PROVISIONAL TOPOGRAPHIC ELEVATION CONTOUR MAP

Hancock and Harrison Counties, MS

Date of Map: December 15, 2005

Map Number: MS-I11

Data Sources:
Aerial Imagery: USDA - National Agriculture Imagery Program, 2004
Topographic Data: The NOAA Coastal Services Center purchased the Hancock County and Jackson County data from ESDA. The Hancock and Harrison County data were obtained from the State of Mississippi and the Harrison County data from ESDI International, and permitted these data to be used by FEMA in the Hurricane Katrina recovery mapping effort.

Notes:
2 These data have not been verified and may contain errors. Elevation contours may not represent the true ground surface in some locations. This is due to artifacts of LIDAR data collection, such as trees and buildings, and/or erroneous prior data. The final verified data will be available in late December 2005 or January 2006 from the NOAA Coastal Services Center.

For further information on advisory flood zones and variable rates, please see http://www.fEMA.gov/hazard/flash/insurance/flash-technical/index.html.

TOPOGRAPHIC DATA PRESENTED IN THESE MAPS ARE PROVISIONAL AND HAVE NOT BEEN VERIFIED.

For insurance rating purposes, refer to the currently effective Flood Insurance Rate Map (FIRM), available from your local government or the FEMa Map Service Center (1-800-358-9616). http://msm.fema.gov/
