

## **Are you receiving FEMA Text Messages?**

Today, we are connected and have direct access to information through the Internet including social media, mobile services and more. This technology allows us to receive timely information and have the ability to check on loved ones quickly. Best of all, in most cases, these technology mediums are able to get around disruptions brought on by emergencies.

FEMA sends text message updates to help you before an emergency even happens (standard message and data rates apply).

- To sign up to receive monthly preparedness tips: text PREPARE to 43362 (FEMA)
- To unsubscribe (at any time): text STOP to 43362 (FEMA)
