Green River Basin Planning Workshop

FEMA

“In most years, flooding causes more deaths and damage than any other hydro meteorological phenomena. In many years it is common for three-quarters of all Federally declared disaster declarations to be due, at least in part, to flooding.”

– National Weather Service

Green River Basin King County Washington

The Green River Valley is the 2nd largest wholesale distribution center in the West Coast.

There are approximately 984 Businesses with 113,632 Employees of federal, state, local and private industry that may be affected during a flood. Largest employers:

- Boeing Space Center
- REI Corporate HQ
- Starbucks Roasting Plant
- Sysco Food Distributors Puget Sound Regional Center
- Hexcel, Cascade Gasket (Aircraft parts suppliers to Boeing)
- Alaska Airlines Reservations and Sales Call Center

FEMA

Life saving and life sustaining efforts will be the primary mission of disaster operations.

Historical projections indicate that multiple river basins will likely flood at the same time limiting FEMA resources.

Current damage estimates based on HAZUS modeling.

Low income residents may comprise up to 67% of the Green River Valley residents affected by flooding.

Pet and Livestock Sheltering may require USDA/APHIS support.

NW wholesale and retail food chains may be affected requiring commodities support missions.
