See 44 Code of Federal Regulation Part 10.

**Project Name/Number:** Radio Equipment House at Pointe A La Hache / PW 10629

**Project Location:** Behind Point A La Hache Old City Hall, Pointe A La Hache, Louisiana, Plaquemines Parish (N29.5784, W-89.79572)

**Project Description:** Project activities include removing and hauling destroyed radio and equipment house to a certified landfill. Hazard Mitigation will be achieved by upgrading to current codes and standards. Construct an elevated platform measuring 12' X 24' = 288 SF with a 20' X 8' = 160 SF equipment building consisting of a radio and generator room. The platform and building are to be engineered and constructed in accord with the standards established at the elevated platform at the radio tower behind the old Woodland School, and at the Buras Radio Tower west of the back levee.

## Documentation Requirements

- (Short version) All consultation and agreements implemented to comply with the National Historic Preservation Act, Endangered Species Act, and Executive Orders 11988, 11990 and 12898 are completed and no other laws apply. **(Review Concluded)**
- (Long version) All applicable laws and executive orders were reviewed. Additional information for compliance is attached to this REC.

Comments: 7/20/2006 - Historic review complete: Scope of work indicates ground disturbing activities associated with installation of a new elevated radio house platform in place of old platform. Upon consultation of SHPO data, there are no known archaeological sites within .25 miles of the project area and all work will occur within a previously disturbed area. Therefore scope of work meets Programmatic Agreement (12/3/2004) Allowance, Appendix A, Section 1, A. If during the course of work, archaeological artifacts (prehistoric or historic) or human remains are discovered, the applicant shall stop work in the vicinity of the discovery and take all reasonable measures to avoid or minimize harm to the finds. The applicant shall inform their Public Assistance (PA) contacts at FEMA, who will in turn contact FEMA'S Historic Preservation Staff. The applicant will not proceed with work until FEMA'S Historic Preservation Staff have completed consultation with the Louisiana State Historic Preservation Officer (SHPO). In addition, if unmarked graves are present, compliance with the Louisiana Unmarked Human Burial Sites Preservation Act (R.S. 8:671 et seq.) is required. The applicant shall notify the law enforcement agency of the jurisdiction where the remains are located within twenty-four hours of the discovery. The applicant shall also notify FEMA and the Louisiana Unmarked Burial Sites Board (call the Louisiana Division of Archeology at 225-342-8170) within seventy-two hours of the discovery. Failure to comply with these stipulations may jeopardize receipt of FEMA funding. - Katherine Zeringue, Historic Preservation Specialist/Archaeologist

**IV. Extraordinary Circumstances**

Based on the review of compliance with other environmental laws and Executive Orders, and in consideration of other environmental factors, review the project for extraordinary circumstances.

\* A "Yes" under any circumstance may require an Environmental Assessment (EA) with the exception of (ii) which should be applied in conjunction with controversy on an environmental issue. If the circumstance can be mitigated, please explain in comments. If no, leave blank.

**Yes**

- (i) Greater scope or size than normally experienced for a particular category of action
- (ii) Actions with a high level of public controversy
- (iii) Potential for degradation, even though slight, of already existing poor environmental conditions;
- (iv) Employment of unproven technology with potential adverse effects or actions involving unique or unknown environmental risks;
- (v) Presence of endangered or threatened species or their critical habitat, or archaeological, cultural, historical or other protected resources;
- (vi) Presence of hazardous or toxic substances at levels which exceed Federal, state or local regulations or standards requiring action or attention;
- (vii) Actions with the potential to affect special status areas adversely or other critical resources such as wetlands, coastal zones, wildlife refuge and wilderness areas, wild and scenic rivers, sole or principal drinking water aquifers;
- (viii) Potential for adverse effects on health or safety; and
- (ix) Potential to violate a federal, state, local or tribal law or requirement imposed for the protection of the environment.

- (x) Potential for significant cumulative impact when the proposed action is combined with other past, present and reasonably foreseeable future actions, even though the impacts of the proposed action may not be significant by themselves.
