The Fiscal Year (FY) 2010 Citizen Corps Program (CCP), under the direction of the Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA), will award funds to The International Association of Chiefs of Police (IACP) for developing and implementing a toolkit to improve the public's response to witnessing suspicious behavior. This task will be developed with the research conducted in the previous fiscal year to develop a comprehensive national strategy that focuses on improving the public's response to witnessing suspicious activity.

The development and implementation of the toolkit will involve communication and coordination with the ongoing National Suspicious Activity Reporting Initiative (National SAR Initiative) and appropriate representatives from DHS Office of Intelligence and Analysis (I&A), the Department of Justice Bureau of Justice Assistance (BJA), and the Office of the Program Manager for the Information Sharing Environment (PM-ISE).

Ultimately, this toolkit should increase individual responsibility, vigilance and police-community partnerships.

IACP is the preeminent professional organization of law enforcement leaders with the mission to "advance professional police services; promote enhanced administrative, technical and operational police practices and improve police standards, practices, and training." More specific to developing this strategy, IACP's mission emphasizes their intention to "champion the highest standards of community interaction."

Similarly, FEMA's Community Preparedness and the National Office of Citizen Corps strives to "harness the power of every individual through education, training, and volunteer service to make communities safer, stronger, and better prepared to respond to the threats of terrorism, crime, public health issues, and disasters of all kinds."

The applicant is required to conform to all requirements of this grant guidance document and must accept all program guidance as binding.

FUNDING OPPORTUNITY DESCRIPTION

A. Program Overview

In Fiscal Year (FY) 2010, the Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) will award funds to The International Association of Chiefs of Police (IACP) for the development of a toolkit and implementation plan to improve individual response to witnessing suspicious behavior.

FEMA oversees Citizen Corps, FEMA's grassroots strategy that brings together government and community leaders to involve citizens in all-hazards emergency preparedness and resilience. Citizen Corps strives to harness the power of every individual through education, training, a volunteer service to make communities safer, stronger, and better prepared to respond to threats of terrorism, crime, public health issues, and disasters of all kinds. As a means of building law enforcement and community collaboration, Citizen Corps works closely with numerous partner organizations devoted to crime awareness and response, including the Department of Justice, the International Association of Chiefs of Police, the Volunteers in Police Service (VIPS) program, the National Sheriffs' Association and the Neighborhood Watch program.

The 2007 Citizen Corps National Survey conducted by FEMA shows that only 38% of survey respondents who witnessed suspicious activity reported it to the police. This survey finding highlights a lack of individual and public understanding of the citizen's role in public safety.

IACP will utilize the best practices and lessons learned from research that was collected and analyzed during the 2009 cooperative agreement with the Citizen Corps Program and will develop a resource guide and checklist for state and local officials, community organizations and citizens, so they may become more involved in the National Suspicious Activity Reporting Initiative (SAR).

B. Program Narrative and Budget Proposals

The application must comply with all requirements identified in the narrative and budget sections below. An acceptable application will be evaluated based on the quality of the Program Narrative and Budget Proposal. The application must clearly demonstrate the ability to address the following narrative work plan and budget requirements as listed below.

The applicant must demonstrate the ability to develop the toolkit and an effective implementation plan, collaborate with federal and partner agencies, and be able to design an effective means to measure the success of the toolkit.

The Program Narrative Proposal must be submitted with the grant application on www.grants.gov as a file attachment, named: **CPD_IACP_FY10_PNP**.

The applicant must provide a detailed work plan to address the planned activities, projects, timelines and measurable achievement outcomes related to the initiatives under the FY 2010 Citizen Corps Program - Strategy for Improving the Public's Response to Suspicious Activity. The applicant must also provide a description of current resource management capabilities to develop, implement, and manage the programmatic requirements associated with the development of the toolkit.

The applicant must provide a complete program management plan for the entire twelve month period. At a minimum, the work plan must include the following:

- Goals and objectives of the proposal and the activities to be conducted to accomplish the goals and objectives.
- Complete description of the program management structure addressing how the program will be structured, organized, and managed within the recipient's organization. The applicant must provide an organization chart of the agency and describe how the organization will support the program.
- Program schedule containing a high-level schedule that reflects the program life cycle and shows phases and deliverables.
- Risk management plan describing the approach for identifying and managing risks, and identifying known or postulated events or factors that could prevent program objectives (cost, schedule, function, performance, or quality) from being met.
- Performance based evaluation plan including program performance measures that will assess the attainment of goals and objectives and details a data collection plan including how data will be analyzed.
- Quality control plan to be incorporated into the development and delivery of programs and courses.

