cumberland, Dinwiddie, Essex, Floyd, Fluvanna, Franklin, Halifax, King and Queen, Lunenburg, Montgomery, New Kent, Northumberland, Nottoway, Pittsylvania, Powhatan, Prince Edward, Rappahannock, Richmond, and Roanoke and the independent cities of Danville and Galax. This declaration also made Hazard Mitigation Grant Program assistance requested by the Governor available for hazard mitigation measures for the entire commonwealth.2

Summary of Damage Assessment Information Used in Determining Whether to Declare a Major Disaster

Individual Assistance – (not requested)

- Total Number of Residences Impacted:3
  - Destroyed -
  - Major Damage -
  - Minor Damage -
  - Affected -

- Percentage of insured residences:4 -

- Percentage of low income households:5 -
Public Assistance

- Primary Impact: Damage to roads and bridges
- Total Public Assistance cost estimate: $20,376,422
- Statewide per capita impact: $2.55
- Statewide per capita impact indicator: $1.50
- Area-wide per capita impact: Amelia County ($132.37), Appomattox County ($4.64), Brunswick County ($5.03), Campbell County ($6.68), Charlotte County ($85.65), Chesterfield County ($4.03), Cumberland County ($18.46), Dinwiddie County ($6.33), Essex County ($6.11), Floyd County ($7.15), Fluvanna County ($4.07), Franklin County ($4.36), Halifax County ($45.84), King and Queen County ($6.25), Lunenburg County ($93.36), Montgomery County ($4.98), New Kent County ($4.47), Northumberland County ($13.04), Nottoway County ($256.74), Pittsylvania County ($24.30), Powhatan County ($16.01), Prince Edward County ($52.97), Rappahannock County ($5.39), Richmond County ($9.25), Roanoke County ($8.18), City of Danville ($62.06), and City of Galax ($64.70).
- Countywide per capita impact indicator: $3.78

1 The Preliminary Damage Assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and resulting needs of individuals, businesses, public sector, and community as a whole. Information collected is used by the State as a basis for the Governor’s request for a major disaster or emergency declaration, and by the President in determining a response to the Governor’s request (44 CFR § 206.33).
2 When a Governor’s request for major disaster assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act) is under review, a number of primary factors are considered to determine whether assistance is warranted. These factors are outlined in FEMA’s regulations (44 CFR § 206.48). The President has ultimate discretion and decision making authority to declare major disasters and emergencies under the Stafford Act (42 U.S.C. § 5170 and § 5191).
3 Degree of damage to impacted residences:
   - Destroyed – total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof);
   - Major Damage – substantial failure to structural elements of residence (e.g., walls, floors, foundation), or damage that will take more than 30 days to repair;
   - Minor Damage – home is damaged and uninhabitable, but may be made habitable in short period of time with repairs; and
   - Affected – some damage to the structure and contents, but still habitable.
4 By law, Federal disaster assistance cannot duplicate insurance coverage. 42 U.S.C. § 5155 and 44 C.F.R. § 206.48(b)(5).
5 Special populations, such as low-income, the elderly, or the unemployed may indicate a greater need for assistance. 44 C.F.R. § 206.48(b)(3).
6 Ibid. 44 C.F.R. § 206.48(b)(3).
7 Based on State population in the 2010 Census.
8 Statewide Per Capita Impact Indicator for FY19, Federal Register, October 1, 2018.
9 Countywide Per Capita Impact Indicator for FY19, Federal Register, October 1, 2018.
