EXECUTIVE SUMMARY

Revision 1.0 of this document is for internal FEMA. This revision reflects a change in responsibility for initial review of curriculum materials from the Grant Programs Directorate (GPD) to the National Training and Education Division (NTED) within Protection and National Preparedness (PNP). The entire process is under review. It will be streamlined and the criteria will be changed to align with the National Preparedness Goal of September 2011.

This 2008 document contains the National Preparedness Directorate (NPD), National Training, Education, and Exercises (NTEE), National Training and Education Division (NTED) process for the review and approval of non-NTED-developed course curriculum. Non-NTED training courses are those courses that are either State sponsored or Federal sponsored, coordinated and approved by the State Administrative Agency (SAA), state/territory Training Point of Contact (TPOC), or Federal Department/Agency Point of Contact (POC), and fall within the NPD/GPD mission scope to prepare state and local personnel to prepare for, protect against, respond to, recover from, and mitigate all hazards. These training programs include, but are not limited to, Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) terrorism, catastrophic events, cyber/agriculture/food security, and citizen preparedness training courses and materials. Under Homeland Security Grant Program (HSGP) requirements, the NTED Course Review and Approval Process is requisite for all non-NTED training being developed and/or considered for inclusion in either the Approved State Sponsored Course Catalog or the Approved Federal Sponsored Course Catalog

This NTED Course Review and Approval Process supports the National Preparedness Guidelines by providing a mechanism to fill recognized and validated gaps in training emergency responders and citizens. The process is patterned after the more comprehensive NTED Course Review Process used to certify training courses and programs developed by the National Domestic Preparedness Consortium (NDPC), Rural Domestic Preparedness Consortium (RDPC), and other NTED Training Partners and adheres to established standards and best practices. This process is used to evaluate submitted training courses and materials for their abilities to support and/or complement the *Universal Task List (UTL)* and *Target Capabilities List (TCL)* as they are finalized, *ODP Emergency Responder Guidelines* and *Prevention and Deterrence Guidelines*, and applicable published regulations and standards (e.g., OSHA and NFPA).

The phases in the review and approval process are:

- Phase I, Request Development of New Courses or Review of Existing Non-NTED Courses
- Phase II, Course Review and Approval Request
- Phase III, Initial Review (completeness and course redundancy check)
- Phase IV, Independent Third Party Review
- Phase V, Notification of Results

This process supports the mission of NTED to provide high-quality training courses and materials to the emergency response community (Federal, State, local, and Tribal), and the private sector. Furthermore, this process aids in preventing duplication of training courses in development and materials already available through the NDPC, RDPC, and other NTED Training Partners and providers, Federal partners, states and territories.

INTRODUCTION

The Grant Programs Directorate's (GPD's), Homeland Security Grant Program (HSGP) provides funding for states, territories, and urban areas to enhance the capabilities of emergency preparedness through the development of a state homeland security training program. Allowable training-related costs under this program include the establishment, support, conduct, and attendance for training programs specifically identified under the State Homeland Security Program (SHSP), Urban Area Security Initiative (UASI), Metropolitan Medical Response System (MMRS), and Citizen Corps (CCP) grant programs within existing training academies, universities or junior colleges: <http://www.fema.gov/government/grant/hsgp/>

Within Protection and National Preparedness, the Grant Programs Directorate works with the National Preparedness Directorate (NPD's) National Training and Education Division (NTED) and Center for Domestic Preparedness (CDP) to review and approve applications for developing and/or delivering non-NTED training courses. PNP approval is a prerequisite for using HSGP funds. This process facilitates congruence with the standards and guidelines of NTED, helps avoid duplication of previously developed and approved courses, provides a means of tracking training gaps for NTED, and supports the development of common course catalogs.

Submission through approval is a "five-phase" process designed to provide for a consistent and timely review of the course materials:

- Phase I, Request the Development of New Courses or Review of Existing Non-NTED Courses
- Phase II, Course Review and Approval Request
- Phase III, Initial Review (completeness and course redundancy check)
- Phase IV, Independent Third Party Review
- Phase V, Notification of Results

The entire approval process is depicted in flow diagrams located in Appendix A.