The proposal must clearly demonstrate the ability to address the following requirements:

Task 1: Develop a toolkit based on the best practices and lessons learned that were revealed in the research of the FY 2009 cooperative agreement. IACP will develop the toolkit for three (3) segments of the community and it will include a resource guide and checklist that is tailored for each of the following community groups: *State and Local Government, State and Local Community Organizations, and Citizens.*

Task 2: IACP will develop an Implementation Plan for the toolkit to determine the best ways to effectively educate communities on how to utilize the toolkit. IACP will coordinate with other federal partners involved with the National Suspicious Activity

Reporting Initiative (NSI) - DOJ, DHS and the Directorate of National Intelligence (DNI) and member agencies. Also involved in the effective coordination of implementing the toolkit will be the Citizen Corps Partner Programs and Affiliate organizations, International Association of Chiefs of Police (IACP) stakeholders and other organizations.

Task 3: Begin Implementation Plan roll-out in coordination with DHS, DOJ, DNI, Citizen Corps and International Association of Chiefs of Police (IACP) stakeholders.

Task 4: Include measurement mechanisms that DHS/FEMA, DOJ regions or IACP can use to measure the level of success and usage of the toolkit.

Note: FEMA will review and provide input into the development of the strategy; make recommendations for invitational law enforcement subject matter experts; and will maintain authority to adjust agenda, questionnaire content, and other items as necessary.

C. Budget Narrative Requirements

The Fiscal Year 2010 Citizen Corps Program award recipient is required to submit a budget narrative and budget detail worksheets addressing the FY 2010 Citizen Corps Program (CCP) - Strategy for Improving the Public's Response to Suspicious Activity related costs and expenses, as a part of the CCP application. This budget narrative should be detailed and should serve to: (1) explain how the costs were estimated, and (2) justify the need for the costs incurred to the measurable achievement outcomes as stated in the work plan. For clarification purposes, the narrative should include tables describing cost and expense elements. The narrative and accompanying budget worksheets must be attached within <http://www.grants.gov>.

The Budget Narrative Proposal must be submitted with the grant application as a file attachment, named **CPD_IACP_FY10_BNP** within <http://www.grants.gov>.

The recipient and any sub-recipient(s) must, in addition to the assurances made as part of the application, comply and require each of its subcontractors employed in the completion of the project to comply with all applicable statutes, regulations, executive orders, OMB Circulars, terms and conditions of the award, and the approved application.

1. Standard Financial Requirements. The grantee and any subgrantee(s) shall comply with all applicable laws and regulations. A non-exclusive list of regulations commonly applicable to DHS grants are listed below:

1.4 – Duplication of Benefits. There may not be a duplication of any Federal assistance by governmental entities, per 2 CFR Part 225, Basic Guidelines Section C.3 (c), which states: Any cost allocable to a particular Federal award or cost objective under the principles provided for in this Authority may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by law or terms of the Federal awards, or for other reasons. However, this prohibition would not preclude governmental units from shifting costs that are allowable under two or more awards in accordance with existing program agreements. Non-governmental entities are also subject to this prohibition per 2 CFR Parts 220 and 230 and 48 CFR Part 31.2.

2. Payment. DHS/FEMA uses the Direct Deposit/Electronic Funds Transfer (DD/EFT) method of payment to Recipients. To enroll in the DD/EFT, the Recipient must complete a Standard Form 1199A, Direct Deposit Form, found at <http://www.fms.treas.gov/eft/1199a.pdf>.

2.1 – Advance Payment. In accordance with Treasury regulations at 31 CFR Part 205, the Recipient shall maintain procedures to minimize the time elapsing between the transfer of funds and the disbursement of said funds (See 44 CFR Part 13.21(i)) regarding payment of interest earned on advances. In order to request an advance, the Recipient must maintain or demonstrate the willingness and ability to maintain procedures to minimize the time elapsing between the transfer of funds from DHS and expenditure and disbursement by the Recipient. When these requirements are not met, the Recipient will be required to be on a reimbursement for costs incurred method.

Applicants or grantees may be required to supply documentation certifying that a reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds.

