Homeland Security Preparedness Grant Programs Overview

One of the core missions of the Department of Homeland Security (DHS) is to enhance the ability of state, territory, local, and tribal governments to prevent, protect against, respond to, and recover from terrorist attacks and other disasters. DHS' comprehensive suite of homeland security preparedness grant programs are an important part of the Administration's larger, coordinated effort to strengthen homeland security preparedness. These programs implement objectives addressed in a series of post-9/11 laws, strategy documents, plans, and Homeland Security Presidential Directives (HSPDs).

DHS grant programs fund a wide range of preparedness activities including planning, organization, equipment purchase, training, exercises, and grant management and administration costs. These programs support key Administration priorities and objectives, as well as objectives outlined in the *National Preparedness Guidelines* and related national preparedness doctrine, such as the *National Incident Management System*, the *National Response Framework*, and the *National Infrastructure Protection Plan*.

Following is a summary of the DHS grant programs. The following pages outline greater details and background information with respect to these programs.

Homeland Security Grant Program (HSGP)

The Fiscal Year (FY) 2011 Homeland Security Grant Program (HSGP) provides a primary funding mechanism for building and sustaining national preparedness capabilities. HSGP is comprised of five interconnected grant programs:

- State Homeland Security Program (SHSP)
- Urban Areas Security Initiative (UASI)
- Operation Stonegarden (OPSG)
- Metropolitan Medical Response System (MMRS)
- Citizen Corps Program (CCP)

Homeland Security Grant Program Overview Funding Distribution – FY 2010 and FY 2011

Program	FY 2010	FY 2011
State Homeland Security Program	\$842,000,000	\$526,874,100
Urban Areas Security Initiative	\$832,520,000	\$662,622,100
Operation Stonegarden	\$60,000,000	\$54,890,000
Metropolitan Medical Response System	\$39,359,956	\$34,929,932
Citizen Corps Program	\$12,480,000	\$9,980,000
Total	\$1,786,359,956	\$1,289,296,132

Together, these grant programs fund a range of preparedness activities, including planning, organization, equipment purchase, training, exercises, and management and administration.

State Homeland Security Program (SHSP)

Total Funding Allocated in FY 2011: \$526,874,100

Purpose: SHSP provides funding to support the implementation of State Homeland Security Strategies to address the identified planning, organization, equipment, training, and exercise needs at the state and local levels to prevent, protect against, respond to, and recover from acts of terrorism and other catastrophic events. Consistent with the *Implementing Recommendations of the 9/11 Act of 2007* (Public Law 110-53) (“hereafter “9/11 Act”), states are required to ensure that at least 25 percent (25%) of SHSP appropriated funds are dedicated towards law enforcement terrorism prevention-oriented planning, organization, training, exercise, and equipment activities, including those activities which support the development of fusion center capabilities.

Eligible Applicants: The State Administrative Agency (SAA) was the only entity eligible to apply to FEMA for SHSP funds. Recipients include all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands.

Program Awards: FY 2011 SHSP allocations were made based on three factors: minimum amounts as legislatively mandated, DHS’ risk methodology, and effectiveness. Each state and territory received a minimum allocation under SHSP using the

thresholds established in the 9/11 Act. All 50 states, the District of Columbia, and Puerto Rico received 0.355 percent of the total funds allocated for grants under Section 2004 of the *Homeland Security Act of 2002* (6 U.S.C. §101 *et seq.*), as amended by the 9/11 Act. Four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) received a minimum allocation of 0.08 percent of the total funds allocated for grants under Section 2004 of the *Homeland Security Act of 2002*, as amended by the 9/11 Act. Per the 9/11 Act, states were required to ensure that at least 25 percent (25%) of SHSP appropriated funds are dedicated towards law enforcement terrorism prevention activities.

Urban Areas Security Initiative (UASI) Program

Total Funding Allocated in FY 2011: \$662,622,100

Purpose: The UASI Program provides funding to address the unique planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas, and assists them in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from acts of terrorism. Per the 9/11 Act, states are required to ensure that at least 25 percent (25%) of UASI appropriated funds are dedicated towards law enforcement terrorism prevention activities.

Eligible Applicants: The SAA was the only entity eligible to apply to FEMA for UASI funds. The 31 high risk urban areas eligible for funding are the recipients under the FY 2011 UASI program.

