

FY 2011 Tribal Homeland Security Grant Program (THSGP) Investment Justification Template Introduction

As part of the FY 2011 application, Tribes are required to use this Microsoft Excel-based THSGP Investment Justification (IJ) template to apply for THSGP funding.

Eligible applicants must submit the THSGP Investment Justification as part of the overall application submission through the ND Grants system, located at <https://portal.fema.gov>, no later than **11:59 p.m. Eastern Daylight Time (EDT), June 20, 2011**.

For FY 2011, THSGP applicants may include up to 3 Investments as part of their IJ submission. Applicants are also required to complete the THSGP Eligibility Certification form. **The Eligibility Certification form, and three blank Investments appear as four separate “tabs” at the bottom of your Excel window. Select one tab at a time to complete your application. If only one or two Investment are used, the unused Investment tab(s) should remain blank. At a minimum, the Certification Form and one Investment should be completed.**

When completing the IJ, it is recommended that tribes use the name of the tribe as listed in the Federal Register: <http://www.bia.gov/idc/groups/xraca/documents/text/idc011463.pdf>.

New Self-Certification of Eligibility Criteria:

In FY 2011, applicants must self-certify as to whether they meet the eligibility requirements. Self-certification will be provided on the THSGP Eligibility Certification Form located in this Investment Justification. Any questions regarding an applicant's proximity to a Critical Infrastructure and Key Structures (CI/KR) site, as described the eligibility criteria, may be directed to the State Administrative Agency (SAA).

If using Excel 2007, applicants are required to save the final version of the IJ in the Excel 97-2003 format before submitting. Excel 2007 or PDF formats cannot be accepted. Instructions on saving the IJ template in the Excel 97-2003 format are below in the “Helpful Hints” section.

Helpful Hints:

Security Warning:

When opening the IJ template, some users may see a note that says "Security Warning: some active content has been disabled." Click on the [Options ...] button next to the message, select "Enable this content," then click on the [OK] button. If this is not done, the text boxes may not function properly.

Moving Through the Investment Justification:

While entering information in the IJ template, applicants should try to minimize the use of the Tab and Enter keys to move between data entry fields. As the template consists of a combination of text boxes and cells, using these keys may cause the cursor to move to an undesired location.

Copying & Pasting in the Investment Justification:

Some applicants may find it helpful to begin drafting their IJ information in MS Word and then pasting this into the Excel-based template. However, please be aware that, when copying and pasting information from Word into the text boxes in the template, any formatting will not carry over. Also, right-clicking in the text boxes in Excel will not provide the usual pop-up menu where you can select Cut, Copy, Paste, or any of the usual such options. To copy from a text box, users must select the text, then use the [Edit] menu in Excel 2003 or the [Home] tab in Excel 2007 and select [Copy]. To paste data into a text box, click in the text box, then use the [Edit] menu in Excel 2003 or the [Home] tab in Excel 2007 and select [Paste].

FY 2011 Tribal Homeland Security Grant Program (THSGP) Investment Justification Template Introduction

Character Count:

The data entry fields included in the IJ allow for the maximum number of characters noted for that section, plus an additional number of characters to account for spaces. Once that limit has been reached, users will not be able to include any additional text.

Spell Check:

When using Spell Check in MS Excel, it will not review information entered into the data entry boxes. Therefore, it is suggested that applicants use MS Word to ensure that the entered information is spelled correctly. To use Spell Check in MS Word:

In MS Word 2003

- a) Click on the [Tools] menu
- b) Select [Spelling] and all spelling issues will be displayed

In MS Word 2007

- a) Click on the [Review] tab near the top of the screen
- b) Click on [Spelling & Grammar] and all spelling issues will be displayed

Saving in Excel 97-2003 Format:

As stated above, if using Excel 2007 to complete the IJ template, applicants are required to save the final version in the Excel 97-2003 format before submitting. To do that:

- a) Click on the Office Button at the top left of the Excel window
- b) Hover over [Save As] in the list
- c) Click on [Excel 97-2003 Workbook]
- d) In the "Save As" Window, chose a location and file name for the new file.

To begin entering information into the IJ, click on the "Eligibility" tab below.