DEFINITIONS

NTED Provided Training: Those courses or programs developed for and/or delivered by institutions and organizations funded directly by NTED, i.e., the National Domestic Preparedness Consortium (NDPC), the Rural Domestic Preparedness Consortium (RDPC), and other NTED Training Partners.

Non-NTED Provided Training: Those courses that are either State Sponsored or Federal Sponsored, coordinated and approved by the State Administrating Agency (SAA) or State/Territory Training Point of Contact (TPOC) or Federal Department/Agency Point of Contact (POC), and fall within the NPD/GPD mission scope to prepare State and local personnel to prevent, protect, respond to, and recover from acts of terrorism or catastrophic events.

State Sponsored Courses: Those courses developed for and/or delivered by institutions or organizations other than Federal entities or NTED and are sponsored by the SAA or TPOC.

Approved State Sponsored Course Catalog: Listing of State/territory sponsored courses that fall within the NPD/GPD mission scope and have been approved through the NTED course review and approval process.

Federal Sponsored Courses: Those courses developed for and/or delivered by institutions funded by Federal entities other than NTED.

Approved Federal Sponsored Course Catalog: Listing of Federal-sponsored courses that fall within the NPD mission scope and have been approved through the NTED course review and approval process.

REVIEW AND APPROVAL PROCESS

All non-NTED provided training supported using HSGP funds must follow an Instructional Systems Design (ISD) methodology, such as the ADDIE model, and support a blended learning strategy. There are five phases to the ADDIE model: Analysis, Design, Development, Implementation, and Evaluation. While the specific training deliverables and documents produced may change depending on the delivery method (i.e., instructor-led versus web-based), the phases and tasks performed remain the same. Further support for training developers is provided in the Responder Training Development Center (RTDC), a set of online tools and protocols to assist in the various phases of training design and development:

<https://www.firstrespondertraining.gov/rtdc/state/>

NTED developed Web-Forms in support of the reporting requirements of the HSGP. Web-Forms is an electronic form/data management system built to assist SAAs/TPOCs with the review, approval and reporting of State sponsored training information and for Federal POCs with the review and approval process of Federal sponsored courses: <https://www.firstrespondertraining.gov/odp%5Fwebforms/>

Phase I - Requesting the Development of New Courses or Review of Existing Non-NTED Courses

State Sponsored Course Process

States, territories, and urban areas planning to develop a new course or submit an existing non-NTED course for review must coordinate with their designated SAA/TPOC.

Developing State Sponsored Courses

The SAA/TPOC will notify NTED via Web-Forms of the request to develop if HSGP funds will be used to support the cost of development, but need not forward any pre-existing course materials for advance review. The GPD Program Analyst (PA) will

notify NTED of the decision to use HSGP funds for course development. Prior to any development, the SAA/TPOC should review the NTED Course Catalog, Approved State Sponsored Course Catalog, and the Approved Federal Sponsored Course Catalog to ensure the course being developed is not a duplication of an already certified NTED or approved State and/or Federal course offering:

<https://www.firstrespondertraining.gov/content.do>

SAA/TPOCs will be required to submit, through Web-Forms, the *Developing State Sponsored Courses Reporting Form* (Appendix B).

HSGP funds can be used to support the costs associated with the course development process, provided the State, territory, or urban area coordinates with, and is approved by, the SAA/TPOC. Once the developed course is completed, the SAA/TPOC will submit the *Request Course Addition to the Approved State Sponsored Course Catalog* form (Appendix C) via Web-Forms

If the course is disapproved or returned for revision as part of the course review process, HSGP funds cannot be dedicated to continued deliveries of the course. Funds may be used to make necessary revisions and for re-submittal through the course review and approval process.

Existing State Sponsored Courses

At any time, the SAA/TPOC may request the addition of an existing course to the Approved State Sponsored Course Catalog by submitting the *Request Course Addition to the Approved State Sponsored Course Catalog Form* (Appendix C). The GPD Program Analyst will notify NTED of the decision to use HSGP funds for course delivery, thus initiating a request to review the existing course Training Support Package (TSP).