Program Awards: The 11 highest risk urban areas, designated Tier I urban areas, were eligible for \$540,696,100. The remaining 20 high risk urban Areas, designated Tier II urban areas, were eligible for \$121,926,000. Funds were allocated based on DHS' risk methodology and effectiveness.

Operation Stonegarden (OPSG)

Total Funding Allocated in FY 2011: \$54,890,000

Purpose: The OPSG Program provides funding to enhance cooperation and coordination among local, tribal, territorial, state, and federal law enforcement agencies in a joint mission to secure the United States' borders along routes of ingress from international borders to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

Eligible Applicants: The SAA was the only entity eligible to apply to FEMA for OPSG funds. Local units of government at the county level and federally-recognized tribal governments in the states bordering Canada (including Alaska), southern states bordering Mexico, and states and territories with International water borders are the recipients of FY 2011 OPSG funds through their SAA.

Program Awards: FY 2011 OPSG allocations were made competitively to designated localities within U.S. border states based on risk analysis and the anticipated feasibility and effectiveness of proposed investments by the applicants.

Metropolitan Medical Response System (MMRS) Program

Total Funding Allocated in FY 2011: \$34,929,932

Purpose: The MMRS Program provides funding to support the integration of emergency management, health, and medical systems into a coordinated response to mass casualty incidents caused by any hazard. Successful MMRS grantees reduce the consequences of a mass casualty incident during the initial period of a response by having augmented existing local operational response systems before an incident occurs.

Eligible Applicants: The SAA was the only entity eligible to apply to FEMA for MMRS funds. The 124 MMRS jurisdictions eligible for funding are the recipients under the FY 2011 MMRS Program.

Program Awards: Each of the 124 MMRS jurisdictions received \$281,693 to establish or sustain local capabilities.

Citizen Corps Program (CCP)

Total Funding Allocated in FY 2011: \$9,980,000

Purpose: CCP provides funding to bring community and government leaders together to coordinate the involvement of community members and organizations in emergency preparedness, planning, mitigation, response, and recovery.

Eligible Applicants: The SAA was the only entity eligible to apply to FEMA for CCP funds. Recipients for the CCP include all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands.

Program Awards: FY 2011 CCP allocations were determined using a formula, which specifies that all 50 states, the District of Columbia, and the Commonwealth of Puerto Rico received a minimum of 0.75 percent (.75%) of the total available grant funding, and that four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) received a minimum of 0.25 percent (.25%) of the total available grant funding. The balance of CCP funds were distributed on a population basis. In addition to CCP allocations, states and urban areas are encouraged to fully leverage HSGP resources to accomplish the Citizen Corps mission.

Emergency Management Performance Grants (EMPG) Program

Total Funding Allocated in FY 2011: \$329,040,400

Purpose: The purpose of the FY 2011 EMPG Program is to make grants to states to assist state, local, tribal and territorial governments in preparing for all hazards, as authorized by the *Robert T. Stafford Disaster Relief and Emergency Assistance Act* (42 U.S.C. 5121 et seq.). Title VI of the *Stafford Act* authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life

and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the federal government and the states and their political subdivisions. The federal government, through the EMPG Program, provides necessary direction, coordination, and guidance, and provides necessary assistance, as authorized in this title so that a comprehensive emergency preparedness system exists for all hazards.

Eligible Applicants: The SAA or the state's Emergency Management Agency (EMA) was the only entity eligible to apply to FEMA for EMPG Program funds on behalf of state and local emergency management agencies, however only one application was accepted from each state or territory. All 56 states and territories, as well as the Republic of the Marshall Islands, and the Federated States of Micronesia, were eligible to apply for FY 2011 EMPG Program funds.

Program Awards: FY 2011 EMPG Program allocation methodology dictates that all 50 states, the District of Columbia, and the Commonwealth of Puerto Rico received a base amount of 0.75 percent (.75%) of the total available grant funding. Four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) received a base amount of 0.25 percent (.25%) of the total available grant funding. The balance of EMPG Program funds were distributed on a population-match basis. Pursuant to Article X of the Federal Programs and Services Agreement of the Compact of Free Association authorized by Public Law 108-188, funds were available for the Federated States of Micronesia, and for the Republic of the Marshall Islands.

