

POLICY RENEWALS

I. GENERAL INFORMATION

The Standard Flood Insurance Policy is not a continuous policy. Each policy contract expires at 12:01 a.m. on the last day of the policy term. Renewal of an expiring policy establishes a new policy term and new contractual agreement between the policyholder and the Federal Emergency Management Agency. The NFIP must issue a notice of expiration not less than 45 days before the expiration of the flood insurance policy by first class mail to the owner of the property, the servicer of any loan secured by the property, and (if known) the owner of the loan.

All policies, including Submit-for-Rate, must be renewed using the rates in effect on the renewal date.

Policy renewal documentation and premium should be submitted to the NFIP in advance of the policy expiration date to ensure there is no lapse in coverage. There are two ways to renew a policy written directly with the National Flood Insurance Program or WYO Company:

1. The producer should complete the **entire** Flood Insurance Application when recertifying or changing policy information, and mail it with the Total Prepaid Amount to the NFIP.

The 30-day waiting period applies when an additional amount of insurance requested at renewal time is higher than the amount listed on the renewal bill provided by the insurer. The beginning of the waiting period is determined by the standard rules.

OR

2. The payor should respond to a Renewal Notice by selecting an option shown on the direct mail notice and returning it with the Total Prepaid Amount to the NFIP.

II. RENEWAL NOTICE

All parties listed on the policy (insured, agent, mortgagees) are mailed a Renewal Notice 45 days prior to the policy expiration date. The party designated on the policy record as the payor receives the payor's copy of the bill; all other parties receive a copy that states "THIS IS NOT A BILL."

A. Renewing for the Same Coverage – Option A

Option A of the Renewal Notice shows current amounts of insurance and deductibles at the time the Renewal Notice is printed

B. Inflation Factor – Option B

Option B shows premium for amounts of insurance increased by an inflation factor of 10 percent for building coverage and 5 percent for contents coverage. The current deductible is used. For Preferred Risk Policies, Option B is the next higher coverage package available. There is no waiting period if Option B is chosen. The inflation option will be no higher than the replacement cost on record for that policy. If coverage higher than the current replacement cost on record is desired, updated replacement cost documentation must be submitted.

C. Nonrenewal and Cancellation

Renewal Notices will not be generated and policies will not be renewed for the following situations:

1. Building under construction
2. Tentatively rated policy
3. Suspended community
4. Provisional rating
5. Group Flood Insurance Policy
6. PRP ineligibility
7. Section 1316 property

However, in each of the situations above, any mortgagee named on the policy must be notified of the nonrenewal or cancellation, as required by the Mortgage Clause of the Standard Flood Insurance Policy (see General Conditions section, condition R). Within 5 days of the policy expiration date, an appropriately worded expiration notice must be sent to the mortgagee, with copies to the agent and the insured.

III. PREMIUM PAYMENT DUE

To ensure that the policy is renewed without a lapse in coverage, the premium must be received by the NFIP within 30 days after the expiration date. As an alternative, the premium can be mailed by certified mail within 30 days after the expiration date. The term "certified mail" has been broadened to include not only the U.S. Postal Service but also certain third-party delivery services. For details, see the paragraph following VIII.B.2. on page GR 8. Use the renewal date

plus 29 days to determine if the renewal premium was received within 30 days.

Renewal payments may also be paid by VISA, MasterCard, American Express, Discover, or Diners Club. Use the detachable payment stub at the bottom of the Renewal and Final Notices, or use the Credit Card Payment Form at the end of this section. The form is also available in the Forms Library on the NFIP Servicing Agent's web site at www.nfip-services.com. If a charge is declined, you will be notified by mail.

IV. FINAL NOTICE

If the premium payment is not received by the NFIP by the date of expiration, a Final Notice is produced. This notice is mailed to the producer, insured, and mortgagee. The expired policy will be reissued with a new effective date if the premium payment is not received by the NFIP within 30 days following the policy expiration date.

Mortgagee protection under the policy shall continue in force after the expiration of the policy for 30 days from the mailing date.

V. RENEWAL EFFECTIVE DATE DETERMINATION

Renewal dates are calculated as follows:

- If the Final Notice and the premium payment are received by the NFIP within 30 days following the expiration, the policy will be issued under the same policy number as the previous term, with no lapse in coverage. For example, if the policy expires on May 1, the Final Notice and premium payment must be received on or before May 30.
- If the Final Notice and the premium payment are received by the NFIP after the 30-day period, but within 90 days

following the expiration, the policy will be placed in force 30 days following receipt by the NFIP.

- If the Final Notice and the premium payment are received after 90 days following the expiration date, the agent must submit a new application with the full annual premium. The standard 30-day wait rules will apply.

VI. INSUFFICIENT RENEWAL INFORMATION

To generate Renewal Notices and Final Notices, the NFIP must have received acceptable application data. A Renewal Notice will not be generated in cases where a policy application has not been corrected prior to the start of a renewal cycle. Therefore, it is important that producers respond immediately to the requests for additional information.

VII. ENDORSEMENTS DURING RENEWAL CYCLE

Endorsements received at the NFIP within 75 days of the policy expiration date may not be reflected on the renewal bill. The producer should, therefore, ensure that the new policy is properly endorsed after renewal.

The producer should use a renewal application to ensure that all changes are reflected on the renewal.

VIII. SEVERE REPETITIVE LOSS PROPERTIES

All policy transactions for Severe Repetitive Loss (SRL) properties must be processed by the NFIP Special Direct Facility. See the SRL section of this manual for information.
