# **Disaster Management Framework**

## **- Registration and Operator Administration -**

# DM-Framework Registration and Operator Administration

## ➤ Discussion

- What exactly is a DM COG?
- What are eligibility requirements to become a DM COG?
- What if I am already registered as a DM COG with DMIS?
- DM COG Operators within the DM-Framework
- Zip code lookup utility at DM Web site...

## ➤ Demo

- Registering as a new DM COG/Administrator
- How the local COG Admin adds Operators to the COG
- Operator Personal Profile: What/Where/How?

## ➤ Questions

# DM-Framework Registration and Operator Administration

- DM Collaborative Operations Groups (COGs)
  - What are they?
  - Why do we use them?
  - Who is eligible to register their organization as a COG?
  - What if I am already registered as a COG with DMIS?

# DM-Framework Registration and Operator Administration

- DM-Framework Operators
  - All Operators will reside within at least one DM COG
  - Operators may be members of more than one COG
  - Operators are set up & controlled locally by COG Administrators
  - Permissions
    - COG Administrator
    - Primary Operator
    - Update Operator
    - Viewer

# DM-Framework Registration and Operator Administration

- DM COG Zip Code Lookup Utility
  - Will reside on DM-Framework Web Site
  - Will provide a means to insert your zip code and locate any registered DM COGs already in your area prior to registering