Federal Sponsored Course Process

Courses identified within the Approved Federal Sponsored Course Catalog may be supported by HSGP funds and attended on an unlimited basis within any State/territory as long as the training deliveries are coordinated through and approved by the SAA/TPOC. Federal Departments/Agencies wishing to have their existing courses added to the Approved Federal Sponsored Course Catalog and made available to State and local personnel, must notify NTED by submitting the *Request Course Addition to the Approved Federal Sponsored Course Catalog Form* (Appendix C). The Federal POC need not forward any pre-existing course materials for advance review.

State and Federal Sponsored Courses

The requesting SAA/TPOC or Federal POC must ensure all course components, where applicable, are in compliance with 29 Code of Federal Regulation (CFR) 1910.120(q), *Emergency Response Program for Hazardous Substance Releases*, 29

CFR 1910.134, *Respiratory Protection*, and ODP's *Emergency Responder Guidelines* and *The Prevention and Deterrence Guidelines*. Additionally, each course submitted for approval should support and enhance preparedness through stated linkages to the *Universal Task List (UTL)* and *Target Capabilities List (TCL)*.

Phase II - Course Review and Approval Request

After a preliminary review to ensure that the proposed training course is within the NPD/GPD mission scope, the SAA/TPOC or Federal POC will be notified by NTED to complete and print the appropriate *Course Review and Approval Request Form* (Appendix D), and send it with all required training materials to NTED which will conduct a review to ensure the training course and materials include the following:

- 1. Mission Area** - The submitting entity will identify the mission area(s) of the course and materials submitted. The following mission areas will be used as defined in the National Preparedness Guidelines and supported by the TCL: Common, Prevent, Protect, Respond, and/or Recover.
- 2. Target Audience** - The submitting entity will identify the target audience(s) of the course and materials submitted. The following list of disciplines should be used: fire service, law enforcement, emergency management, emergency medical services, hazardous materials, public works, public health, health care, public safety communications, governmental administrative, cyber security, agriculture security, food security, private security.
- 3. Level of Training** - The submitting entity for all *Response* area training will identify the level(s) of training of the course and materials submitted. Each submission must be identified as Awareness, Performance-Defensive (OSHA Operations), Performance-Offensive (OSHA Technician), OSHA Specialist, Planning/Management (OSHA Incident Command) Levels.
- 4. Program of Instruction (POI)/Course Design Document (CDD)** - The POI or CDD is an outline, or matrix, of the course content. It addresses the scope of the training, course learning objectives, duration of the training (broken down by module, session, or lesson), resource requirements, instructor to student ratio, and an evaluation strategy. These items are not all-inclusive, but are the minimum categories that should be addressed.
- 5. Training Support Package (TSP)** - The TSP is all of the materials associated with the delivery of the training course. Items that should be in the TSP are as follows:
 - a. Instructor Guide/Instructor Outline/Instructor Lesson Plans** - The published instructor material that contains course text and special instructor notes that provides the information to deliver the material.

- b. Participant Manual/Guide/Workbook** - The published student material that contains the supporting information in booklet, electronic, or handout form that the participant has available for reference.
 - c. Audio/Visual Support Materials** - Any audio/visual components that are part of any learning module, session, lesson or that supports the overall training being delivered.
 - d. Special Support Materials** - Any descriptions of practical exercises, table-top exercises, hands-on exercises or other material that supports the learning objectives.
- 6. Module/Session/Lesson Content** – Training courses should be designed based on a building block approach. Each sub-component in the course should be titled as a module, session, or lesson. Regardless of the title, each module, session, or lesson, should have a Lesson Administration Page (LAP) that outlines the following:
- a. Scope Statement** - A brief description of the content of the module, session, or lesson.
 - b. Terminal Learning Objective(s) (TLO)** - An action verb statement that outlines what the student is expected to learn or be capable of performing at the conclusion of the module, session, or lesson. There should be only one TLO per module, session, or lesson.
 - c. Enabling Learning Objectives (ELO)** - Enabling learning objectives are the incremental learning objectives that support the TLO. There should be at least one ELO per module, session, or lesson. Each ELO must be a measurable performance statement that enables the student to demonstrate achievement of the TLO.
 - d. Resource List** - A listing of the resources needed to successfully accomplish the module, session, or lesson.
 - e. Instructor to Student Ratio** - The instructor to student requirement for successful presentation of the material (e.g., 1:25).
 - f. Reference List** - A listing of all reference materials used to develop the module, session, or lesson. This information may also be included as a bibliography.
 - g. Practical Exercise Statement** - This describes any practical exercises and exercise objectives associated with the module, session, or lesson.
 - h. Evaluation Strategy** - This defines the strategy to used to evaluate the participants' level of success upon completion of the module, session, or lesson (e.g., written and/or performance tests or assessments).