4. Administrative Requirements.

4.1 – Freedom of Information Act (FOIA). FEMA recognizes that much of the information submitted in the course of applying for funding under this program or provided in the course of its grant management activities may be considered law enforcement sensitive or otherwise important to national security interests. While this information under Federal control is subject to requests made pursuant to the *Freedom of Information Act* (FOIA), 5 U.S.C. §552, all determinations concerning the release of information of this nature are made on a case-by-case basis by the FEMA FOIA Office, and may likely fall within one or more of the available exemptions under the Act. The applicant is encouraged to consult its own State and local laws and regulations regarding the release of information, which should be considered when reporting sensitive matters in the grant application, needs assessment and strategic planning process. The grantee should be familiar with the regulations governing Sensitive Security Information (49 CFR Part 1520), as it may provide additional protection to certain classes of homeland security information.

4.2 – Compliance with Federal civil rights laws and regulations. The grantee is required to comply with Federal civil rights laws and regulations. Specifically, the grantee is required to provide assurances as a condition for receipt of Federal funds that its programs and activities comply with the following:

- *Title VI of the Civil Rights Act of 1964*, as amended, 42 U.S.C. §2000 et seq. – Provides that no person on the grounds of race, color, or national

origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program or activity receiving Federal financial assistance. Title VI also extends protection to persons with Limited English Proficiency (LEP). (42 U.S.C. §2000d et seq.)

- *Title IX of the Education Amendments of 1972*, as amended, 20 U.S.C. §1681 et seq. – Provides that no person, *on the basis of sex*, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any education program or activity receiving Federal financial assistance.
- *Section 504 of the Rehabilitation Act of 1973*, as amended, 29 U.S.C. §794 – Provides that no otherwise qualified individual with a disability in the United States, shall, *solely* by reason of his or her disability, be excluded from the participation in, be denied the benefits of, or subject to discrimination in any program or activity receiving Federal financial assistance.
- *The Age Discrimination Act of 1975*, as amended, 20 U.S.C. §6101 et seq. – Provides that no person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.

Grantees must comply with all regulations, guidelines, and standards adopted under the above statutes. The grantee is also required to submit information, as required, to the DHS Office for Civil Rights and Civil Liberties concerning its compliance with these laws and their implementing regulations.

4.3 – Services to Limited English Proficient (LEP) persons. Recipients of FEMA financial assistance are required to comply with several Federal civil rights laws, including Title VI of the Civil Rights Act of 1964, as amended. These laws prohibit discrimination on the basis of race, color, religion, natural origin, and sex in the delivery of services. National origin discrimination includes discrimination on the basis of limited English proficiency. To ensure compliance with Title VI, recipients are required to take reasonable steps to ensure that LEP persons have meaningful access to their programs. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. The grantee is encouraged to consider the need for language services for LEP persons served or encountered both in developing their proposals and budgets and in conducting their programs and activities. Reasonable costs associated with providing meaningful access for LEP individuals are considered allowable program costs. For additional information, see <http://www.lep.gov>.

4.4 – Certifications and Assurances. Certifications and assurances regarding the following apply:

- *Lobbying.* 31 U.S.C. §1352, *Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions.* – Prohibits the use of Federal funds in lobbying members and employees of Congress, as well as employees of Federal agencies, with respect to the award or amendment of any Federal grant, cooperative agreement, contract, or loan. FEMA and DHS have codified restrictions upon lobbying at 44 CFR Part 18 and 6 CFR Part 9. (Refer to form included in application package.)
- *Drug-free Workplace Act,* as amended, 41 U.S.C. §701 et seq. – Requires the recipient to publish a statement about its drug-free workplace program and give a copy of the statement to each employee (including consultants and temporary personnel) who will be involved in award-supported activities at any site where these activities will be carried out. Also, place(s) where work is being performed under the award (i.e., street address, city, state and zip code) must be maintained on file. The recipient must notify the Grants Officer of any employee convicted of a violation of a criminal drug statute that occurs in the workplace. For additional information, see 44 CFR Part 17.
- *Debarment and Suspension.* – Executive Orders 12549 and 12689 provide protection from fraud, waste, and abuse by debarring or suspending those persons that deal in an irresponsible manner with the Federal government. The recipient must certify that they are not debarred or suspended from receiving Federal assistance. For additional information, see 2 CFR Part 3000.
- *Federal Debt Status.* – The recipient may not be delinquent in the repayment of any Federal debt. Examples of relevant debt include delinquent payroll or other taxes, audit disallowances, and benefit overpayments. (See OMB Circular A-129) (Refer to SF-424, item number 17.)
- *Hotel and Motel Fire Safety Act of 1990.* – In accordance with section 6 of the *Hotel and Motel Fire Safety Act of 1990*, 15 U.S.C. §2225a, the recipient agrees to ensure that all conference, meeting, convention, or training space funded in whole or in part with Federal funds, complies with the fire prevention and control guidelines of the *Federal Fire Prevention and Control Act of 1974*, 15 U.S.C. §2225.

