Grant Programs Directorate

Homeland Security Grant Program Overview

One of the core missions of the Department of Homeland Security (DHS) is to enhance the ability of state, territory, tribal and local governments to prevent, protect against, respond to and recover from potential terrorist attacks and other hazards. FEMA's comprehensive suite of grant programs is an important part of the Administration's larger, coordinated effort to strengthen homeland security preparedness for the risks associated with potential terrorist attacks and other hazards. These programs implement objectives addressed in a series of post-9/11 laws, strategy documents, plans and Homeland Security Presidential Directives (HSPDs).

The Homeland Security Grant Program (HSGP) is comprised of five related grant programs:

- State Homeland Security Program (SHSP)
- Urban Areas Security Initiative (UASI)
- Operation Stonegarden (OPSG)
- Metropolitan Medical Response System (MMRS)
- Citizen Corps Program (CCP)

State Homeland Security Program (SHSP)

Total Funding Available in FY 2010: \$842,000,000

Purpose: This core assistance program provides funds to build capabilities at the state and local levels and to implement the goals and objectives included in state homeland security strategies. Consistent with the *Implementing Recommendations of the 9/11 Act of 2007* (Public Law 110-53) (9/11 Act), states are required to ensure that at least 25 percent of SHSP appropriated funds are dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise and equipment activities, including those activities which support the development and operation of fusion centers.

Eligible Applicants: Eligible entities for SHSP were all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands and the U.S. Virgin Islands.

Program Awards: Funds were allocated based on two factors: DHS' risk methodology and minimum amounts as legislatively mandated.

Urban Areas Security Initiative (UASI) Program

Total Funding Available in FY 2010: \$832,520,000

Purpose: The UASI program focuses on enhancing regional preparedness in major metropolitan areas. The UASI program directly supports the National Priority on expanding regional collaboration in the *National Preparedness Guidelines* and is intended to assist participating jurisdictions in developing integrated regional systems for prevention, protection, response and recovery. Consistent with the 9/11 Act, states are required to ensure that at least 25 percent of UASI appropriated funds are dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise and equipment activities, including those activities which support the development and operation of fusion centers.

Eligible Applicants: The 64 highest risk urban areas were eligible for funding under the FY 2010 UASI program.

Program Awards: The ten highest risk urban areas, designated Tier I Urban Areas, were eligible for \$524,487,600. The remaining 54 urban areas, designated Tier II Urban Areas, were eligible for \$308,032,400. Funds were allocated based on DHS' risk methodology and effectiveness.

Operation Stonegarden (OPSG)

Total Funding Available in FY 2010: \$60,000,000

Purpose: The intent of OPSG is to enhance cooperation and coordination among federal, state, territorial, tribal and local law enforcement agencies to secure the United States, to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

Eligible Applicants: Prospective recipients for OPSG funds included local units of government at the county level and federally-recognized tribal governments in the states bordering Canada (including Alaska), southern states bordering Mexico and states and territories with International water borders.

Program Awards: Funds were allocated based on risk-based prioritization using U.S. Customs and Border Protection's (CBP's) sector-specific border risk methodology to include, but not limited to: threat, vulnerability, miles of border, and other border-specific law enforcement intelligence. Each applicant's final funding allocation was determined using a combination of the results of the risk analysis and feasibility of FY 2010 Operations Orders.

Metropolitan Medical Response System (MMRS) Program

Total Funding Available in FY 2010: \$39,359,956

Purpose: The MMRS Program supports the integration of emergency management, health and medical systems into a coordinated response to mass casualty incidents

caused by any hazard. Successful MMRS grantees reduce the consequences of a mass casualty incident during the initial period of a response by having augmented existing local operational response systems before the incident occurs.

Eligible Applicants: As in previous years, 124 cities were eligible for MMRS funding.

Program Awards: Each of the 124 MMRS jurisdictions received \$317,419 to establish or sustain local capabilities.

Citizen Corps Program (CCP)

Total Funding Available in FY 2010: \$12,480,000

Purpose: The Citizen Corps mission is to bring community and government leaders together to coordinate community involvement in emergency preparedness, planning, mitigation, response and recovery.

Eligible Applicants: CCP eligibility mirrors that of SHSP: all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands and the U.S. Virgin Islands are eligible to receive CCP funds.

