

A. USING NIMSCAST REPORTS

NIMSCAST provides three different types of reports to aid users in understanding their NIMSCAST assessments:

- **Account/User reports:** NIMSCAST provides several report options that allows users to view account and sub-account user information and statistics and rollup statuses by accounts.
- **Single account reports:** NIMSCAST provides several report options that provide a detailed look at assessment information related to a single account.
- **Rollup reports:** Rollup reports provide aggregated assessment information for all sub-accounts. If you do not have sub-accounts, this option is not available.

To access NIMSCAST reports:

Step 1: Verify that you are in the correct account by reviewing the account string located near the top of the page.

Step 2: Click the **Reports** link in the Navigation menu.

Step 3: Select the appropriate report type and criteria for reports.

See the *NIMSCAST Users Guide* for additional information on NIMSCAST reports including information on reports for the 2005-2006 assessment years.

B. ACCOUNT/USER REPORTS

NIMSCAST allows users to view three reports to show user and account information:

<i>Accounts & Users</i>	Displays a hierarchy of accounts and user contact information.
<i>Accounts Needing to Roll Up</i>	Displays a list of sub-accounts in the current account's hierarchy that either have completed the assessment and have not rolled up or updated an already rolled up assessment and need to roll up again.
<i>Account Statistics</i>	Displays a list of statistical information for a primary account and the sub-accounts below it in the hierarchy.

C. SINGLE ACCOUNT ASSESSMENT REPORTS

Users can run reports for assessments from a specific account. The following single account assessment reports are available for fiscal years 2007 and later.

<i>Summary of Assessment</i>	Displays a summary of the score totals for each assessment section and a detail of the response statuses for each Implementation Objective.
<i>Comprehensive Report</i>	Displays the assessment metrics with the responses to each Implementation Objective.
<i>Comprehensive Report by Section</i>	Displays the assessment metrics with the responses to a specified Implementation Objective.
<i>Compare Snapshots</i>	Displays the differences between two different data snapshots. The report only displays metric responses where differences occur. The report highlights differences for easy identification.
<i>Compare Snapshots by Section</i>	Displays the differences between two different data snapshots for a specific section. The report only displays metric responses where differences occur. The report highlights differences for easy identification.
<i>Corrective Action Plans</i>	Displays the CAPs within an account's data set, and the account's administrator contact information (email and phone).

<i>NIMS Implementation Objective Progress Report</i>	Displays a comparison of implementation activities between two module years.

D. ROLLUP ASSESSMENT REPORTS

Rollup reports allow administrative users to view one or multiple sub-account reports as a comprehensive report. The following chart describes the rollup reports that are available to administrative users of accounts that have a single or multiple levels of sub-accounts for fiscal years 2007 and later.

<i>Rollup Aggregated Responses</i>	Displays the totals assigned to each Implementation Objective for the selected sub-accounts' most recent rollup submittal.
<i>Multiple Rollup Aggregated Responses</i>	Displays the aggregated Implementation Objective responses for each of the selected sub-account's most recent rollup submittals. The results are aggregated by first level sub-accounts and their subsequent accounts.
<i>Rollup Corrective Action Plans</i>	Displays the CAPs for the selected sub-account's most recent rollup submittals.
<i>Rollup Implementation Status by Objective</i>	Displays an aggregated summary of the Implementation Objectives for the selected sub-accounts' most recent rollup submittals.
<i>NIMS Implementation Status by Jurisdiction Type</i>	Displays the status of Implementation Objectives grouped by Jurisdiction Type.
<i>Point of Contact (POC) Report</i>	Displays the POCs for the selected sub-accounts' most recent rollup submittals.
<i>NIMS Training Report</i>	Displays the NIMS training metrics for the selected sub-accounts' most recent rollup submittals.
<i>NIMS Implementation Map Report</i>	Displays via an interactive map NIMS Implementation metrics for State or local accounts by year and section. The map shows color-coded county-level completion statuses. Summary information for each county displays when the mouse hovers over the county.
