- Public Open Space
- Soils With Building Limitations
- Surface Water
- Planned Neighborhood
- Single Family Residential
- Mixed Residential
- Central Business District
- Planned Business
- General Business
- General Industrial
- Planned Industrial
- Institutional

The Planned Neighborhood designation provides flexibility for future planning. This symbol does not represent actual percentages of land in each land use category. Instead, it represents the breadth of land uses that may be included in future neighborhoods to best serve community desires and needs.

Shapes on map represent general recommendations for future land use. Actual boundaries between different land use categories and associated zoning districts may vary somewhat from representations on this map.