Grantees must comply with all regulations, guidelines, and standards adopted under the above statutes.

4.5 – Integrating individuals with disabilities into emergency planning.

Section 504 of the *Rehabilitation Act of 1973*, as amended, prohibits discrimination against people with disabilities in all aspects of emergency mitigation, planning, response, and recovery by entities receiving financial funding from FEMA. In addition, Executive Order 13347, *Individuals with Disabilities in Emergency Preparedness* signed in July 2004, requires the Federal government to support safety and security for individuals with disabilities in situations involving disasters, including earthquakes, tornadoes, fires, floods, hurricanes, and acts of terrorism. Executive Order 13347 requires the Federal government to encourage consideration of the needs of individuals with disabilities served by State, local, and tribal governments in emergency preparedness planning.

4.6 – Environmental Planning and Historic Preservation Compliance.

FEMA is required to consider the potential impacts to the human and natural environment of projects proposed for FEMA grant funding. FEMA, through its Environmental Planning and Historic Preservation (EHP) Program, engages in a review process to ensure that FEMA-funded activities comply with various Federal laws including: *National Environmental Policy Act*, *National Historic Preservation Act*, *Endangered Species Act*, the *Clean Water Act*, and Executive Orders on Floodplains (11988), Wetlands (11990), and Environmental Justice (12898). The goal of these compliance requirements is to protect our nation's water, air, coastal, wildlife, agricultural, historical, and cultural resources, as well as to minimize potential adverse effects to low-income and minority populations.

The grantee shall provide all relevant information to FEMA to ensure compliance with applicable Federal EHP requirements. Any project with the potential to impact natural or biological resources or historic properties cannot be initiated until FEMA has completed the required EHP review. In addition to a detailed project description that describes what is to be done with the grant funds, how it will be done, and where it will be done, grantees shall provide detailed information about the project (where applicable), including, but not limited to, the following:

- Project location (i.e., exact street address or map coordinates)
- Total extent of ground disturbance and vegetation clearing
- Extent of modification of existing structures
- Construction equipment to be used, staging areas, etc.
- Year that any affected buildings or structures were built
- Natural, biological, and/or cultural resources present within the project area and vicinity, including wetlands, floodplains, geologic resources, threatened or endangered species, or National Register of Historic Places listed or eligible properties, etc.
- Visual documentation such as good quality, color and labeled site and facility photographs, project plans, aerial photos, maps, etc.

- Alternative ways considered to implement the project (not applicable to procurement of mobile and portable equipment)

For projects that have the potential to impact sensitive resources, FEMA must consult with other Federal, State, and tribal agencies such as the U.S. Fish and Wildlife Service, State Historic Preservation Offices, and the U.S. Army Corps of Engineers, as well as other agencies and organizations responsible for the protection and/or management of natural and cultural resources, including Federally-recognized Indian tribes, Tribal Historic Preservation Offices, and the Department of the Interior, Bureau of Indian Affairs. For projects with the potential to have adverse effects on the environment and/or historic properties, FEMA's EHP review process and consultation may result in a substantive agreement between the involved parties outlining how the grantee will avoid the effects, minimize the effects, or, if necessary, compensate for the effects. Grantees who are proposing communication tower projects are encouraged to complete their Federal Communications Commission (FCC) EHP process prior to preparing their EHP review materials for FEMA, and to include their FCC EHP materials with their submission to FEMA. Completing the FCC process first and submitting all relevant EHP documentation to FEMA will help expedite FEMA's review.

Because of the potential for adverse effects to EHP resources or public controversy, some projects may require an additional assessment or report, such as an Environmental Assessment, Biological Assessment, archaeological survey, cultural resources report, wetlands delineation, or other document, as well as a public comment period. Grantees are responsible for the preparation of such documents, as well as for the implementation of any treatment or mitigation measures identified during the EHP review that are necessary to address potential adverse impacts. Grantees may use grant funds toward the costs of preparing such documents. The use of grant funds for mitigation or treatment measures that are not typically allowable expenses will be considered on a case-by-case basis. Failure of the grantee to meet Federal, State, local and territorial EHP requirements, obtain required permits, and comply with any conditions that may be placed on the project as the result of FEMA's EHP review may jeopardize Federal funding.