Once the package is verified to be complete, the request for approval of the course and supporting materials will be forwarded for the Initial Review. This will begin Phase III.

Incomplete submissions will not be reviewed. The submitting SAA/TPOC or Federal POC will be contacted about the incompleteness with the potential of all materials being returned. If the course and supporting materials are returned, the process will be suspended. Once the course and supporting materials are re-submitted the process will restart at Phase II.

Phase III - Initial Review (completeness and course redundancy check)

An NTED representative will inventory and log all provided materials into the NTED Training Approval Tracking System, Web-Forms.

The NTED representative will perform the Initial Review of the materials submitted and compare them to NTED standards. This will be completed within five (5) working days of receipt and will be documented on the Initial Review Form (Appendix E).

The Initial Review will also document that the following information is included in the submission:

- Mission Area
- Target Audience
- Level of Training
- Program of Instruction (POI)/Course Design Document (CDD)
- Training Support Package (TSP)
- Module/Session/Lesson Content

If all of the above information is included, the NTED representative will forward the Request for Course Review and Approval form with supporting curriculum and materials to appropriate Independent Third Party Subject Matter Experts (SMEs) (Phase IV). The SMEs will have the subject matter expertise to review the content and materials for appropriateness and accuracy.

Incomplete submissions or courses deemed redundant will not be reviewed. The submitting SAA/TPOC or Federal agency POC will be contacted about the incompleteness or redundancy with the potential of all materials being returned. If the course and supporting materials are returned, the process will be suspended. Once the course and supporting materials are re-submitted the process will restart at Phase II.

Phase IV - Independent Third Party Review

Independent Third Party SMEs will be assigned to provide detailed course content and materials review. The SMEs will normally complete the course review within 30 working days from the receipt of the course materials. For training courses that

require on-site review the period may be extended up to 60 days. This determination will be made by the NTED representative.

The SMEs will determine the accuracy and appropriateness of the course content and materials. The SMEs will perform an additional review of course materials with the aid of an Independent Third Party Review Scorecard (Appendix F) to determine if the course content and materials are consistent with NTED standards and contains the following information:

Training Support Package (TSP)

- Instructor Guide/Instructor Outline/Instructor Lesson Plans
- Participant Manual/Guide/Workbook
- Audio/Visual Support Materials
- Special Support Materials

Module/Session/Lesson Content

- Scope Statement
- Terminal Learning Objectives (TLO)
- Enabling Learning Objectives (ELO)
- Resource List
- Instructor to Participant Ratio
- Reference List
- Practical Exercise Statement
- Evaluation Strategy

Incomplete submissions will not be reviewed. The submitting SAA/TPOC or Federal POC will be contacted about the incompleteness and be asked to submit the missing materials. While waiting for the missing materials to be sent to the GPD PA the process will be suspended. Missing materials must be submitted within six months of submission; if they are not received, the TPOC or Federal POC must resubmit a new TSP. Once the supporting materials are re-submitted the process will restart at Phase II.

Upon completion of the review, the SMEs will submit a recommendation to the NTED representative for approval or denial of the course and materials. All supporting information will be documented on the Course Evaluation, Observations, and Findings form. A filled out example is in Appendix G. Upon receipt of this information, the NTED representative will begin Phase V of the process.

