

GENERAL CHANGE ENDORSEMENT

The NFIP General Change Endorsement form cannot be used to renew, extend, or change a policy term. However, the General Change Endorsement form, or a similar form for WYO companies, can be used to make certain types of coverage and rating changes or corrections to existing policy data.

I. ENDORSEMENT RULES

A. Coverage Endorsements

1. Additional Coverage or Increase in Amount of Insurance

Added coverage, or an increase in the amount of insurance, is permitted at any time during a policy term. The additional premium is calculated pro rata for the balance of the policy term, at either the rate in effect on the endorsement effective date or the rate in effect on the policy effective date, in accordance with each WYO company's standard business practice. (See Examples 1 through 4 at the end of this section.) Refer to the General Rules section, page GR 8, for the applicable waiting period.

2. Reduction of Insurance

A reduction in the amount of *building* insurance *cannot* be made unless part of the building has been removed, which reduces the building's value to less than the amount of the building insurance, or a current appraisal or cost estimate is provided which shows that the building's current coverage amount is higher than the estimated replacement cost of the building. (See Example 6 at the end of this section.)

A reduction in the amount of *contents* insurance *cannot* be made unless some of the contents have been sold or removed, which reduces the contents' value to less than the amount of the contents insurance.

3. Removal of a Coverage

There is no return premium for the removal of building or contents coverage unless the property is no longer at the described location or the property of the policyholder. (See Example 5 at the end of this section.)

B. Rating Endorsements

1. Rate Reduction

It is not permissible to revise a policy's rating during a policy term, due to a rate decrease, unless the effective date of the rate change is prior to the policy's effective date.

2. Rating Error

The NFIP rules require that the policy must be in effect in order to process refunds.

a. Current Term Refunds

Corrections will be allowed for only the current year for failure of the WYO company or NFIP Direct to:

- Use the map grandfather rule.
- Use the V-Zone Risk Factor Rating Form. The endorsement effective date is either the date the V-Zone Risk Factor Rating Form was certified or the effective date of the current policy year, whichever is later.
- Make a timely revision of alternative rates (rates used for Pre-FIRM rated risks where the zone is unknown).
- Use Post-FIRM rating for a Pre-FIRM structure. The refund will be processed if the insured provides an Elevation Certificate. The endorsement effective date is the effective date of the current policy year.
- Use an Elevation Certificate on Post-FIRM buildings rated using "Without Certification of Compliance or Elevation Certificate" for Zones AO and AH, or "No Elevation Certificate or No Estimated BFE" for Unnumbered A Zone. The endorsement effective date is the effective date of the current policy term.

b. Current and One Prior Term Refunds

Premium refunds will be allowed for the current and 1 prior policy year when an incorrect flood zone and/or Base Flood

Elevation was used at the time the policy was issued and the current FIRM shows a more hazardous zone or higher Base Flood Elevation.

3. Revision of an Alternative Rating

Alternative rating is used to compute the premium on a Renewal Notice following conversion of a community from the Emergency Program to the Regular Program. Alternative rates are also used by producers for the rating of Pre-FIRM construction. Alternative rating allows the producer and the policyholder 1 year to revise the rating, so a premium refund can be obtained from the renewal or inception date if it is determined that the insured property is located in a lower rated zone. During subsequent policy terms, such revisions may also be made effective with the start of the policy term.

4. Map Revision

A map change (reprinting, Letter of Map Amendment [LOMA], Letter of Map Revision [LOMR], or Letter of Determination Review [LODR]) may change the flood zone in which a property is located to a lower rated zone, or it may change the Base Flood Elevation. In such cases, the policy rating may be revised for the current and prior policy years if the change occurred prior to the current policy year.

When a community has been converted from the Emergency Program to the Regular Program, the policy rating may be revised to reflect the correct flood zone. However, no premium refund is allowed on premium previously paid.

C. Misrated Policy

Premium refunds will be allowed with proper documentation (see III.B.2.a.) going back a maximum of 6 calendar years when there was a misrating such as an incorrect building description, lowest floor elevation, community number, flood zone, or Base Flood Elevation, so long as the insured can provide proof of the misrating.

The flood zone and Base Flood Elevation can only be corrected using the current FIRM.

Any lapse in coverage does not extend the number of years the premium refund is allowed.

D. Conversion of Standard Rated Policy to PRP Due to Misrating or Map Revision

A policy written as a Standard B, C, or X Zone policy and later found to be eligible for a PRP may be endorsed or rewritten as a PRP for only the current policy term.

When the risk has been rated with other than B, C, or X Zone rates, but is later found to be in a B, C, or X Zone and eligible for a PRP, the writing company will be allowed to endorse or cancel/rewrite up to 6 years.

The policy may be canceled/rewritten using Cancellation Reason Code 22 if both of the following conditions are met:

- The request to endorse or cancel/rewrite the policy is received during the current policy term.
- The policy has no open claim or closed paid claim.

The new PRP building coverage will be equal either to the building limit issued under the Standard B, C, or X Zone policy or the next higher limit available under the PRP if there is no PRP option equal to the Standard B, C, or X Zone building limit.

