MINUTES COUNCIL MEETING

Thursday, June 18, 2009 6:00 P.M.
RUSSELL THOMAS, JR. PUBLIC SAFETY BUILDING

Present: Mayor Barry Blount, Mayor Pro Tem Walton Grant, Council members Eloise Paschal, Eddie Rhea Walker, Lou Chase, Lorenzo Johnson and Alex Saratsiotis.

Staff Present: Sammy Deason, Natural Gas Services Director; James Green, Police Chief; Allen Erkhart, Fire Chief; Jimmy Skipper, City Attorney, Suzanne Freeman, Finance Director; Charlotte Cotton, Chief Administrative Officer and Paula Martin, City Clerk.

Mayor Blount called the meeting to order and welcomed everyone. Council member Grant made the motion, seconded by Council member Walker to adopt the agenda as presented. There was no discussion and the motion was approved.

After a moment of silence in memory of former Council member Steve Jones, Council member Lou Chase gave the invocation and led those present in the Pledge to the United State Flag.

RECOGNITION OF GUESTS

Honorary Council member - Mayor Blount introduced Mr. Andrew Wilson, 203 Wildwood Circle, who has been serving as the June Honorary Council member having

been appointed by Council member Lou Chase. Mayor Blount presented him with a proclamation in recognition of his service. Mr. Wilson thanked Lou Chase for the appointment and he stated that it has been very interesting and informative.

Oath of Office - Mayor Blount administered the oath of office to Albert Cooper who has been appointed to the Planning and Zoning Commission and Tracy Law who has been appointed to the Americus Theater and Cultural Center Authority.

PUBLIC HEARINGS

Mayor Blount stated that a public hearing is required for the following request. He explained that ten minutes would be allowed for those who wish to speak for and those that wish to speak against each request.

Phoebe Putney Zoning Public Hearing - Ms. Cotton stated that a public hearing is required to receive citizen input considering a request from Thomas A. Barr, represented by Phoebe Putney Health System, Inc. and Attorney Michael A. Fennessy, to zone 45.278 acres of property located in Land Lots 177 and 178 of the 27th land district of Sumter County, Georgia to IN (Institutional). She stated that the Planning and Zoning Commission recommends approval of this request.

Attorney Michael A. Fennessy was present to speak in favor of this request. He reviewed with the Mayor and Council a map of the property. He stated that they would like to have this zoned and annexed in order to construct the hospital on this site. This will be a seventy six bed hospital and will have access from US Hwy 280. They feel that this is an excellent site for the new hospital. He introduced the architect for the hospital, Mr. John Fisher and Mr. Keith Peterson.

There was no one present to speak against the request. Final action will be taken at the July meeting.

Phoebe Putney Rezoning Public Hearing - Ms. Cotton stated that a public hearing is required to receive citizen input considering a request from Thomas A. Barr, represented by Phoebe Putney Health System, Inc. and Attorney Michael A. Fennessy, to rezone 1.58 acres of property known as parcel number 26-1-1 from AG (Agricultural) to IN (institutional).

Attorney Fennessy was present to speak in favor of the request. He reviewed a map with the Mayor and Council. This is a small piece of property that needs to be zoned the same as the other property that is adjacent to this property. There was discussion concerning the entrances to the property from Hwy 280 and Hwy 19.

There was no one to speak against the request. Final action will be taken at the July meeting.

CONSENT AGENDA

Council member Grant made the motion, seconded by Council member Johnson to approve the consent agenda as presented. There was no discussion and the motion passed unanimously.

Minutes - Consider approval of the minutes of the meetings of the Mayor and Council held May 11, May 14, May 18, May 20, May 21 and May 28.

City Departments Reviews

Public Works:

Water: *No Opposition.*

Gas: *No Opposition, but is in need of the gas load from the hospital to size the lines.*

Electric:

Fire: *Is concerned about the natural gas line in the area, and about the inaccessibility of the area in the event of major flooding.*

Police: *The primary concern is placing a hospital within shock wave distance of highly flammable and explosive fuel tanks.*

STANDARDS FOR EXERCISE OF ZONING POWERS.

