## CONTINUITY PLAN TEMPLATE

This Continuity Plan Template provides a framework for creating a viable continuity plan and focuses on the key continuity planning elements as addressed in Federal Continuity Directive 1 (FCD 1), *Federal Executive Branch National Continuity Program and Requirements*, February 2008, and Continuity Guidance Circular 1 (CGC 1), *Continuity Guidance for Non-Federal Entities (States, Territories, Tribal, and Local Government Jurisdictions and Private Sector Organizations)*, dated January 21, 2009.

The template structure follows the traditional functional Emergency Operations Plan format detailed in the Federal Emergency Management Agency (FEMA) National Preparedness Directorate's Comprehensive Preparedness Guide 101, *Developing and Maintaining State, Territorial, Tribal, and Local Government Emergency Plans*, dated March 2009. By following the format presented in this template, organizations will ensure that their continuity plans address the key planning elements that support effective continuity operations during today's all-hazards environment.

An electronic version of this document, in portable document format (PDF) is available on the FEMA website (<http://www.fema.gov/about/org/ncp/coop/templates.shtm>). To request a Microsoft® Word version please contact the National Continuity Programs, Continuity of Operations Division via e-mail at [FEMA-NCP-Federal-Continuity@dhs.gov](mailto:FEMA-NCP-Federal-Continuity@dhs.gov) (for Federal entities) or [FEMA-STTLContinuity@dhs.gov](mailto:FEMA-STTLContinuity@dhs.gov) (for non-Federal entities).

Additionally, for more specific guidance related to continuity plan development the following two resources also are available on the website: (1) *Continuity of Operations Plan Template and Instructions for Federal Departments and Agencies*, dated February 2011 and (2) *Continuity Plan Template and Instructions for Non-Federal Entities*, dated February 2011.