Phase V - Notification of Results

This Phase begins upon receipt of the completed Course Evaluation, Observations, and Findings from the SMEs by the NTED representative.

The NTED representative will review the SMEs findings and will produce a Report of Review. The representative will notify the GPD Program Analyst (PA) and the appropriate SAA/TPOC or Federal agency POC of the outcome and provide either the letter of approval or disapproval. Notification of results will be completed within five (5) working days from receipt of the Course Evaluation Observations and Findings. Approved courses will be added to the appropriate catalog (Approved State Sponsored Course Catalog or Approved Federal Sponsored Course Catalog).

For questions or additional guidance in submitting a course, please email NTED at: FirstResponderTraining@dhs.gov

States, territories, and urban areas intending to use GPD funds to develop non-TEI provided training must insure these courses support NPD/GPD mission scope of preparing state and local personnel to prevent, respond to, and recover from acts of terrorism or catastrophic events and where applicable meet the following guidelines, policies, regulations, and standards:

1. ODP Emergency Responder Guidelines
2. ODP Homeland Security Guidelines for Prevention and Deterrence
3. TEI Strategy for Blended Learning
4. 29 Code of Federal Regulation (CFR)1910.120.q, Emergency Response Program to Hazardous Substance Releases
5. 29 CFR 1910.134, Respiratory Protection
6. National Fire Protection Association (NFPA) 471, Recommended Practice for Responding to Hazardous Materials Incidents
7. NFPA 472, Professional Competence of Responders to Hazardous Materials Incidents
8. NFPA 473, Standard for Competencies for EMS Personnel Responding to Hazardous Materials Incidents
9. NFPA 1600, Standard on Disaster/Emergency Management and Business Continuity Programs 2004, specifically Chapter 5, section 5.12
10. Comport with applicable federal, state, and/or local certification, regulatory, and policy requirements deemed appropriate for this type and level of training.
11. Build additional capabilities that 1) meet a specific need identified through the homeland security assessment process, and 2) comport with the State or Urban Area Homeland Security Strategy
12. The funds for this course are used to supplement, not supplant, existing funds that have been appropriated for the same purpose

In addition, this course will follow accepted principles of instructional systems design such as the Planning, Analysis, Design, Development, Implementation, and Evaluation (PADDIE) model or equivalent methodologies.

By submitting this form, I certify, to the best of my knowledge, that this course will meet the above applicable guidelines, standards, and regulations and adhere to the NPD/GPD's mission of preparing for, responding to, and recovering from acts of terrorism and catastrophic events. GPD grant funds can be used to support costs associated with the course development and review process, provided that the state, territory, or urban area abides by TEI/TO procedures. However, if the course is disapproved as part of the course review process, no additional GPD grant funds can be dedicated to the delivery of the course.

Course Title or Proposed Course Title:

Mission Area:

Level of the Course:

Length of Course (in hours):

Newly Developed Course or Existing Course: New Existing

(If an existing course, include (1) information on where the course was developed, (2) by what agency, and (3) where it has been delivered)

- ▶ [Addition \(State-Sponsored\)](#)
- ▶ [Addition \(Federal-Sponsored\)](#)
- ▶ [VTEP Participation](#)
- ▶ [VTEP Training](#)

Is this course substantially different from those offered in the TEI/TO Provided Course Catalog, State-Sponsored Course Catalog, or Federal-Sponsored Course Catalog?

Y N

How does this course work toward achievement of the State and Urban Area Homeland Security Strategy?

Administration

- ▶ [Manage Federal Catalog](#)
- ▶ [Manage State Catalog](#)
- ▶ [Manage VTEP Catalog](#)
- ▶ [Upload PDFs](#)

How does this course comply with the components of the National Incident Management System (NIMS)?

