Staffing for Adequate Fire and Emergency Response (SAFER)

Recruitment and Retention Activity - Fire Departments

SAFER Recruitment and Retention Grants

Grant Application Get Ready Guide 2013

Prepare for your grant application today

The Assistance to Firefighters Grant (AFG) Program's Staffing for Adequate Fire and Emergency Response (SAFER) application period will be opening soon. This handy guide will give you a kick-start in preparing your grant application to thoroughly answer all the grant application questions.

The purpose of the Recruitment and Retention Grants is to assist fire departments and/or national, state, local, or tribal organizations that represent the interests of volunteer firefighters with the recruitment and retention of volunteer firefighters who are involved with, or trained in, the operations of firefighting and emergency response. These grants are intended to create a net increase in the number of trained, certified, and competent firefighters capable of safely responding to emergencies within the grantee's geographic response area.

Department Information – Fire Departments should use this section to start gathering information that will be required for the application so you are ready when the application period opens. National, state, local, or tribal volunteer interest organizations should review the information in the corresponding Get Ready Guide.

- Ideal number of **active volunteer firefighters** needed to adequately comply with the NFPA standard your department is attempting to meet
- Current number of **active volunteer firefighters** in your department
- Current total number of volunteer members (operational and administrative) in your department
- Number of **active volunteer firefighters** that joined your department over the last three years
- Number of **active volunteer firefighters** that left your department over the last three years

Be prepared to thoroughly explain, document, and provide background information on the following five areas as part of your Narrative Statement:

- Project Description
- Impact on Daily Operations
- Financial Need
- Cost Benefit
- Performance

Answering the following questions within each of the above five areas will help you formulate a comprehensive Narrative Statement:

Project Description

- How will you use the grant funds?
- How will recruitment of new volunteer firefighters or retention of current volunteer firefighters impact your operational needs or capabilities?
- What is the specific benefit these firefighters will provide to your department(s) or community?
- What are the department's recruitment or retention problems or issues, and how will the activities being requested address those needs?
- What is the specific goal of your recruitment and/or retention plan, and how will it be implemented?
- If the grant will have a regional impact, provide specific information about which activities are part of the regional request and which activities are exclusive to a host applicant.

Impact on Daily Operations

- How are your community and firefighters at risk?
- To what extent will the risk(s) be reduced if the department is awarded a grant?

Financial Need

- What is your current organizational budget?
- Why do you need federal financial assistance?
- What other funding actions have you taken to fund your R&R needs?

Cost Benefit

- What benefit(s) will your department or your community realize if the project described is funded (e.g., anticipated savings and/or efficiencies)?
- Is there a high benefit for the cost incurred? Are the costs reasonable?
- Provide justification for the budget items relating to the cost of the requested items.

Performance

- If applicable, do you have a proven track record for timely project completion and satisfactory performance in other AFG, FP&S, and SAFER Awards?

System for Award Management (SAM) (replaced Central Contractor Registration (CCR))

What is the purpose of SAM?

The System for Award Management (SAM) is a Federal Government owned and operated free Web site that consolidates the capabilities in CCR/FedReg, ORCA, and EPLS. Future phases of SAM will add the capabilities of other systems used in Federal procurement and awards processes.

Per 2 CFR Part 25, all grant applicants **MUST** have an active current SAM registration status at the time of application and throughout the duration of any federal award. Therefore, **in order to receive a SAFER grant award**, applicants **MUST** be registered and have up-to-date information in the on-line System for Award Management or SAM (SAM.gov). SAM registration is FREE of charge and is required of all Federal awardees.

Former CCR Registrants

If you had an active record in CCR, you have an active record in SAM. However, you will still be required to "register" your entity in SAM. The entity is the name of your organization; all entities must create an account in SAM. You can search for registered entities in SAM by typing the DUNS number or business name into the search box. Banking information, EIN number, organization/entity name, address, and DUNS number provided in your SAFER application **MUST** match the information that you provided in SAM.gov.

The SAFER application process also involves applicants confirming they have an updated and current registration in SAM, which must be confirmed at <https://www.sam.gov/portal/public/SAM/>.

- A DUNS number is required to apply for a grant and to register in SAM.
- SAM registration is required to be awarded a grant.
- If your city or governing organization has a DUNS number, check to see if it is registered in SAM and if the SAM number is current.
- Banking information, EIN number, organization/entity name, address, and DUNS number provided in your SAFER application **MUST** match the information that you provided in SAM.gov.
- **Important: SAM registrants must renew their registration annually to maintain an active status.** SAM will send notifications to the registered user via email 60, 30, and 15 days prior to expiration of the record.

Additional information on System for Award Management (SAM) Account Registration for AFG Awardees can be found at <http://www.fema.gov/rules-tools/system-award-management>.

For information regarding [SAM.gov](http://www.sam.gov) security, see the SAM security vulnerability FAQs or call the Fed Info hotline at 1-800-FED-INFO (1-800-333-4636). For technical questions about [SAM.gov](http://www.sam.gov) registration and user records, go to www.fsd.gov.

Coming Soon: Watch the AFG Web site www.fema.gov/firegrants for the SAFER Self-Evaluation tool that will help you rate your own SAFER Application Narrative.
