

NIMS Implementation

Tips of the Week

ICS-400

Mid-level management personnel should take ICS-400, as the course material applies to those who will serve in:

- Command staff;
- General staff;
- Select Department Heads with MAC duties;
- Area commanders;
- Emergency Managers; and
- Multi-agency Coordination System/Emergency Operations Center Managers.

Of course, Federal, State, territory, tribal, and local agency/organization/jurisdiction reserve the right to make the final decision as to who should complete ICS-400.

As a Tier 2 requirement this year, failure to complete ICS-400 training in FY 2007 does not constitute non-compliance *this* year.