EMPG has a 50 percent federal and 50 percent state cost share, cash or in-kind match requirement

Tribal Homeland Security Grant Program (THSGP)

Total Funding Allocated in FY 2011: \$10,000,000

Purpose: THSGP provides funding directly to eligible tribes to help strengthen the nation against risks associated with potential terrorist attacks and other hazards.

Eligible Applicants: Per the 9/11 Act, a "directly eligible tribe" is defined as —

(A) any Indian tribe—

- (i) that is located in the continental United States;
- (ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;
- (iii)
 - (I) that is located on or near an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters;
 - (II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) or has such a system or asset within its territory;
 - (III) that is located within or contiguous to 1 of the 50 most populous metropolitan statistical areas in the United States; or

- (IV) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and
- (iv) that certifies to the Secretary that a state has not provided funds under section 2003 or 2004 to the Indian tribe or consortium of Indian tribes for the purpose for which direct funding is sought; and

(B) a consortium of Indian tribes, if each tribe satisfies the requirements of subparagraph (A).

In summary, eligible tribes must meet the requirements set forth in (A) (i), and (A) (ii), and (A) (iv). Tribes must also meet one of the requirements set forth in (A) (iii); either (A) (iii) (I), or (A) (iii) (II), or (A) (iii) (III), or (A) (iii) (IV). Finally, (B) may also be satisfied, if each tribe satisfies the requirements of subparagraph (A).

Program Awards: FY 2011 THSGP funds were allocated based on two factors: tribal eligibility per the 9/11 Act (self-certified) and the effectiveness of the applicant's THSGP Investment Justification (as determined through a peer review process).

Nonprofit Security Grant Program (NSGP)

Total Funding Allocated in FY 2011: \$18,962,000

Purpose: NSGP provides funding support for target hardening activities to nonprofit organizations that are at high risk of a terrorist attack and located within one of the specific FY 2011 UASI-eligible urban areas.

Eligible Applicants: The SAA was the only entity eligible to apply to FEMA for NSGP funds. Eligible nonprofit organizations (as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code) that are at high risk of a terrorist attack and are located within one of the specific FY 2011 UASI-eligible urban areas are eligible for funding through their SAA.

Program Awards: FY 2011 NSGP funds were allocated based on risk analysis, effectiveness, and integration with broader state and local preparedness efforts. Each nonprofit organization was able to apply through their SAA for up to a \$75,000 grant award.

Regional Catastrophic Preparedness Grant Program (RCPGP)

Total Funding Allocated in FY 2011: \$14,101,736

Purpose: RCPGP provides funding to enhance catastrophic incident preparedness in selected RCPGP sites. RCPGP is intended to support coordination of regional all-hazard planning for catastrophic events, including the development of integrated planning communities, plans, protocols, and procedures to manage a catastrophic event. In FY 2011, RCPGP focused on demonstrating the progress made by the 10 RCPGP sites, identifying remaining gaps, and implementing the Whole Community

Philosophy, which ensures the engagement of the entire community in the planning process. Grantees were also encouraged to focus on improving catastrophic plans already under development through the use of a “meta-scenario” that draws from the largest planning factors contained within the hazards previously identified by the site as the basis for their planning efforts. Finally, these funds will be used to complete efforts initiated under previous RCPGP awards. The program deliverables submitted from RCPGP grantees were made available throughout the country to enhance national resilience.

Eligible Applicants: The SAA was the only entity eligible to apply to FEMA for RCPGP funds. The Governor of each state and territory is required to designate a SAA to apply for and administer the funds allocated under RCPGP. Eligible recipients under the FY 2011 RCPGP include the existing Regional Catastrophic Planning Teams and associated sites.

Program Awards: FY 2011 RCPGP funds were allocated through a single non-competitive award to each of the existing Regional Catastrophic Planning Teams and associated sites, provided their applications meet the minimum standards specified for FY 2011.

RCPGP has a 75 percent (75%) Federal and 25 percent (25%) grantee cost share cash- or in-kind match requirement.

Emergency Operations Center (EOC) Grant Program

Total Funding Allocated in FY 2011: \$14,601,740

Purpose: EOC Grant Program provides funding to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable EOCs with a focus on addressing identified deficiencies and needs. This program provides funding for construction or renovation of a state, local, or tribal government’s primary EOC. Fully capable emergency operations facilities at the state and local levels are an essential element of a comprehensive national emergency management system and are necessary to ensure continuity of operations and continuity of government in major disasters caused by any hazard.