Program Awards: CCP allocations were determined using the *USA PATRIOT Act* formula, which specifies that all 50 states, the District of Columbia and the Commonwealth of Puerto Rico receive a minimum of 0.75 percent of the total available grant funding, and that four territories (American Samoa, Guam, Northern Mariana Islands and the U.S. Virgin Islands) receive a minimum of 0.25 percent of the total available grant funding. The balance of CCP funds were distributed on a population-share basis. In addition to CCP allocations, states and urban areas are encouraged to fully leverage HSGP resources to accomplish the Citizen Corps mission.

Tribal Homeland Security Grant Program Overview

Total Funding Available in FY 2010: \$10,000,000

Purpose: To provide funding to directly eligible tribes to help strengthen the nation against risks associated with potential terrorist attacks and other hazards. Pursuant to the 9/11 Act, “a directly eligible tribe applying for a grant under section 2004 [SHSP] shall designate an individual to serve as a tribal liaison with [DHS] and other federal, state, local and regional government officials concerning preventing, preparing for, protecting against and responding to acts of terrorism.”

Eligible Applicants: Per the 9/11 Act, a “directly eligible tribe” is defined as —
(A) any Indian tribe—

- (i) that is located in the continental United States;
- (ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;
- (iii)
 - (I) that is located on or near an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters;
 - (II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) or has such a system or asset within its territory;
 - (III) that is located within or contiguous to 1 of the 50 most populous metropolitan statistical areas in the United States; or
 - (IV) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and
- (iv) that certifies to the Secretary that a state has not provided funds under section 2003 or 2004 to the Indian tribe or consortium of Indian tribes for the purpose for which direct funding is sought; and

(B) a consortium of Indian tribes, if each tribe satisfies the requirements of subparagraph (A).

In summary, eligible tribes must meet the requirements set forth in (A) (i), and (A) (ii), and (A) (iv). Tribes must also meet one of the requirements set forth in (A) (iii); either (A) (iii) (I), or (A) (iii) (II), or (A) (iii) (III), or (A) (iii) (IV). Finally, (B) may also be satisfied, if each tribe satisfies the requirements of subparagraph (A).

Program Awards: Funds were allocated based on two factors: tribal eligibility (per the 9/11 Act) and the effectiveness of the applicant’s THSGP Investment Justification (as determined through a peer review process). The peer review process assessed the completeness, adherence to programmatic guidelines, and the anticipated effectiveness of the proposed investments within each Investment Justification.

UASI Nonprofit Security Grant Program Overview

Total Funding Available in FY 2010: \$19,000,000

Purpose: UASI NSGP provides funding support for target-hardening activities to nonprofit organizations that are at high risk of a terrorist attack and are located within one of the specific UASI-eligible urban areas.

Eligible Applicants: Eligible nonprofit organizations (as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code) that are at high risk of a terrorist attack and are located within one of the specific UASI-eligible urban areas were able to apply for funding through their State Administrative Agency (SAA).

Program Awards: Applications were reviewed through a two-phased Federal and state review process and awarded competitively based on how well the proposed target hardening activity addressed the prevention of, protection against, and/or mitigation of the identified risk, adherence to programmatic guidelines, and feasibility.

Regional Catastrophic Preparedness Grant Program Overview

Total Funding Available in FY 2010: \$33,600,000

Purpose: The purpose of RCPGP is to enhance catastrophic incident preparedness in the pre-designated eleven (11) Urban Areas Security Initiative (UASI) Urban Areas within the ten (10) RCPGP sites that received funding under RCPGP in the FY 2009 grant cycle. RCPGP is intended to support coordination of regional all-hazard planning for catastrophic events, including the development of integrated planning communities, plans, protocols and procedures to manage a catastrophic event. The focus of RCPGP expanded in FY 2010 to focus on additional elements of the preparedness cycle by addressing the need to train, exercise, evaluate and improve their plans to meet the needs of their region. The deliverables from RCPGP will be made available throughout the country to enhance national resilience.

Eligible Applicants: Eligible applicants under FY 2010 RCPGP included the pre-designated eleven (11) Urban Areas Security Initiative (UASI) Urban Areas within the ten (10) RCPGP sites that received funding under RCPGP in the FY 2009 grant cycle.

Program Awards: FY 2010 RCPGP funds were allocated to each of the pre-designated eleven (11) Urban Areas Security Initiative (UASI) Urban Areas within the ten (10) RCPGP sites that received funding under RCPGP in the FY 2009 grant cycle provided their application met the minimum standards specified for FY 2010.