Resources

- ▶ [Administrator Guide](#)
- ▶ [Course Review and Approval Process](#)

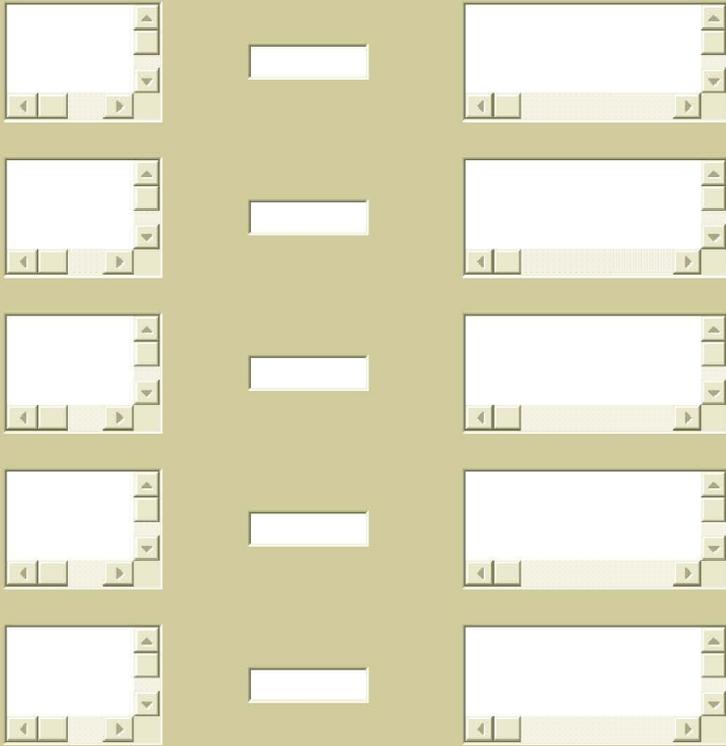

How will your state/territory institutionalize this course after GPD funding?

Through what entity will the course be offered (academy, training center, community college, etc)? Specify exact location:

Point of Contact (Person in the requesting agency to contact for clarification, further information, additional questions) and contact information including name, address, email, and phone number(s):

List Terminal and Enabling Objectives addressed:

Module/Lesson	Objective Type (terminal or enabling)	Objective
		
		
		
		
		

The following basic elements are required before submission will be accepted.

Federal POC Review: Does the submitted course and related materials:

- Y N Specifically deal with terrorism incidents or catastrophic events

- Y N Comply with 29 CFR 1910.120.q, Emergency Response Program to Hazardous Substance Releases (as applicable).

- Y N Comply with the ODP Emergency Responder Guidelines (as applicable).

- Y N Comply with the ODP Prevention and Deterrence Guidelines (as applicable).

Y N Demonstrate identifiable linkages to the Universal Task List (UTL) and Target Capabilities List (TCL)

Y N Indicate the Level of Training

Y N Include a Program of Instruction (POI)/Syllabus

Y N Include the contents of the Training Support Package (TSP)

Y N Include the sub-components of the Module/Session/Lesson Content

(State and Federal Sponsored Courses)**

August 2011

Independent Third Party Review Scorecard

	Acceptable 2	Marginal 1	Unacceptable 0	COMMENTS	SCORE
TSP Instructor Guide/ Instructor Outline/Instructor Lesson Plans	Contains all the information needed to conduct the course, exercises and evaluations.	Contains the majority of the information needed to conduct the course, exercises and evaluations.	The information is insufficient to teach the course.		
TSP Participant Manual/Participant Guide/Participant Workbook	The information contained is described in detail, appropriate, and well articulated.	Some of the supporting information is incomplete or needs additional clarification.	The majority of the supporting information is out dated or irrelevant.		
TSP Audio/Visual Support Materials	A/V materials are of good quality, comprehensively described, and consistent with learning objectives.	A/V materials are of good quality, consistent with learning objectives but incomplete.	A/V materials are of poor quality, non-existent or are not consistent with learning objectives.		
TSP Special Support Materials	Exercise(s) materials are professionally done, comprehensive, and focused on achievement of the learning objective.	Exercise(s) materials are incomplete but address the learning objective.	Exercise(s) materials do not support the achievement of the learning objective.		

