

Norfolk Lowers Flood Insurance Premiums

Release Date: June 13, 2017

PHILADELPHIA – Residents of the City of Norfolk, Virginia have received a reduction in their flood insurance premiums through increase of various floodplain management measures encouraged by the National Flood Insurance Program ([NFIP](#)).

The Federal Emergency Management Agency ([FEMA](#)) oversees the NFIP, which administers a program called the Community Rating System ([CRS](#)). The CRS is a voluntary incentive program that recognizes and encourages community floodplain management activities that exceed minimum NFIP requirements. The program includes 10 different class rating levels based on the number and type of activities voluntarily initiated by the participating community. Each level corresponds to a percentage discount on National Flood Insurance policy premiums within the municipality.

As a member of the Community Rating System, Norfolk is within an elite group of 25 Virginia communities that have received this recognition. With the continued steps taken by Norfolk to protect its citizens and increase its resiliency, it has moved from a Class 9 to a Class 8 Community Rating System participant. The Class 8 rating qualifies eligible National Flood Insurance Program policy holders in the City for an average of \$66.00 in savings on their annual premiums. In total, the upgrade in class rating level accounts for a total savings of \$791,754 annually for citizens of Norfolk; an increase of \$373,758 from Class 9.

Under the CRS, local officials are asked to meet three goals: (1) reduce flood losses; (2) facilitate accurate insurance rating; and (3) promote the awareness of flood insurance. Communities can earn a CRS rating by submitting an application explaining the projects they have in place or development. Once the information is verified and approved, FEMA provides flood insurance premium discounts through the NFIP. The amount of a property owner's policy discount is based on the community's CRS rating.

For each Class that a community moves up to, it provides its residents with an additional 5% reduction in their flood insurance premiums up to the 45% reduction that a Class 1 community receives. As a Class 8 community, Norfolk enables its residents to receive a 10% reduction on their flood insurance premiums.

For information about flood insurance, property owners should contact their insurance agent, visit floodsmart.gov, or call the NFIP's toll-free information line at 800-427-4661. To learn more about the CRS, visit <https://www.fema.gov/national-flood-insurance-program-community-rating-system>.

FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards. FEMA Region III's jurisdiction includes Delaware, the District of Columbia, Maryland, Pennsylvania, Virginia and West Virginia.