1. *Would the proposed amendment permit a use that is suitable in view of the use and development of adjacent and nearby property? Yes.*
2. *Would the proposed amendment likely have an adverse affect upon the existing use, usability or economic value, of adjacent or nearby property? No.*
3. *Would the property to be affected by the proposed amendment have a reasonable economic use as currently zoned? Not likely.*
4. *Would the proposed amendment likely result in a use which would or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities or schools, or would otherwise likely have an adverse impact upon public health, safety, morality or general welfare? No.*
5. *In the event that the City has adopted a land use plan, is the proposed amendment in conformity with the policy and intent of the land use plan? No, the future land use map designates this area to be used as commercial property.*
6. *Are there other existing or changing conditions affecting the use and development of the property which gives supporting grounds for either approval or disapproval of the proposed amendment? No.*
7. *Is the subject property itself suitable for the proposed use which it is intended to be put after being rezoned? Yes.*
8. *Has the length of time that the subject property been vacant as zoned been considered in the context of land development in the area in the vicinity of the property? Yes.*
9. *Does the property owner presently intend to develop the property in accord with the proposed amended zoning classification within a reasonable time after approval of the proposed amendment? _____ (Left blank intentionally)*

SUBJECT: UST Closure Report
Estate of Charles S. Wheatley
North Mayo and East Jefferson Streets
Americus, GA; Sumter County
Facility ID: 91290003 *Closure

Dear Mr. Lawler:

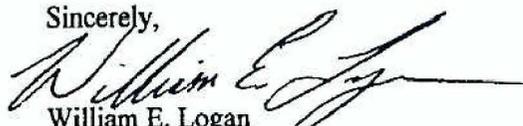

This is to acknowledge your letter, dated February 14, 1992, that forwarded a UST Closure Report, for our review. The report was prepared by ATEC Associates, Inc.

We have conducted a technical review of the Closure Report. The basis for this review is the Closure Report content referenced in paragraph 391-3-15-.11(3) of the Georgia Rules for Underground Storage Tank Management (GUST Rules). The Georgia Environmental Protection Division (EPD) has determined that, for the current release, **no further action is required for contamination related to the subject location, at this time.**

However, the site could be subject to corrective action in the future if mandated through more stringent State or Federal statutory or regulatory changes, if drinking water systems are identified or installed within two miles of the site, if surface water bodies are impacted by any dissolved contamination, resulting from this release, or if previously unidentified soil contamination, dissolved contamination and/or free product on groundwater are identified as originating from this site.

If you have any questions, please contact the undersigned at (404)362-2687.

Sincerely,

William E. Logan

Dear Mr. Fischer:

I refer to a request dated August 12, 2009, submitted on your behalf by TTL for an expanded preliminary jurisdictional determination (JD) for your site located in the northwest corner of US Highway 19 and Georgia Highway 27 in Sumter County, Georgia. This project has been assigned number 200900970 and it is important that you refer to this number in all communication concerning this matter.

We have completed a an expanded preliminary jurisdictional determination JD for the site pursuant to the March 4, 2009, Public Notice entitled, "Characterization of Jurisdictional Determinations: Purpose, Application and Documentation Requirements as Defined by the Savannah District, US Army Corps of Engineers." I have enclosed a "JD Check Sheet," which summarizes the JD, delineation verification, and appeals process.

The wetlands/other waters on the subject property may be waters of the United States and therefore within the jurisdiction of Section 404 of the Clean Water Act (CWA) (33 United States Code 1344). The placement of dredged or fill material into any waterways and/or their adjacent wetlands or mechanized land clearing of those wetlands could require prior Department of the Army authorization pursuant to Section 404. Please note: this expanded preliminary jurisdictional determination JD, and any Corps approved survey and/or GPS delineation, can be used for the purpose of supporting a future permit application.

If you intend to sell property that is part of a project that requires Department of the Army Authorization, it may be subject to the Interstate Land Sales Full Disclosure Act. The Property Report required by Housing and Urban Development Regulation must state whether or not a permit for the development has been applied for, issued or denied by the US Army Corps of Engineers (Part 320.3(h) of Title 33 of the Code of Federal Regulations). You may contact the Department of Housing and Urban Development to avoid a possible violation of this act.

This communication does not convey any property rights, either in real estate or material, or any exclusive privileges. It does not authorize any injury to property, invasion of rights, or any infringement of federal, state or local laws, or regulations. It does not obviate your requirement to obtain state or local assent required by law for the development of this property. If the information you have submitted, and on which the US Army Corps of Engineers has based its determination is later found to be in error, this decision may be revoked.

Thank you in advance for completing our Customer Survey Form. This can be accomplished by visiting our Web Site at www.sas.usace.army.mil/Regulatory%201.htm and completing the survey on-line. We value your comments and appreciate your taking the time to complete a survey each time you interact with our office. A copy of this letter has been copied to TTL, Attention: Bob White, 3202 Gillionville Road, Albany, Georgia, 31721. If you have any further questions or concerns pertaining to this matter, please feel free to contact me at (229) 430-8567.

