RE: Request for Project Review – Construction of a Dual Purpose Safe Room on the Crockett ISD Campus in the City of Crockett, Houston County, Texas (HMGP No. DR-1791-297)

Dear Mr. Wolf:

The City of Crockett has applied to the Federal Emergency Management Agency (FEMA) on behalf of the Crockett Independent School District for Hazard Mitigation Grant Funds to construct a dual purpose community safe room on the Crockett ISD campus. Construction design and materials will provide the citizens of Crockett, Texas with the FEMA standard of near-absolute protection from tornadoes.

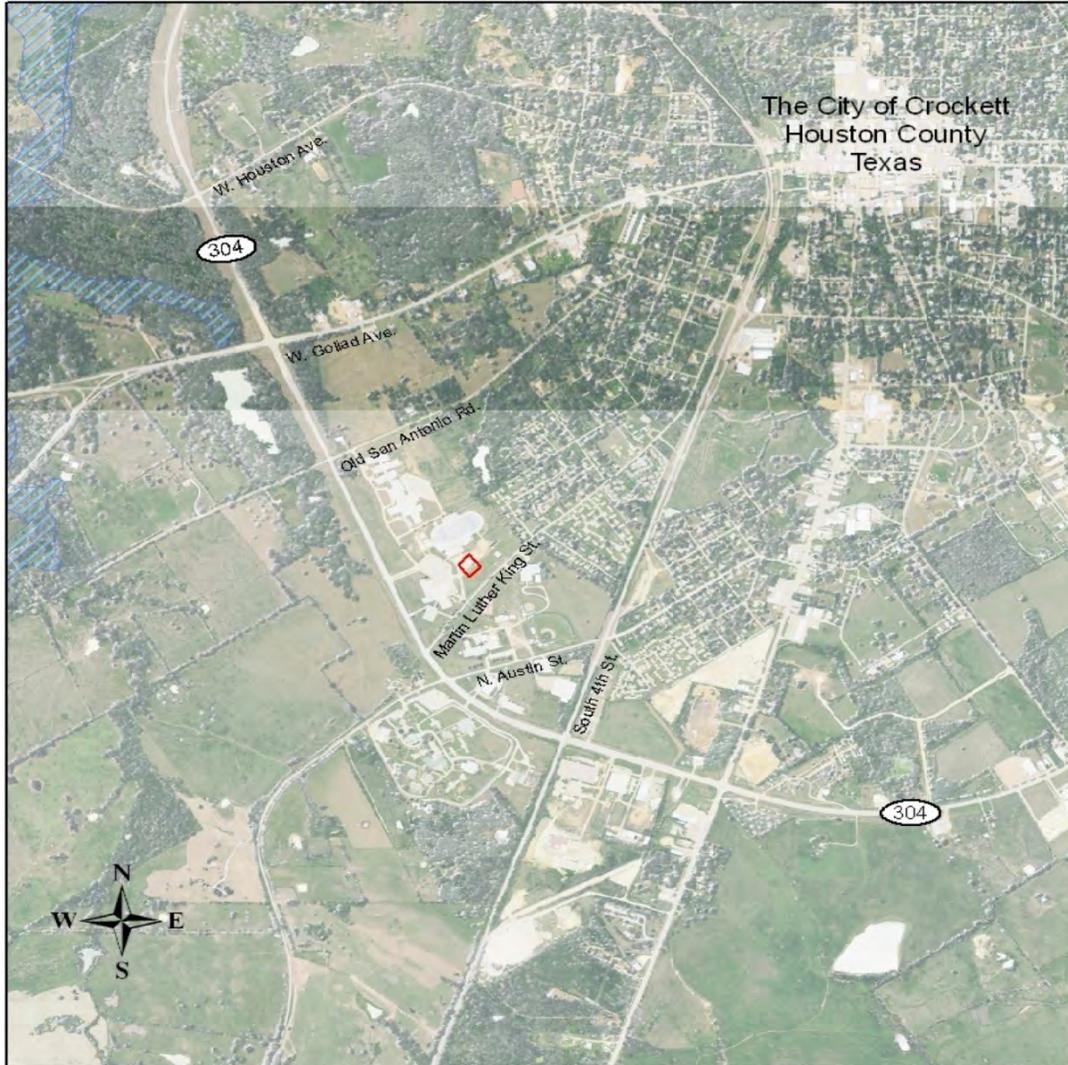

The proposed location is a mowed field that is bound by Martin Luther King Street to the south and Darius Street to the east. The school campus is adjacent to the north and west. West Loop 304 bounds the school campus along the west side. The project will be located in the 1200 block of Martin Luther King Street, Crockett, Texas 75835 (Figure 1). Exact coordinates are: latitude 31.30368 and longitude -95.4707. This location is in FEMA Wind Zone IV, also known as tornado alley.

The City has retained H2O Partners, Inc. to prepare the grant application and the/subsequent environmental assessment (EA) for the proposed project. In compliance with the National Environmental Policy Act (NEPA) requirements, H2O requests that your agency review the proposed site plan (Figure 2) and provide comments or concerns regarding potential impact to resources that are under the jurisdiction of the Texas Historical Commission.

Please reply with any comments, questions, or concerns with the proposed project. If you need additional information, please contact me by phone at (361) 815-6041 or by email at anne@h2opartnersusa.com.

SUBJECT: Project Number SWF-2011-00072, Dual Purpose Safe Room on Crockett ISD
Campus

Ms. Anne Williams
H2O Partners, Inc.
P.O. Box 160130
Austin, Texas 78716

Dear Ms. Williams:

Thank you for your letter received January 27, 2011, concerning the proposal by The City of Crockett to construct a dual purpose community safe room on the Crockett ISD campus located in the 1200 block of Martin Luther King Street in the City of Crockett, Houston County, Texas. This project has been assigned Project Number SWF-2011-00072. Please include this number in all future correspondence concerning this project.

Under Section 404 of the Clean Water Act the U.S. Army Corps of Engineers (USACE) regulates the discharge of dredged and fill material into waters of the United States, including wetlands. USACE responsibility under Section 10 of the Rivers and Harbors Act of 1899 is to regulate any work in, or affecting, navigable waters of the United States. Based on your description of the proposed work, and other information available to us, we have determined this project will not involve activities subject to the requirements of Section 404 or Section 10. Therefore, it will not require Department of the Army authorization. The USACE based this decision on a preliminary jurisdictional determination that there are no waters of the United States within the project site.

Thank you for your interest in our nation's water resources. If you have any questions concerning our regulatory program, please contact Mr. Scott Kelly at the address above or telephone (817) 886-1662 and refer to your assigned project number.

Please help the Regulatory Program improve its service by completing the survey on the following website: <http://per2.nwp.usace.army.mil/survey.html>.

Sincerely,

Stephen L Brooks
Chief, Regulatory Branch