	Acceptable 2	Marginal 1	Unacceptable 0	COMMENTS	SCORE
Module/Session/Lesson Content Scope Statement	Description of the module is comprehensive, defines expectations and accomplishments, and is consistent with the stated training level.	Description of the module is consistent with the stated training level but the information is not readily identifiable or does not define expectations and accomplishments.	Course provides no description of module scope.		
Module/Session/Lesson Content Terminal Learning Objective (TLO)	TLO is clear, uses action verbs and directly supports the course goal. It is referenced and complies and/or supports applicable standards, and the UTL and TCL.	TLO is clear as to what the participant is expected to learn but does not support the stated course goal or verbs are not measurable -or- Statements are included that could qualify as a TLO but are not identified as such.	TLO or similar statements are not provided or are present but do not support and/or comply with the UTL, TCL, Guidelines, or applicable standards.		
Module/Session/Lesson Content Enabling Learning Objectives (ELO)	ELO are clear, measurable, support the TLO and support and/or comply with the UTL, TCL, Guidelines and applicable standards.	ELO support the TLO but verbs are not measurable -or- ELO are present but no TLO is listed to tie the ELO together -or- Statements are included that could qualify as ELO but are not identified as such.	ELO or similar statements are not provided -or- ELO are present but do not support a listed TLO and/or do not comply with the UTL, TCL, Guidelines and applicable standards.		
Module/Session/Lesson Content Resource List(s)	Resource List(s) are comprehensive and consistent with materials needed to accomplish all objectives.	Resource List(s) is complete enough to accomplish most objectives.	Resource List(s) are either not present or lack the understanding of the resources needed to accomplish the objectives.		

	Acceptable 2	Marginal 1	Unacceptable 0	COMMENTS	SCORE
Module/Session/Lesson Content Instructor to Participant Ratio	The ratio of instructors to participants is appropriate for this level of training and objectives.	The ratio of instructors to participants indicates that the instructors will be challenged in their effectiveness of delivery.	There is no instructor to participant ratio listed or the ratio is inappropriate for the level of training and objectives.		
Module/Session/Lesson Content Reference List(s)	Reference List(s) are comprehensive and consistent with the materials needed to accomplish all objectives.	Reference List(s) are incomplete with gaps in resources needed to accomplish some objectives.	Reference List(s) are not present or suggest lack of understanding of resources needed to accomplish the objectives.		
Module/Session/Lesson Content Practical Exercise(s) Statement	Practical exercise(s) descriptions are appropriate, complete, sufficient, and professionally developed.	Practical exercise(s) descriptions are incomplete but address most objectives.	Practical exercise(s) description is missing major elements and features and lacks an understanding of assessments needed to evaluate training.		
Module/Session/Lesson Content Evaluation Strategy	Test(s) of performance or competence are appropriate, complete, sufficient, and professionally developed.	Test(s) of performance or competence are incomplete or inconsistent with some objectives.	Test(s) descriptions are missing major elements and features or lack an understanding of assessments needed to evaluate training.		

APPENDIX G: Course Evaluation, Observations, and Findings Example

**Federal Emergency Management Agency
National Preparedness Directorate
National Training and Education Division (NTED)**

**Course Review and Approval Process
(State and Federal Sponsored Courses)**

August 2011

- Special Support Materials – (2) Acceptable, Practical exercises, written materials, tabletop exercises, and evaluation materials are consistent with course goal and course objective.

Module/Session/Lesson Content

- Scope Statement – (0) Unacceptable, not definable in the module.
- Terminal Learning Objective – (0) Unacceptable, no definable Terminal Learning Objective based upon listed objectives in the module.
- Enabling Learning Objectives – (1) Marginal, module has Course objectives that need to be measurable (i.e., “Understand”) but are consistent with what a course terminal objective would be if it was present.
- Resource Lists – (0) Unacceptable, there are no resource requirements listed for each module individually.
- Instructor to Participant Ratio – (0) Unacceptable, there are no instructor-to-student ratios identified for each module or the course.
- Reference Lists – (0) Unacceptable, unable to find a definable Reference List.
- Practical Exercise(s) Statement – (0) Unacceptable, there is none.
- Evaluation Strategy – (0) Unacceptable, there is not one listed.