Sincerely,

USACE FILE NUMBER: 200900970 DATE: 08/12/2009

1. JURISDICTIONAL DETERMINATION (JD). A "preliminary JD" form or "expanded preliminary JD" form was completed for the site in accordance with the March 4, 2009, Public Notice entitled, "Characterization of Jurisdictional Determinations: Purpose, Application and Documentation Requirements as Defined by the Savannah District, US Army Corps of Engineers." The form details whether streams, wetlands and/or other waters present on the site maybe subject to the jurisdiction of the USACE. In summary, the USACE has determined the following with regard to waters present on the site:

There may be navigable waters of the United States (US) within Rivers and Harbors Act (RHA) jurisdiction present.

There may be waters of the US within Clean Water Act (CWA) jurisdiction present.

If Appendix E of the Public Notice was submitted, you have requested that the USACE verify the presence of isolated, non-jurisdictional waters located at the project site or within the review area. The completed Appendix E form is available at <https://sasweb.sas.usace.army.mil/JD/>, under the above listed file number. You may also request that a printed copy of the form be mailed to you. This isolated, non-jurisdictional determination will remain valid for a period of 5 years unless new information warrants revision prior to that date. In summary, the USACE has determined the following with regard to isolated, non-jurisdictional waters that are present on the site:

There are isolated non-jurisdictional waters present that are not subject to CWA jurisdiction. Specifically, wetland(s) [**letter of wetlands here**], as identified on the exhibit entitled "_____" is/are isolated, non-jurisdictional wetlands. Department of the Army authorization, pursuant to Section 404 of the Clean Water Act (33 U.S.C. 1344), is not required for dredge and/or fill activities in these areas.

2. DELINEATION VERIFICATION. With regard to the location and extent of jurisdictional and/or isolated, non-jurisdictional wetlands or other isolated, non-jurisdictional waters present on the site, the USACE has made the following determinations:

Wetlands were delineated in accordance with criteria contained in the 1987 "Corps of Engineers Wetland Delineation Manual."

___ Drawings submitted with a Pre-Construction Notification (or other application) depict the approximate location of jurisdictional waters boundaries on the project site. The USACE has verified the accuracy of depicted jurisdictional boundaries in only the immediate vicinity of jurisdictional waters to be impacted. A complete jurisdictional delineation request, including a jurisdictional waters survey, would be required in order for the USACE to consider final verification of all other jurisdictional boundaries on the project site.

___ The Global Positioning System (GPS) delineation entitled “_____”, dated _____, is an accurate depiction of all the jurisdictional boundaries on the site, and boundaries of non-jurisdictional waters, if present. If you have not already done so, I recommend that you place a statement on this delineation to the effect that, "JURISDICTIONAL WETLANDS AND OTHER WATERS SHOWN ARE UNDER THE JURISDICTION OF THE US ARMY CORPS OF ENGINEERS AS SHOWN IN USACE FILE _____. OWNERS MAY BE SUBJECT TO PENALTY BY LAW FOR DISTURBANCE TO THESE JURISDICTIONAL AREAS WITHOUT PROPER AUTHORIZATION." This delineation will remain valid for a period of 5 years unless new information warrants revision prior to that date.

X The survey entitled “Wetlands, Survey, Property of Thomas Barr, Part of Land Lots 153, 154, 177, 178, & 183, Twenty seventh Land District, City of Americus, Sumter County, Georgia”, dated December 23, 2008, and signed by Registered Land Surveyor Gene W. Webb, is an accurate depiction of all the jurisdictional boundaries on the site, and boundaries of non-jurisdictional waters, if present. If you have not already done so, I recommend that you place a statement on the final surveyed property plat to the effect that, "JURISDICTIONAL WETLANDS AND OTHER WATERS SHOWN ON THIS PLAN ARE UNDER THE JURISDICTION OF THE US ARMY CORPS OF ENGINEERS AS SHOWN IN USACE FILE 200900970. OWNERS MAY BE SUBJECT TO PENALTY BY LAW FOR DISTURBANCE TO THESE JURISDICTIONAL AREAS WITHOUT PROPER AUTHORIZATION." This delineation will remain valid for a period of 5 years unless new information warrants revision prior to that date.

3. APPEALS: The preliminary JD and expanded preliminary JD are non-binding “written indications that there may be waters of the US on a parcel. Preliminary JDs and expanded Preliminary JDs are advisory in nature and may not be appealed (See 33 C.F.R. 331.2).” If you are not in agreement with this preliminary JD or expanded Preliminary JD, then you may request an approved jurisdictional determination for your project site or review area.

A USACE determination that water(s) is/are isolated and non-jurisdictional can be appealed provided Appendix E documentation has been verified by USACE. You may request an administrative appeal for an isolated, non-jurisdictional waters determination under USACE regulations at 33 Code of Federal Regulation (CFR) Part 331. Enclosed you will find a Notification of Appeal Process (NAP) fact sheet and Request for Appeal (RFA) form.