E. Changing Deductibles

Increasing deductibles is permitted during the current policy term. (See Example 7 at the end of this section.) Deductibles cannot be reduced mid-term, unless required by the mortgagee and written authorization is provided by the mortgagee. A 30-day waiting period will apply unless the request to reduce the deductible is in connection with making, extending, or renewing a loan.

The ICC premium is not eligible for the deductible discount or surcharge. First calculate the deductible discount or surcharge, then add in the ICC premium, for each policy year.

F. Correcting Property Address

A policy cannot be endorsed to change the location. This includes relocation from one unit to another unit in the same building.

However, an erroneous address (e.g., through typographical error) can be corrected through endorsement. The agent must provide proof or a reasonable explanation for the error.

II. ENDORSEMENT PROCESSING PRIOR TO POLICY RENEWAL (NFIP DIRECT BUSINESS ONLY)

A. During Last 90 Days of Policy Term

1. If the premium payment for renewal of the policy has not already been processed by the NFIP, a General Change Endorsement processed will produce a revised Renewal Notice for the upcoming term.
2. If the original Renewal Notice has not been paid, the payor may use the revised Renewal Notice or subsequent Final Notice.

B. During Last 75 Days of Policy Term

1. If the original Renewal Notice *has not been paid*, the producer must submit the General Change Endorsement for the current policy term only and submit a renewal Application for the upcoming term. *A separate premium payment must be submitted for each transaction.* (The insured and/or mortgagee, if payor, should be advised not to pay the Renewal Notice or Final Notice when a renewal Application and premium have been submitted.)
2. If the original Renewal Notice *has been paid*, the producer must submit the General Change Endorsement together with any required additional premium for the renewal policy term and, if applicable, a separate General Change Endorsement and additional premium for the remainder of the current policy term. The effective date of the endorsement to increase coverage (up to the inflation factor) will be the "renewal date" only if the endorsement and additional premium are received within the 30-day grace period.

C. Refunds Generated from Endorsement Processing

The return premium is based on rates in effect on the effective date of the change or the policy effective date, in accordance with the WYO company's standard business practice. It is calculated by revising the rate, effective from the inception date of the current policy term, provided the inception date is on or after the community conversion date.

The Federal Policy Fee and Probation Surcharge (if applicable) are not subject to calculation of return premiums.

III. PREPARATION OF FORM

A. General Instructions

Endorsements are processed by submitting a completed General Change Endorsement form and proper documentation (see III.B.2.a.) to the writing company.

Instructions for completing the General Change Endorsement form are self-explanatory. The following items are of special note:

- The policy term cannot be changed. All calculations must reflect the policy term shown on the current declarations page.
- A geographic location must be given for a property. For example, the insured's mailing address may be shown as:

Route 4
Box 179
Danville, Ohio 43014

The property location should be completed as: Farmhouse on the north side of U.S. 70, 6 miles west of Danville, Ohio 43014.

- The contents location section should be completed if contents coverage is being added/deleted or if the location of the contents being insured within the described building has changed. Provide an explanation of the change of location in the description area of the section.
- The insured must sign and date the General Change Endorsement form whenever there is a request to reduce policy limits, make policy assignment, or change the agent of record.

B. Refund Processing Procedures

1. The current NFIP insurer (WYO Company or Direct Business) will be responsible for returning the premium for the current and prior policy year, provided that it was the insurer for that period. If another NFIP insurer was the insurer for the prior policy year, it will be responsible for returning the premium for that year. Agents submit requests to their carrier.
2. Requests for refunds for more than 2 years must be processed by the NFIP Bureau.
 - a. For requests processed by the Bureau, the current NFIP insurer must submit all of the documentation necessary to

make a refund for any period exceeding 2 years. At a minimum, this documentation will consist of the following:

- The company's statistical records or declarations pages for each policy term and evidence of premium payments obtained from the insured if these documents are not available from the company's records.
- An endorsement request for each year and the premium refund calculation for each year that the company had the policy.
- A Letter of Map Amendment (LOMA); a Letter of Map Revision (LOMR); a Letter of Determination Review (LODR); a copy of the most recent flood map marked to show the exact location and flood zone of the building; a letter indicating the exact location and flood zone of the building, and signed and dated by a local community official; an Elevation Certificate indicating the

exact location and flood zone of the building, and signed and dated by a surveyor, engineer, architect, or local community official; or a flood zone determination certification that guarantees the accuracy of the information.

- b. In order for the Bureau to process a refund request, the appropriate documentation must be mailed directly to the NFIP Bureau and Statistical Agent, Underwriting Department, P.O. Box 310, Lanham, MD 20703.
3. WYO Companies will be notified of the premium refunded and the Expense Allowance due to the NFIP. The companies must maintain this documentation as part of their underwriting files.
 4. Any lapse in coverage does not extend the number of years the premium refund is allowed.

The Bureau will return to the sender any unauthorized refund requests for more than 2 years.