Recipients shall not undertake any project without the prior approval of FEMA, and must comply with all conditions placed on the project as the result of the EHP review. Any change to the approved project description will require re-evaluation for compliance with these EHP requirements. If ground disturbing activities occur during project implementation, the recipient must ensure monitoring of ground disturbance, and if any potential archeological resources are discovered, the recipient will immediately cease construction in that area and notify their FEMA Program Office, and the appropriate State Historic Preservation Office. Any projects that have been initiated prior to approval will result in a non-compliance finding and will not be eligible for funding.

For more information on FEMA's EHP requirements, Grantees should refer to FEMA's Information Bulletin #329, *Environmental Planning and Historic Preservation Requirements for Grants*, available at <http://www.fema.gov/pdf/government/grant/bulletins/info329.pdf>. C. Reporting Requirements

Reporting requirements must be met throughout the life of the grant (refer to the program guidance and the special conditions found in the award package for a full explanation of these requirements). Any reports or documents prepared as a result of this grant shall be in compliance with Federal "plain English" policies, directives, etc. Please note that PARS contains edits that will prevent access to funds if reporting requirements are not met on a timely basis.

- 1. Federal Financial Report (FFR) – required quarterly.** Obligations and expenditures must be reported on a quarterly basis through the FFR (SF-425), which replaced the SF-269 and SF-272, which is due within 30 days of the end of each calendar quarter (e.g., for the quarter ending March 31, the FFR is due no later than April 30). A report must be submitted for every quarter of the period of performance, including partial calendar quarters, as well as for periods where no grant activity occurs. Future awards and fund draw downs may be withheld if these reports are delinquent. The final FFR is due 90 days after the end date of the performance period.

FFRs must be filed according to the process and schedule below:

FFRs must be filed electronically through PARS

2. Progress Reports.

Semi-Annual Assistance Progress Report (SAPR) - Following the award, the awardee will be responsible for providing updated obligation and expenditure information on a semi-annual basis. The applicant is responsible for completing and submitting the SAPR reports.

- 3. Financial and Compliance Audit Report.** Recipients that expend \$500,000 or more of Federal funds during their fiscal year are required to submit an organization-wide financial and compliance audit report. The audit must be performed in

accordance with GAO's *Government Auditing Standards*, located at <http://www.gao.gov/govaud/ybk01.htm>, and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, located at <http://www.whitehouse.gov/omb/circulars/a133/a133.html>. Audit reports are currently due to the Federal Audit Clearinghouse no later than nine months after the end of the recipient's fiscal year. In addition, the Secretary of Homeland Security and the Comptroller General of the United States shall have access to any books, documents, and records of recipients of FY 2010 assistance for audit and examination purposes, provided that, in the opinion of the Secretary or the Comptroller, these documents are related to the receipt or use of such assistance. The grantee will also give the sponsoring agency or the Comptroller, through any authorized representative, access to, and the right to examine all records, books, papers or documents related to the grant.

The State shall require that sub-grantees comply with the audit requirements set forth in *OMB Circular A-133*. Recipients are responsible for ensuring that sub-recipient audit reports are received and for resolving any audit findings.

4. **Monitoring.** Grant recipients will be monitored periodically by FEMA staff, both programmatically and financially, to ensure that the project goals, objectives, performance requirements, timelines, milestone completion, budgets, and other related program criteria are being met.

Monitoring will be accomplished through a combination of desk-based reviews and on-site monitoring visits. Monitoring will involve the review and analysis of the financial, programmatic, performance and administrative issues relative to each program and will identify areas where technical assistance and other support may be needed.

The recipient is responsible for monitoring award activities, to include sub-awards, to provide reasonable assurance that the Federal award is administered in compliance with requirements. Responsibilities include the accounting of receipts and expenditures, cash management, maintaining of adequate financial records, and refunding expenditures disallowed by audits.

5. **Grant Close-Out Process.** Within 90 days after the end of the period of performance, grantees must submit a final FFR and final progress report detailing all accomplishments throughout the period of performance. After these reports have been reviewed and approved by FEMA, a close-out notice will be completed to close out the grant. The notice will indicate the period of performance as closed, list any remaining funds that will be deobligated, and address the requirement of maintaining the grant records for three years from the date of the final FFR. The grantee is responsible for returning any funds that have been drawdown but remain as unliquidated on grantee financial records.

Required submissions: (1) final SF-425, due 90 days from end of grant period; and (2) final progress report, due 90 days from the end of the grant period.