Eligible Applicants: All 56 states and territories were eligible to apply for FY 2011 EOC Grant Program funds through their SAA. The Governor of each state and territory is required to designate a SAA to apply for and administer the funds awarded under the FY 2011 EOC Grant Program. The SAA was the only eligible entity able to apply for the available funding on behalf of each eligible state, local, and tribal government’s primary EOC.

Program Awards: FY 2011 EOC Grant Program funds were allocated competitively for construction or renovation of a state, local or tribal government’s primary EOC.

The EOC Grant Program has a 75 percent (75%) Federal and 25 percent (25%) grantee cash- or in-kind cost match requirement.

Driver's License Security Grant Program (DLSGP)

Total Funding Allocated in FY 2011: \$45,188,000

Purpose: The DLSGP provides funding to prevent terrorism, reduce fraud and improve the reliability and accuracy of personal identification documents that states¹ issue. The DLSGP is intended to address a key recommendation of the 9/11 Commission to improve the integrity and security of state-issued driver's licenses (DLs) and identification cards (IDs). States are encouraged to work collectively to develop more secure systems to verify an applicant's identity before issuing a DL or ID that can be accepted for official purposes.

Eligible Applicants: Eligible applicants under the FY 2011 DLSGP were State Driver's License Agencies (SDLAs), also known as state Departments of Motor Vehicles (DMVs) or Motor Vehicle Administrations (MVAs). Other eligible applicants include state Public Safety Agencies or Departments with overall responsibility for drivers' license issuance in the state. These agencies were able to apply on behalf of the state DMV/MVA.

Program Awards: FY 2011 DLSGP funds were allocated to 48 states and territories that applied for funds. For the purposes of this grant, states were grouped into four categories based upon the number of DLs/IDs issued. Final determinations for awards were based upon applications received as well as the results of a FEMA Grant Programs Directorate and DHS Office of Policy review.

Freight Rail Security Grant Program (FRSGP)

Total Funding Allocated in FY 2011: \$7,745,544

Purpose: FRSGP provides funding to freight railroad carriers, owners and offerors of railroad cars, and owners of rail bridges to protect critical surface transportation infrastructure from acts of terrorism and to increase the resilience of the freight rail system.

Eligible Applicants: Eligible applicants for the FY 2011 FRSGP were determined by DHS as Class I, II, and III freight railroad carriers that transport Rail Security-Sensitive Materials (RSSM), owners and offerors of railroad cars that transport toxic inhalation hazardous (TIH) materials, and owners of rail bridges that have a volume exceeding 4.9 Million Gross Ton Miles (MGTM). For purposes of this grant program, "offerors" were entities that lease rail cars in order to ship TIH materials by railroad.

Program Awards: FY 2011 FRSGP funds were allocated competitively based on their ability to deliver protection to rail bridges and other high-risk assets, provide counter-terrorism training, or develop security plans and vulnerability assessments.

¹ For purposes of the *REAL ID Act*, "State" is defined at sec. 201(5) as "a State of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, the Trust Territory of the Pacific Islands, and any other territory or possession of the United States." This package refers to all 56 States, the District of Columbia and territories as "States."

FRSGP has a 75 percent (75%) federal and 25 percent (25%) grantee cost match (cash- or in-kind) requirement. Vulnerability assessments and security plans were exempt from this cost match requirement.

Intercity Passenger Rail (IPR) - Amtrak

Total Funding Allocated in FY 2011: \$22,214,456

Purpose: The IPR Program creates a sustainable, risk-based effort to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and increase the resilience of the Amtrak rail system.

Eligible Applicants: The eligible applicant under the FY 2011 IPR Program was the National Passenger Railroad Corporation (Amtrak). Amtrak was the only entity eligible to apply for funding under FY 2011 IPR. DHS partnered with Amtrak to develop security enhancements for eligible intercity passenger rail operations in all eligible UASI areas Amtrak passes through or services.

Port Security Grant Program (PSGP)

Total Funding Allocated in FY 2011: \$235,029,000

Purpose: PSGP provides funding for transportation infrastructure security activities to implement Area Maritime Transportation Security Plans and facility security plans among port authorities, facility operators, and state and local government agencies required to provide port security services. The purpose of the FY 2011 PSGP is to support increased port-wide risk management; enhanced domain awareness; training and exercises; expansion of port recovery and resiliency capabilities; and further capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices (IEDs) and other non-conventional weapons.

Eligible Applicants: Seven port areas have been selected as Group I (highest risk) and 48 port areas have been selected as Group II. Ports not identified in Group I or II were eligible to apply as a Group III or "All Other Port Areas" applicant. Ferry Systems in Group I and II can apply through the designated Fiduciary Agent (FA). All other Ferry Systems should apply with the Group III and "All Other Port Areas." Ports that qualify under the "All Other Port Areas" category that were located within Group I, II or III areas were allowed to receive grant funds from their geographically proximate higher group if the project has regional impact across the entire port area, but not from both funding groups for the same project.

Certain ferry systems were eligible to participate in the FY 2011 PSGP and receive funds. However, any ferry system electing to participate and receive funds under the FY 2011 PSGP cannot participate in the FY 2011 Transit Security Grant Program (TSGP), and were not considered for funding under the FY 2011 TSGP. Likewise, any ferry system that participated in the TSGP cannot be considered for funding under the PSGP.

Program Awards: Each Group I and Group II port area has been designated a specific amount of money based upon the FY 2011 risk analysis. Group III and “All Other Port Areas” competed for the funding identified in their corresponding group.

Intercity Bus Security Grant Program (IBSGP)

Total Funding Allocated in FY 2011: \$4,990,000

Purpose: IBSGP provides funding to create a sustainable program for the protection of intercity bus systems and the traveling public from terrorism. The program seeks to assist operators of fixed-route intercity and charter bus services in obtaining the resources required to support security measures such as enhanced planning, facility security upgrades and vehicle and driver protection.

Eligible Applicants: Eligible applicants under the FY 2011 IBSGP were operators of fixed route intercity and charter buses that serve FY 2011 UASI-eligible urban areas. Charter companies must make a minimum of 50 trips annually to one or more UASI jurisdictions to be eligible. The tier designations used in prior years were eliminated for FY 2011 applicants; all operators that meet the basic eligibility criteria were able to apply.

Program Awards: Bus companies competed for funds irrespective of their size and without the use of a tier system. Recipients were selected through a competitive process based on the ratings of the National Review Panel.

IBSGP has a 75 percent (75%) federal and 25 percent (25%) grantee cost match (cash- or in-kind) requirement.

Transit Security Grant Program (TSGP)

Total Funding Allocated in FY 2011: \$200,079,000

Purpose: TSGP provides funds to owners and operators of transit systems (which include intracity bus, commuter bus, ferries, and all forms of passenger rail) to protect critical surface transportation infrastructure and the traveling public from acts of terrorism and to increase the resilience of transit infrastructure.

Eligible Applicants: Eligible transit agencies were determined based on daily unlinked passenger trips (ridership) and transit systems that serve historically eligible Urban Areas Security Initiative (UASI) jurisdictions. Certain ferry systems were eligible to participate in the FY 2011 TSGP and receive funds. However, any ferry system electing to participate and receive funds under the FY 2011 TSGP cannot participate in the FY 2011 Port Security Grant Program (PSGP), and were not considered for funding under the FY 2011 PSGP. Likewise, any ferry system that participates in the PSGP cannot be considered for funding under the TSGP.

Program Awards: DHS focused available transit security grant dollars on the highest-risk systems through a competitive process.

DHS identified Operational Deterrence projects as the top funding priority for FY 2011 TSGP. In addition, DHS identified critical infrastructure assets of national concern through the Top Transit Asset List (TTAL). Critical infrastructure assets were those vital to the functionality and continuity of a major transit system and their incapacitation or destruction would have a debilitating effect on security, national economic security, public health or safety, or any combination thereof. With the creation of the TTAL, DHS can now target funding to the remediation of those assets on the list in an informed and risk-based approach.

DHS also identified priority project types and placed them into groups based on their effectiveness to reduce risk. These groups were prioritized based upon departmental priorities and their ability to strengthen security on a system-wide level, to strengthen security to critical infrastructure assets, and to reduce the risk of catastrophic events and consequences.
